On the Ground After September 11 Yael Danieli, Robert L Dingman, 2014-07-16 A heartfelt collection of extraordinary first person accounts that delve into every level of the experience of 9 11 Out of the infamy of 9 11 and its aftermath people rose up with courage and determination to meet formidable challenges On the Ground After September 11 Mental Health Responses and Practical Lessons Gained is a stirring compilation of over a hundred personal and professional first hand accounts of the entire experience from the moment the first plane slammed into the North Tower of the World Trade Center to the months mental health professionals worked to ease the pain and trauma of others even while they themselves were traumatized This remarkable chronicle reveals the breadth and depth of human need and courage along with the practical organizational considerations encountered in the responses to terrorist attacks The goal of any terrorist act is to instill psychosocial damage to a society to effect change On the Ground After September 11 provides deep insight into the damage the attack had on our own society the failures and victories within our response systems and the path of healing that mental health workers need to travel to be of service to their clients Personal accounts written by the professionals and public figures involved reveal the broad range of responses to this traumatic event and illuminate how mental health services can most effectively be delivered Through the benefit of hindsight recommendations are described for ways to better finance assistance adapt the training of mental health professionals and modify organizations response to the needs of victims in this type of event Reading these unique personal accounts of that day and the difficult days that followed provides a thoughtful moving rational view of what is truly needed in times of disaster On the Ground After September 11 includes the first person experiences and lessons learned from the people of NYU Downtown Hospital NYC Department of Health and Mental Hygiene NY Metropolitan Transportation Council St Paul s Chapel St Vincent Hospital Manhattan Safe Horizon LifeNet WTC Incident Command Center at NYC Medical Examiner s office New Jersey s Project Phoenix Massachusetts Department of Mental Health the military psychiatric response to the Pentagon attack Connecticut s Center for Trauma Response Recovery and Preparedness the Staten Island Relief Center Barrier Free Living Inc for people with disabilities the Federal Emergency Management Agency Alianza Dominicana Inc Staten Island Mental Health Society the United Airlines Emergency Response Team for Flight 93 The Center for Trauma Response Recovery and Preparedness CTRP Disaster Mental Health Services DMHS at Dulles International Airport the American Red Cross the Respite Center at the Great White Tent HealthCare Chaplaincy The Salvation Army the Islamic Circle of North America The Coalition of Voluntary Mental Health Agencies Inc F E G S the Jewish Board of Family and Children s Services JBFCs and many many more On the Ground After September 11 Mental Health Responses and Practical Lessons Gained poignantly illustrates that regardless of profession culture religion or age every life touched by 9 11 will never be the same This is essential reading for counselors psychologists psychiatrists social workers therapists trauma specialists educators and students **Mothers, Infants and Young Children of**

September 11, 2001 Beatrice Beebe, Phyllis Cohen, K. Mark Sossin, Sara Markese, 2013-09-13 The group of papers presented in this volume represents ten years of involvement of a group of eight core therapists working originally with approximately forty families who suffered the loss of husbands and fathers on September 11 2001 The project focuses on the families of women who were pregnant and widowed in the disaster or of women who were widowed with an infant born in the previous year This book maps the support and services provided without cost to the families by the primary prevention project the September 11 2001 Mothers Infants and Young Children Project organised by a highly trained group of therapists specialising in adult child mother infant and family treatment as well as in nonverbal communication The demands of the crisis led these therapists to expand on their psychoanalytic training fostering new approaches to meeting the needs of these families They sought out these families offering support groups for mothers and their infants and young children in the mothers own neighbourhoods They also brought the families to mother child videotaped play sessions at the New York State Psychiatric Institute at Columbia University followed by video feedback and consultation sessions In 2011 marking the 10th anniversary of the World Trade Center tragedy the Project continues to provide services without cost for these mothers who lost their husbands for their infants who are now approximately ten years old and for the siblings of these children This book was originally published as a special issue of the Journal of Infant Child and Adolescent Psychotherapy

September 11, 2001 as a Cultural Trauma Christine Muller, 2017-01-20 This book investigates the September 11 2001 attacks as a case study of cultural trauma as well as how the use of widely distributed easily accessible forms of popular culture can similarly focalize evaluation of other moments of acute and profoundly troubling historical change The attacks confounded the traditionally dominant narrative of the American Dream which has persistently and pervasively featured optimism and belief in a just world that affirms and rewards self determination This shattering of a worldview fundamental to mainstream experience and cultural understanding in the United States has manifested as a cultural trauma throughout popular culture in the first decade of the twenty first century Popular press oral histories literary fiction television and film are among the multiple ubiquitous sites evidencing preoccupations with existential crisis vulnerability and moral ambivalence with fate no win scenarios and anti heroes now pervading commonly told and readily accessible stories Christine Muller examines how popular culture affords sites for culturally traumatic events to manifest and how readers viewers and other audiences negotiate their fallout

New York After 9/11 Susan Opatow, Zachary Baron Shemtob, 2018-09-04 An estimated 2 billion people around the world watched the catastrophic destruction of the World Trade Center The enormity of the moment was immediately understood and quickly took on global proportions What has been less obvious is the effect on the locus of the attacks New York City not as a seat of political or economic power but as a community not in the days and weeks afterward but over months and years New York after 9 11 offers insightful and critical observations about the processes set in motion by September 11 2001 in New York and holds important lessons for the future This interdisciplinary collection brings

together experts from diverse fields to discuss the long term recovery of New York City after 9 11 Susan Opatow and Zachary Baron Shemtob invited experts in architecture and design medicine health community advocacy psychology public safety human rights law and mental health to look back on the aftereffects of that tragic day in key spheres of life in New York City With a focus on the themes of space and memory public health and public safety trauma and conflict and politics and social change this comprehensive account of how 9 11 changed New York sets out to answer three questions What were the key conflicts that erupted in New York City in 9 11 s wake What clashing interests were involved and how did they change over time And what was the role of these conflicts in the transition from trauma to recovery for New York City as a whole Contributors discuss a variety of issues that emerged in this tragedy s wake some immediately and others in the years that followed including PTSD among first responders conflicts and design challenges of rebuilding the World Trade Center site the memorial and the museum surveillance of Muslim communities power struggles among public safety agencies the development of technologies for faster building evacuations and the emergence of chronic illnesses and fatalities among first responders and people who lived worked and attended school in the vicinity of the 9 11 site A chapter on two Ground Zeros in Hiroshima and New York compares and historicizes the challenges of memorialization and recovery Each chapter offers a nuanced vivid and behind the scenes account of issues as they unfolded over time and across various contexts dispelling simplistic narratives of this extended and complicated period Illuminating a city s multifaceted response in the wake of a catastrophic and traumatic attack New York after 9 11 illustrates recovery as a process that is complex multivalent and ongoing
