Microeconomics Hubbard 3rd Edition:

Microeconomics R. Glenn Hubbard, Anne M. Garnett, Philip Lewis, Anthony Patrick O'Brien, 2014-09-01 Microeconomics is the most engaging introductory economics resource available to students today. Using real business examples to show how managers use economics to make real decisions every day the subject is made relevant and meaningful. Each chapter of the text opens with a case study featuring a real business or real business situation refers to the study throughout the chapter and concludes with An Inside Look a news article format which illustrates how a key principle covered in the chapter relates to real business situations or was used by a real company to make a real business decision. Solved problems in every chapter motivate learners to confidently connect with the theory to solve economic problems and analyse current economic events

Microeconomics of Banking, third edition Xavier Freixas, Jean-Charles Rochet, 2023-08-22 The third edition of a leading text on the microeconomic foundations of banking comprehensively updated with new coverage of the 2008 Global Financial Crisis fintech and the latest research in banking theory. The banking industry has undergone seismic change in the twenty first century from the overhaul of regulation in the wake of the 2008 Global Financial Crisis to the digitalization of the economy and the disruption of traditional business models by ascendant tech giants. Now in a comprehensively updated third edition this essential graduate level text on the microeconomic foundations of banking provides the rigorous theoretical approach required to understand these new structures and norms functioning as a user's guide to recent academic literature. Microeconomics of Banking offers a comprehensive view of the evolution of banking theory and the rapidly changing realm of financial intermediation examining the central issues and offering the necessary tools for understanding how they have been modeled. New edition highlights Up to date coverage of the latest research in banking theory as well as the events of the global financial crisis and resultant Basel III regulatory framework. New chapters on liquidity and systemic risk. New material throughout on cryptocurrencies fintech and other facets of a digitalized economy
