

Mexico Armado 1943 1981

Sonja Grover

Mexico Armado 1943 1981:

Cartographies of Youth Resistance Maurice Rafael Magaña, 2020-11-17 In his exciting new book based on a decade of ethnographic fieldwork Maurice Magaña considers how urban and migrant youth in Oaxaca embrace subcultures from hip hop to punk and adopt creative organizing practices to create meaningful channels of participation in local social and political life In the process young people remake urban space and construct new identities in ways that directly challenge elite visions of their city and essentialist notions of what it means to be indigenous in the contemporary era *Cartographies of Youth Resistance* is essential reading for students and scholars interested in youth politics and culture in Mexico social movements urban studies and migration

Citizens of Scandal Vanessa Freije, 2020-09-14 In *Citizens of Scandal* Vanessa Freije explores the causes and consequences of political scandals in Mexico from the 1960s through the 1980s Tracing the process by which Mexico City reporters denounced official wrongdoing she shows that by the 1980s political scandals were a common feature of the national media diet News stories of state embezzlement torture police violence and electoral fraud provided collective opportunities to voice dissent and offered an important though unpredictable and inequitable mechanism for political representation The publicity of wrongdoing also disrupted top down attempts by the ruling Partido Revolucionario Institucional to manage public discourse exposing divisions within the party and forcing government officials to grapple with popular discontent While critical reporters denounced corruption they also withheld many secrets from public discussion sometimes out of concern for their safety Freije highlights the tensions between free speech and censorship representation and exclusion and transparency and secrecy that defined the Mexican public sphere in the late twentieth century

The Cartels George W. Grayson Professor Emeritus, 2013-11-26 An up to date examination of Mexico's version of the War on Drugs that exposes the evolution of major cartels and their corruption of politicians law enforcement agencies and the Army What can President Enrique Peña Nieto do to curb the narcotics induced mayhem in Mexico and what would be the consequences to the United States if he fails This book analyzes Mexico's transition from a relatively peaceful kleptocracy controlled by the Tammany Hall style Institutional Revolutionary Party PRI 1929 2000 to a country plagued by rural and urban enclaves of grotesque violence The author examines the major drug cartels and their success in infiltrating American and Mexican businesses details the response from the Obama administration assesses the threat that the continuing bloodshed represents for the United States and emphasizes the constraints on America's ability to solve Mexico's crisis despite U.S. contributions of intelligence military equipment training and diplomatic support

Intimate Crimes Rolando Ochoa, 2019-10-03 Mexico has one of the highest kidnapping rates in the world *Intimate Crimes* outlines the history of kidnapping in Mexico City by constructing a narrative of this crime based on extensive qualitative research on gangs policing and other crime related policies The book also analyses the effect of kidnapping and crime more broadly on how communities experience the city as well as the strategies put in place by potential kidnapping victims to deal with the threat of being

victimised by someone close to them a common occurrence in Mexico City including analysing the processes through which household employees are screened and selected in Mexican households The book presents the results of over a year of fieldwork in Mexico and creates a qualitative database of news reports for the material used in its writing It includes material from over 70 interviews with kidnapping victims their families potential victims and their employees police prosecutors government agents journalists and other informants Intimate Crimes contributes to existing criminological literature on Mexico and Latin America by making an important contribution to a subject of the outmost regional importance The book also contributes to broader criminological topics on the rule of law criminal gangs policing and the impact of economic development on crime It also builds on the existing literature on empirical work on trust and signalling particularly as it relates to contexts of weak rule of law and low state protection Agrarian Revolt in the Sierra of Chihuahua, 1959-1965

Elizabeth Henson,2019-03-26 The early 1960s are remembered for the emergence of new radical movements influenced by the Cuban Revolution One such protest movement rose in the Mexican state of Chihuahua With large timber companies moving in on the forested sierra highlands campesinos and rancheros did not sit by as their lands and livelihoods were threatened Continuing a long history of agrarian movements and local traditions of armed self defense they organized and demanded agrarian rights Thousands of students joined the campesino protests in long distance marches land invasions and direct actions that transcended political parties and marked the participants emergence as political subjects The Popular Guerrilla Group GPG took shape from sporadic armed conflicts in the sierra Early victories in the field encouraged the GPG to pursue more ambitious targets and on September 23 1965 armed farmers agricultural workers students and teachers attacked an army base in Madera Chihuahua This bold move had deadly consequences With a sympathetic yet critical eye historian Elizabeth Henson argues that the assault undermined and divided the movement that had been in its cradle sacrificing the most militant audacious and serious of a generation at a time when such sacrifices were more frequently observed Henson shows how local history merged with national tensions over one party rule the unrealized promises of the Mexican Revolution and international ideologies **Conflict, Domination, and Violence** Carlos Illades,2017-05-01

Conflict domination violence in this wide ranging briskly narrated volume from acclaimed Mexican historian Carlos Illades these three phenomena register the pulse of a diverse but inequitable and discriminatory social order Drawing on rich and varied historical sources Illades guides the reader through seven signal episodes in Mexican social history from rebellions under Porfirio D az s dictatorship to the cycles of violence that have plagued the country s deep south to the recent emergence of neo anarchist movements Taken together they comprise a mosaic history of power and resistance with artisans rural communities revolutionaries students and ordinary people confronting the forces of domination and transforming Mexican society Waking from the Dream Louise E. Walker,2013-02-20 When the postwar boom began to dissipate in the late 1960s Mexico s middle classes awoke to a new economically terrifying world And following massacres of students at

peaceful protests in 1968 and 1971 one party control of Mexican politics dissipated as well The ruling Institutional Revolutionary Party struggled to recover its legitimacy but instead saw its support begin to erode In the following decades Mexico's middle classes ended up shaping the history of economic and political crisis facilitating the emergence of neo liberalism and the transition to democracy Waking from the Dream tells the story of this profound change from state led development to neo liberalism and from a one party state to electoral democracy It describes the fraught history of these tectonic shifts as politicians and citizens experimented with different strategies to end a series of crises In the first study to dig deeply into the drama of the middle classes in this period Walker shows how the most consequential struggles over Mexico's economy and political system occurred between the middle classes and the ruling party

Street Democracy Sandra C. Mendiola Garcia, 2017-04 No visitor to Mexico can fail to recognize the omnipresence of street vendors selling products ranging from fruits and vegetables to prepared food and clothes The vendors compose a large part of the informal economy which altogether represents at least 30 percent of Mexico's economically active population Neither taxed nor monitored by the government the informal sector is the fastest growing economic sector in the world In Street Democracy Sandra C Mendiola Garcia explores the political lives and economic significance of this otherwise overlooked population focusing on the radical street vendors during the 1970s and 1980s in Puebla Mexico's fourth largest city She shows how the Popular Union of Street Vendors challenged the ruling party's ability to control unions and local authorities power to regulate the use of public space Since vendors could not strike or stop production like workers in the formal economy they devised innovative and alternative strategies to protect their right to make a living in public spaces By examining the political activism and historical relationship of street vendors to the ruling Institutional Revolutionary Party PRI Mendiola Garcia offers insights into grassroots organizing the Mexican Dirty War and the politics of urban renewal issues that remain at the core of street vendors experience even today

Stand Up and Fight María L. O. Muñoz, 2016-05-12 In 1975 a watershed moment captivated Mexico as indigenous peoples from across the country came together on the Island of Janitzio for the First National Congress of Indigenous Peoples The congress was a federal government initiative intended to preempt an independent indigenous movement But indigenous groups circumvented the intended containment policies of the congress and made bold demands for political self determination Using previously unavailable documents María L O Muñoz examines the events that led to the congress the meeting itself and developments after the assembly Muñoz shows how indigenous leaders working within Mexico's Department of Colonization and Agrarian Affairs DAAC sidestepped state attempts to control indigenous communities and how they made bold demands that redefined the ways federal and state governments engaged with pueblos indígenas Through research in previously untapped archives Muñoz is able to trace the political history of the indigenous leaders and government officials who redefined the ways indigenous peoples engaged with governments She illustrates the fluid and evolving power relationships of the key players with a focus on the twelve years of populism in the

last decades of the twentieth century This book challenges the discourse of unquestioned power and hegemony of the national ruling party the Institutional Revolutionary Party PRI and it illustrates how indigenous communities in Mexico reimagined their roles in the social political and economic life of the nation **Pistoleros and Popular Movements**

Benjamin T. Smith,2009-01-01 The postrevolutionary reconstruction of the Mexican government did not easily or immediately reach all corners of the country At every level political intermediaries negotiated resisted appropriated or ignored the dictates of the central government National policy reverberated through Mexico s local and political networks in countless different ways and resulted in a myriad of regional arrangements It is this process of diffusion politicking and conflict that Benjamin T Smith examines in *Pistoleros and Popular Movements* Oaxaca s urban social movements and the tension between federal state and local governments illuminate the multivalent contradictions fragmentations and crises of the state building effort at the regional level A better understanding of these local transformations yields a more realistic overall view of the national project of state building Smith places Oaxaca within this larger framework of postrevolutionary Mexico by comparing the region to other states and linking local politics to state and national developments Drawing on an impressive range of regional case studies this volume is a comprehensive and engaging study of postrevolutionary Oaxaca s role in the formation of modern Mexico

Disruptive Archives Viviana Beatriz MacManus,2020-12-14 The histories of the Dirty Wars in Mexico and Argentina 1960s 1980s have largely erased how women experienced and remember the gendered violence during this traumatic time Viviana Beatriz MacManus restores women to the revolutionary struggle at the heart of the era by rejecting both state projects and the leftist accounts focused on men Using a compelling archival blend of oral histories interviews human rights reports literature and film MacManus illuminates complex narratives of loss violence and trauma The accounts upend dominant histories by creating a feminist centered body of knowledge that challenges the twinned legacies of oblivion for the victims and state sanctioned immunity for the perpetrators A new Latin American feminist theory of justice emerges one that acknowledges women s strength resistance and survival during and after a horrific time in their nations histories Haunting and methodologically innovative *Disruptive Archives* attests to the power of women s storytelling and memory in the struggle to reclaim history *Preceramic Mesoamerica* Jon C. Lohse,Aleksander Borejsza,Arthur A.

Joyce,2021-05-30 *Preceramic Mesoamerica* delivers cutting edge research on the Mesoamerican Paleoindian and Archaic periods The chapters address a series of fundamental questions in American archaeology including the peopling of the Americas human adaptations to late glacial landscapes the Neolithic transition and the origins of sedentism and early village life This volume presents innovative and previously unpublished research on the Paleoindian and Archaic periods and evaluates current models in light of new findings Examples include breakthroughs in dating Mesoamerica s earliest sites and their implications for models of hemispheric colonization the transition to postglacial patterns of settlement and subsistence divergent pathways to initial sedentism the possibility of Archaic period monumentality changing patterns of interregional

exchange and interaction and debates surrounding the origins of agriculture ceramics and full time village life The volume provides a new perspective on the Mesoamerican Preceramic for students and scholars in archaeology anthropology and history Readers will come to understand how the Preceramic contributed to the emergence of the cultural traditions that anthropologists recognize as Mesoamerica *Twentieth Century Guerrilla Movements in Latin America* Fernando Herrera Calderón,2021-07-19 Twentieth Century Guerrilla Movements in Latin America A Primary Source History collects political writings on human rights social injustice class struggle anti imperialism national liberation and many other topics penned by urban and rural guerrilla movements In the second half of the twentieth century Latin America experienced a mass wave of armed revolutionary movements determined to overthrow oppressive regimes and eliminate economic exploitation and social injustices After years of civil resistance and having exhausted all peaceful avenues thousands of working class people peasants professions intellectuals clergymen students and teachers formed dozens of guerrilla movements Fernando Herrera Calder n presents important political writings some translated into English here for the first time that serve to counteract the government propaganda that often overshadowed the intellectual side of revolutionary endeavors These texts come from Latin American countries such as Argentina Bolivia Colombia Mexico Nicaragua and many more The book will be indispensable to anyone teaching or studying revolutions in modern Latin American history **Transpacific**

Revolutionaries Matthew D. Rothwell,2013 This book shows how Maoism was globalized during the 1949 1976 period highlighting the agency of both Latin American and Chinese actors While Maoism has long been known to have been influential in many social movements and guerrilla groups in Latin America author Matthew Rothwell is the first to establish the way in which Latin American communists domesticated Maoism to Latin American conditions and turned Maoism into an influential political trend in many countries By utilizing case studies of the formation of Maoist guerrilla groups and political parties in Mexico Peru and Bolivia the book shows how the movement of Chinese communist ideas to Latin America was the product of a highly organized effort that involved formal connections between Latin American activists and the People's Republic of China It represents a major contribution to three developing fields of historical inquiry Latin America in the Cold War the global 1960s and Chinese Maoist foreign relations *Political Strategies and Social Movements in Latin America* Leonidas Oikonomakis,2018-07-12 This book investigates how social movements form their political strategies in their quest for social change and when they shift from one strategy to another why and how that happens The author creates a model which distinguishes between two different roads to social change one that passes through the seizure of state power and one that avoids any relationship with the state Comparing the cases of two Latin American social movements the Zapatistas in Mexico and the Bolivian Cocaleros the volume argues that strategic choices are often decided upon through similar mechanisms Ideal for a scholarly and non specialist audience interested in Mexican and Bolivian politics revolutions and Latin American and social movement studies [Libre Acceso](#) Susan Antebi,Beth E. Jörgensen,2015-12-02 [Libre Acceso](#)

stages an innovative encounter between disciplines that have remained quite separate Latin American literary film and cultural studies and disability studies It offers a much needed framework to engage the representation construction embodiment and contestation of human differences and provides tools for the urgent resignification of a robust and diverse Latin American literary and filmic tradition The contributors discuss such topics as impairment trauma illness and the body performance queer theory subaltern studies and human rights while analyzing literature and film from Argentina Brazil Chile Colombia Cuba Mexico and Peru They explore these issues through the work of canonical figures Jorge Luis Borges Gabriel Garc a M rquez Jo o Guimar es Rosa and others as well as less well known figures including Mario Bellatin and Miriam Alves

A Shared Truth Julie Ann Ward, 2019-04-18 Lagartijas Tiradas al Sol Lizards Lounging in the Sun is a Mexican theater company that performs what is known as theater of the real By taking reality as its subject this genre claims a special relationship to reality truth and authenticity In A Shared Truth Julie Ann Ward traces the development of this contemporary and cutting edge collective s unique aesthetic Based on performances play texts videos and interviews this in depth look at a single theatrical troupe argues that the company s work represents a larger trend in which Latin American theater positions itself as a source of and repository for truth in the face of unreliable official narratives A Shared Truth critically examines the work of an influential company whose collaborative methods and engagement with the real challenge the bounds of theater

Human Rights, Social Movements and Activism in Contemporary Latin American Cinema Mariana Cunha, Antônio Márcio da Silva, 2018-09-11 This edited collection explores how contemporary Latin American cinema has dealt with and represented issues of human rights moving beyond many of the recurring topics for Latin American films Through diverse interdisciplinary theoretical and methodological approaches and analyses of different audiovisual media from fictional and documentary films to digitally distributed activist films the contributions discuss the theme of human rights in cinema in connection to various topics and concepts Chapters in the volume explore the prison system state violence the Mexican dirty war the Chilean dictatorship debt transnational finance indigenous rights social movement urban occupation the right to housing intersectionality LGBTT and women s rights in the context of a number of Latin American countries By so doing it assesses the long overdue relation between cinema and human rights in the region thus opening new avenues to aid the understanding of cinema s role in social transformation

Revolution and Dictatorship Steven Levitsky, Lucan Way, 2024-10-29 Why the world s most resilient dictatorships are products of violent revolution Revolution and Dictatorship explores why dictatorships born of social revolution such as those in China Cuba Iran the Soviet Union and Vietnam are extraordinarily durable even in the face of economic crisis large scale policy failure mass discontent and intense external pressure Few other modern autocracies have survived in the face of such extreme challenges Drawing on comparative historical analysis Steven Levitsky and Lucan Way argue that radical efforts to transform the social and geopolitical order trigger intense counterrevolutionary conflict which initially threatens regime survival but ultimately fosters

the unity and state building that supports authoritarianism Although most revolutionary governments begin weak they challenge powerful domestic and foreign actors often bringing about civil or external wars These counterrevolutionary wars pose a threat that can destroy new regimes as in the cases of Afghanistan and Cambodia Among regimes that survive however prolonged conflicts give rise to a cohesive ruling elite and a powerful and loyal coercive apparatus This leads to the downfall of rival organizations and alternative centers of power such as armies churches monarchies and landowners and helps to inoculate revolutionary regimes against elite defection military coups and mass protest three principal sources of authoritarian breakdown Looking at a range of revolutionary and nonrevolutionary regimes from across the globe Revolution and Dictatorship shows why governments that emerge from violent conflict endure

Peremptory International Legal Norms and the Democratic Rule of Law Sonja Grover, 2020-05-21 Peremptory International Legal Norms and the Democratic Rule of Law explores the risks to the democratic State inherent in the attempt to divorce the notion of democratic rule of law from respect for and adherence to peremptory international legal norms which allow for no derogation therefrom such as the prohibition of torture and inhumane treatment or punishment by the State The chapters address with specific current case examples in what ways the democratic rule of law within certain democratic States risks being undermined through those States acquiescing to the erosion of peremptory international law norms in the domestic and international context The book therefore explores the question of in what ways such democratic State acquiescence in effect may ultimately disrupt the investment within the State in the shared culture of core human rights values that underlies democratic rule of law itself and highlights the fragility of that shared culture The contributors argue for a renewed commitment in principle and practice to the democratic rule of law and to its human rights international normative underpinnings Peremptory International Legal Norms and the Democratic Rule of Law will be of great interest to scholars of international law human rights and democracy The chapters originally published as a special issue of The International Journal of Human Rights
