Open Secrets Or Inward Prospects Reflections On World And Soul:

Open Secrets / Inward Prospects Eva Brann, 2004 A soul seeking collection spanning 30 years of writing

Doublethink / Doubletalk Eva Brann, 2018-06-05 Each aphorism is a tiny well framed picture which at once observes and questions the world's workings with its accumulated intellectual pleasures beauties and quirks Washington Independent Review of Books At times aphorisms are merely witty but they can convey and evoke sustained reflection and thought as those of Nietzsche Schopenhauer or Nietzsche's Gmez Dvila To that list we can add Eva Brann In the few hours spent with her one finds a wise slightly acerbic good humored teacher one wishes for her friendship for more time with her The University Bookman Philosopher Eva Brann describes the concept of doublethink doubletalk as a flanking approach toward comprehending a pervasively duplex world a world that sometimes flashes fleeting signs of covert wholeness In this her second collection of aphorisms and observations Brann shines a light on our world on the way things are and she does it with characteristic wit and insight

The Music of the Republic Eva Brann, 2011 In this collection of essays Eva Brann talks with readers about the conversations Socrates has with his fellow Athenians She shows how Plato's dialogues and the timeless matters they address remain important to us today From introductory pieces on the Republic the Phaedo and the Sophist to an account of the less well known Charmides each essay starts where Plato starts without presupposing a critical theory In the title essay's brilliant account of the Republic Brann demonstrates its central importance in Plato's work Other essays consider Plato's notion of time discuss how to teach Plato to undergraduates and contend that a thoughtful text based study of Plato can have a very personal impact on a reader Encouraged to befriend the dialogues readers will join in the great Socratic conversations

The Logos of Heraclitus Eva Brann, In this extraordinary meditation Eva Brann takes us to the fierce core of Heraclitus's vision and shows us the music of his language The thought and beautiful prose in The Logos of Heraclitus are a delight Barry Mazur Harvard University An engaged solitary an inward turned observer of the world inventor of the first of philosophical genres the thought compacted aphorism teasingly obscure in reputation but hard hittingly clear in fact now tersely mordant now generously humane Thus Eva Brann introduces Heraclitus in her view the West's first philosopher The collected work of Heraclitus comprises 131 passages Eva Brann sets out to understand Heraclitus as he is found in these passages and particularly in his key word Logos the order that is the cosmos Whoever is captivated by the revelatory riddlings and brilliant obscurities of what remains of Heraclitus has to begin anew accepting help to be sure from previous readings in a spirit of receptivity and reserve But essentially everyone must pester the supposed obscurantist until he opens up Heraclitus is no less and no more pregnantly dark than an oracle The upshot is that no interpretation has prevailed every question is wide open

Memories And Musings Of An Unfinished Philosopher Audrey M. Joseph, 2022-06-22 Socrates said The unexamined life is not worth living Through ninety years of travel and study Audrey Joseph has striven to ensure her days were well spent Here are life lessons authored by her own experiences and culled from

the wisdom of the scholars she studied A boundary crosser not only geographically but philosophically her story provides a fresh perspective on the human experience the common threads which bind us together as well as the unique ones which make for such a rich global tapestry

Form of Politics John von Heyking, 2016-06-01 For statesmen friendship is the lingua franca of politics Considering the connections between personal and political friendship John von Heyking's *The Form of Politics* interprets the texts of Plato and Aristotle and emphasizes the role that friendship has in enduring philosophical and contemporary political contexts Beginning with a discussion on virtue friendship described by Aristotle and Plato as an agreement on what qualifies as the pursuit of good *The Form of Politics* demonstrates that virtue and political friendship form a paradoxical relationship in which political friendships need to be nourished by virtue friendships that transcend the moral and intellectual horizons of the political society Von Heyking then examines Aristotle's ethical and political writings which are set within the boundaries of political life and Plato's dialogues on friendship in *Lysis* and the *Laws* which characterize political friendship as festivity Ultimately arguing that friendship is the high point of a virtuous political life von Heyking presents a fresh interpretation of Aristotle and Plato's political thought and a new take on the most essential goals in politics Inviting reassessment of the relationship between friendship and politics by returning to the origins of Western philosophy *The Form of Politics* is a lucid work on the foundations of political cooperation

Internationalisation of Higher Education and Global Mobility Bernhard Streitwieser, 2014-05-12 Continuous and rapid developments in global higher education today more than ever before present new questions greater challenges and vast new opportunities for institutions policy makers scholars and students alike This book is a collection of studies and essays by many of the leading experts in international higher education who share their analysis of current trends and the implications they see for present and future policy and practice The volume is organized into three sections that address first global supranational concerns in internationalization and mobility second focus on specific cases in Europe the Middle East the United States Africa Asia and Latin America and third share profiles of individual institutions practitioners and participants involved in uniquely shaping international education in their everyday practice The intention of this book is to expand the scope of research in the field of Comparative and International Education to facilitate theory development to influence policy formation and most of all to inform anyone fascinated by the evolving and dynamic processes related to educational internationalization and global mobility This book will be a valuable information source for scholars policy makers and students intent on understanding the wide scope of factors that today are shaping the fluid and changing global higher education landscape

Ordering America William H. Young, 2010-07-21 *Ordering America* painting a felicitous portrait of Western civilization shows that its defining ideals rooted in man's common human nature a perception newly substantiated by modern evolutionary psychology were best fulfilled by realization of the American founding order Twentieth century progressivism and postmodern multiculturalism detoured America down the way of social constructionism human nature and equality are produced by

culture and the state through groups The book sets a course to revive the Western ideals and return to an opportune center right American order applying latest scientific insights and restoring individual responsibility and reciprocity under more limited still energetic government befitting our century *Humanities* ,2006 *The Publishers Weekly* ,2004 **La música de la República** Eva Brann,2016-06-06 **American Book Publishing Record** ,2003 *Coleridge, Philosophy and Religion* Douglas Hedley,2000-06-22 Coleridge s relation to his German contemporaries constitutes the toughest problem in assessing his standing as a thinker For the last half century this relationship has been described ultimately as parasitic As a result Coleridge s contribution to religious thought has been seen primarily in terms of his poetic genius This book revives and deepens the evaluation of Coleridge as a philosophical theologian in his own right Coleridge had a critical and creative relation to and kinship with German Idealism Moreover the principal impulse behind his engagement with that philosophy is traced to the more immediate context of English Unitarian Trinitarian controversy of the eighteenth and nineteenth centuries The book re establishes Coleridge as a philosopher of religion and as a vital source for contemporary theological reflection

The Top Books of the Year Open Secrets Or Inward Prospects Reflections On World And Soul The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Open Secrets Or Inward Prospects Reflections On World And Soul : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
