society's ongoing conversation about what it means to be a female athlete or a woman working in sport. It is an ideal textbook for adoption in interdisciplinary courses that focus on women and gender studies in sport. *Constitutional Crossroads* Kate Puddister, Emmett Macfarlane, 2022-12-01 Four decades have passed since the adoption of the Constitution Act 1982. Now it is time to assess its legacy. As *Constitutional Crossroads* makes clear, the 1982 constitutional package raises a host of questions about a number of important issues including identity and pluralism, the scope and limits of rights, competing constitutional visions, the relationship between the state and Indigenous peoples, and the nature of constitutional change. This collection brings together an impressive assembly of established and rising stars of political science and law who not only provide a robust account of the 1982 reform but also analyze the ensuing scholarship that has shaped our understanding of the Constitution. Contributors bypass historical description to offer reflective analyses of different aspects of Canada's constitution as it is understood in the twenty-first century. With a focus on the themes of rights, reconciliation, and constitutional change, *Constitutional Crossroads* provides profound insights into institutional relationships, public policy, and the state of the fields of law and politics. **Laying the Foundations** Marcus J. Wishart, Satoru Ueda, John D. Pisaniello, Joanne L. Tingey-Holyoak, Esteban Boj García, 2020-12-03 Dam safety is central to public protection and economic security. However, the world has an aging portfolio of large dams with growing downstream populations and rapid urbanization placing dual pressures on these important infrastructures to provide increased services and to do it more safely. To meet the challenge, countries need legal and institutional frameworks that are fit for purpose and can ensure the safety of dams. Such frameworks enable dams to provide water supplies to meet domestic and industrial demands, support power generation, improve food security, and bolster resilience to floods and droughts, helping to build safer communities. *Laying the Foundations: A Global Analysis of Regulatory Frameworks for the Safety of Dams and Downstream Communities* is a systematic review of dam regimes from a diverse set of 51 countries with varying economic, political, and cultural circumstances. These case studies inform a continuum of legal, institutional, technical, and financial options for sustainable dam safety assurance. The findings from the comparative analysis will inform decisionmakers about the merits of different options for dam safety and help them systematically develop the most effective approaches for the country context. By identifying the essential elements of good practices guided by portfolio characteristics, this tool can help identify gaps in existing legal, institutional, technical, and financial frameworks to enhance the regulatory regime for ensuring the safety of dams and downstream communities. *Inglorious Pedagogy* Keren Dali, Kim M. Thompson, 2023-04-25 Topics and issues in library and information science education pedagogy are commonly discussed in panels, conferences, peer-reviewed articles, professional articles, and dedicated monographs. However, in this abundance of education-oriented discussions, there are several noticeable gaps and omissions. Not always do education-oriented publications involve theoretical grounding that could make them stronger in argumentation and more generalizable to other contexts. Addressing these gaps, the book stands to

strengthen the less covered areas of library and information science LIS pedagogical thought it enriches a theoretical foundation of pedagogical discourse and broadens its scope This volume brings together a collection of essays from LIS educators from around the world who delve into difficult unpopular and uncommonly discussed topics the inglorious pedagogy as we call it based on their practice and scholarship Presenting perspectives from Australia Canada China New Zealand the United Kingdom and the United States each chapter is a case study rooted not only in the author s experience but also in a solid theoretical or analytical framework that helps the reader make sense of the situations behaviors impact and human emotions involved in each The collective thought woven in the book chapters leads the reader through the milestones of in glorious pedagogy to a better understanding of the potentially transformative nature and wasted opportunities of graduate LIS education and higher education in general
