**Creating Effective Parenting Plans** John Hartson,Brenda Payne,2006 According to these pediatric psychologists the best interest of the child calls for a developmentally appropriate parenting plan that is custody that accurately reflects the child s physical and psychological development Even now this concept often faces courtroom challenges as it can conflict with the traditional lawyer client relationship This book explores developing alternate parenting schedules or custody with the child s best interest and

developmental needs considered first      *Teaching Early Numeracy to Children with Developmental Disabilities* Corinna F. Grindle, Richard P. Hastings, Robert J. Wright, 2020-10-14 This practical guide for teaching numeracy to children with a developmental disability is based on core concepts from the landmark Mathematics Recovery text Teaching Number aka the green book that have been adapted for children with developmental disabilities It sets out key principles of teaching and learning underpinning an evidence based teaching approach and provides clear guidance on how educators can plan and implement a structured teaching program so that every child can be given a positive experience in learning numeracy and achieve significant outcomes maximizing their potential The book is supported by a comprehensive set of online resources for use in the classroom including 90 lesson plans carefully tailored to provide sequenced learning experiences for children and school students who may need them most      **Music and Child Development** J. Craig Peery, Irene Weiss Peery, Thomas W. Draper, 2012-12-06 I acknowledge a deep debt of gratitude to my coeditors my wife Irene and my friend and colleague Tom Draper They have worked with diligence and insight to bring this work to completion They have delegated the task of writing the Preface to me As the scientific study of human development matures it is not only natural but it is necessary to reach beyond understanding the ways humans develop capacities to study the ways emerging capacities fit into the larger sphere of human undertakings Music is one of the most significant of those endeavors As I attend the several piano competitions that are on my agenda each year and see children seated at the keyboard drawing forth the magnificent sounds of Bach Chopin and Ravel I am always a little awed Surely it seems to me the piano is among the best of man s creations the creative energies of great composers are among mankind s greatest expressions and encouraging children to associate themselves seriously with both instrument and composer can be one of the great blessings to their young lives and by association to the larger society Music touches the entire range of our lifespan on a daily basis Involving children with music and music training has high market and common sense validity Parents understand intuitively that children will benefit and their lives will be enriched if they are influenced by music and music training
