There are no "restraints" on a writer's growth or the way he/she can use his or her knowledge and skills. However, the writer must have a strong sense of ethics.

It is important to note that the above-mentioned results were obtained from a single study. Further research is needed to confirm these findings and to explore the underlying mechanisms. For example, it would be interesting to investigate whether the effects of the intervention are mediated by changes in social support or self-efficacy. Additionally, it would be useful to assess the long-term sustainability of the intervention's effects.
