Mexican Solidarity Jacqueline Butcher, 2009-11-27 During the nearly 20 years of its existence the Centro Mexicano para la Filantropía A.C. Cemefi acronym in Spanish for the Mexican Center for Philanthropy has promoted a varied agenda of research about civil society in Mexico Cemefi has produced and published information on the characteristics of the social organizations that make up the Mexican nonprofit sector as well as information about the type of legal fiscal and economic factors that promote or hinder organized citizen participation based on the principles of solidarity social responsibility and philanthropy Once again with the aim of bringing together information regarding the importance of practices of solidarity in the country Cemefi has decided to contribute to understanding making known and ultimately promoting volunteer action and acts of solidarity undertaken by citizens in this country The end result of this effort is portrayed in this book *Mexican Solidarity Citizen Participation and Volunteerism* edited and coordinated by Doctor Jacqueline Butcher It is the product of a joint effort on the part of different people and institutions with a common goal finding out about the characteristics of volunteerism and in general citizen participation in acts of solidarity in Mexico *Perspectives on Volunteering* Jacqueline Butcher, Christopher J. Einolf, 2016-08-10 This volume overlooks the distinct expressions and awareness of volunteering in the lived reality of people from different regions of the world By casting the net widely this book not only expands the geographic reach of experiences models and case studies but also transcends the conventional focus on formal volunteering It highlights institutional forms of volunteering specific to developing nations and also describes volunteering that is more loosely institutionalized informal and a part of solidarity and collective spirit As a result this book provides a different look at the values meaning acts and expressions of volunteering The chapters in this book consist of essays and case studies that present recent academic research thinking and practice on volunteering Working from the premise that volunteering is universal this collection draws on experiences from Latin America Africa including Egypt and Asia This book focuses on developing countries and countries in transition in order to provide a fresh set of experiences and perspectives on volunteering While developing countries and countries in transition are in the spotlight for this volume the developed country experience is not ignored Rather the essays use it as a critical reference point for comparisons allowing points of convergence disconnect and intersection to emerge

*The Mexican Press and Civil Society, 1940-1976* Benjamin T. Smith, 2018-08-07 Mexico today is one of

the most dangerous places in the world to report the news and Mexicans have taken to the street to defend freedom of expression As Benjamin T Smith demonstrates in this history of the press and civil society the cycle of violent repression and protest over journalism is nothing new He traces it back to the growth in newspaper production and reading publics between 1940 and 1976 when a national thirst for tabloids crime sheets and magazines reached far beyond the middle class As Mexicans began to view local and national events through the prism of journalism everyday politics changed radically Even while lauding the liberty of the press the state developed an arsenal of methods to control what was printed including sophisticated spin and misdirection techniques covert financial payments and campaigns of threats imprisonment beatings and even murder The press was also pressured by media monopolists tacking between government demands and public expectations to maximize profits and by coalitions of ordinary citizens demanding that local newspapers publicize stories of corruption incompetence and state violence Since the Cold War both in Mexico City and in the provinces a robust radical journalism has posed challenges to government forces
