**Time Travel Through Greece** David Lundberg, 2020-11-09 In the spirit of Lawrence Durrell and Henry Miller Dr David Lundberg takes us on a mystical trip through the land of the Greeks Olympic Wandering is part historical novel part travel narrative and all fun Follow Ulysses through the seldom told adventure of his life as a young king within Greece Then follow the author as he traces the same steps over a period of twenty years the same time period as the Iliad and the Odyssey In a land both ancient and modern Lundberg meets a different spirit It displays itself in attitudes in personalities in temperament It s a spirit molded not by bloodlines or genealogy but by climate and geography The author moves through Greece traces the footprints of Ulysses and realizes that when you look into Greek faces you see the past and you see the future You see eternity Each man and each woman is an undiscovered country a landscape of thoughts words and gestures contained in a unique body that is inherently Greek And every island every beach every village is like a person individual and special Seamlessly weaving history culture and legend Olympic Wandering frames a land of timeless scenery where the individual is still all important This is everyday magic
