philosophical context of Judaism as well as its rich tradition of practice Rabbi Lazowski also learned much from his colleagues of other faith traditions This unprecedented volume gives Rabbi Lazowski and the other clergy the opportunity to explicate their religion using their own language and concepts in responding to the questions of people of goodwill outside their faith Difficult even uncomfortable questions are asked and answered No question is too simple or too complex Every chapter each by an author belonging to a different Christian faith tradition will prove as informative to the co religionist as to the outsider The concise straightforward question and answer style allows the book to be studied in full read casually or consulted for reference
