Michael Mann Cinema And Television Interviews 1980 2012:

Michael Mann - Cinema and Television Steven Sanders, 2014-07-03 This reader is the first to bring together a selection of Mann's own interviews where he reflects on his film and television productions. The sixteen interviews provide historical context, interpretation and evaluation of the auteur's work. They encompass his entire career as a feature filmmaker and television producer/director as he and others reflect on his themes, working methods, artistic development and career achievements. The book aims to open up Mann's body of work, making it available for comparison with the work of his contemporaries and to provide fresh insights into his film and television work. A substantive introductory essay, chronology and filmography provide additional bases for understanding the interviews, essays and work of this major filmmaker.

Michael Mann Cinema and Television Steven Sanders, R. Barton Palmer, 2015 This is the first book to bring together a selection of interviews with the acclaimed American film director Michael Mann in which he reflects on his film and television productions. The 16 interviews it contains provide historical context, interpretation and evaluation of the auteur's work. The book encompasses his entire career as a director of feature films and as a television producer/director. It features Mann and others reflecting on his themes, working methods, artistic development and career achievements. [The Films of Michael Mann](#) Deryck Swan, 2023-04-01 Is Michael Mann an auteur? Mann is a formidable filmmaking personality, no doubt, but the notion that today's celebrity cult of director immediately correlates with the mysterious sect of auteur is questionable and deserves to be investigated. In doing so, this book strives to emulate the methodology of the man himself by ranging over not only the films he has made from 1979's *The Jericho Mile* to 2015's *Blackhat* but also the scope of intellectual interests that they exemplify in an attempt to mine the commonalities, themes and traits that may suggest the presence of an auteur. Through his investigation of Mann's filmography and the personality that flows through it, author Deryck Swan provides the reader with accessible and new ways of thinking about his films to date, including amongst myriad other things, references to painter Morris Louis, desert modernism, West Coast prison culture, Chicago Mayor Richard M. Daley, Strain Theory, journalist Mike Royko, Chicago's Auditorium building and a largely forgotten Charles Bronson film. **TV in the USA** Vincent LoBrutto, 2018-01-04 This three-volume set is a valuable resource for researching the history of American television.
