On The Meaning Of Sex:

On the Meaning of Sex J. Budziszewski, 2023-07-11 Our society is obsessed with sex and yet we don't understand it at all. Acclaimed philosopher J. Budziszewski remedies the problem in this wise gracefully written book about the nature meaning and mysteries of sexuality. *On the Meaning of Sex* corrects the most prevalent errors about sex particularly those of the sexual revolution which by mistaking pleasure for a good in itself has caused untold pain and suffering. *What Is the Meaning of Sex?* Denny Burk, 2013-10-31 Sex is a big deal. And as the spirit of the age moves rapidly away from traditional sexual norms Christians are feeling the pressure to abandon their ancient beliefs to conform to society's evolving views on sexuality and gender. Responding to the pressure with conviction and clarity this book spells out the Bible's teaching on sex arguing that the ultimate goal of all human sexuality is the glory of God. After outlining key biblical standards and explaining the true purposes for sex procreation pleasure love etc the latter portion of the book explores controversial issues such as homosexuality queer theory and polygamy. Firmly rooted in the pages of Scripture this book sets forth a compelling vision of human sexuality that is both soul satisfying and God glorifying. **Sex in Language** Eliecer Crespo-Fernández, 2015-08-27 Metaphor has long provided a rich way to speak about the unspeakable to refer to delicate issues. Sex is one such area. This book follows a cognitive linguistic and relevance theoretic approach to the language of sex considering metaphor as a bridge that brings together mind and language. It does this through the analysis of the antithetical mechanisms of verbal mitigation and offence. These two mechanisms are more commonly known as euphemism and its lesser known companion term dysphemism. The volume reflects on the social and communicative functions that sexual metaphors perform in a sample of almost two hundred postings taken from internet forums. How do people think about sex? How do people avoid talking about sex? How do people paraphrase sexual topics? It offers an account of how real language users understand sexual taboo in present day English and also a great grounding in manual corpus work on a qualitative level. What IS Sex? Alenka Zupancic, 2017-09-08 Why sexuality is at the point of a short circuit between ontology and epistemology. Consider sublimation conventionally understood as a substitute satisfaction for missing sexual satisfaction. But what if as Lacan claims we can get exactly the same satisfaction that we get from sex from talking or writing painting praying or other activities. The point is not to explain the satisfaction from talking by pointing to its sexual origin but that the satisfaction from talking is itself sexual. The satisfaction from talking contains a key to sexual satisfaction and not the other way around even a key to sexuality itself and its inherent contradictions. The Lacanian perspective would make the answer to the simple seeming question What is sex rather more complex. In this volume in the Short Circuits series Alenka Zupan i approaches the question from just this perspective considering sexuality a properly philosophical problem for psychoanalysis and by psychoanalysis she means that of Freud and Lacan not that of the kind of clinician practitioners called by Lacan orthopedists of the unconscious. Zupan i argues that sexuality is at the point of a short circuit between ontology and epistemology. Sexuality and knowledge are

structured around a fundamental negativity which unites them at the point of the unconscious The unconscious as linked to sexuality is the concept of an inherent link between being and knowledge in their very negativity *Humanity and Human Sexuality: The Origin and Nature of Sexual Preference* Kevin Franklin,2024-03-28 In *Humanity and Human Sexuality The Origin and Nature of Sexual Preference* Dr Kevin Franklin embarks on an extraordinary exploration of the human being of mind and their potential Delving deep into themes of confusion and disorder he unveils how a trickster mind can hinder an individual s true potential for life and freedom Drawing from his own profound experiences of childhood psychosis which once seemed to destine him for a life overshadowed by schizophrenia and the threat of early suicide Dr Franklin defies expectations This book ventures beyond traditional boundaries to examine the metaphysical aspects of psychological order offering a unique perspective on the often misunderstood concepts of societal and psychological disorders Dr Franklin s insights extend into a scientific demonstration of the innate origins and nature of both heterosexual and homosexual preferences *Humanity and Human Sexuality The Origin and Nature of Sexual Preference* illuminates various fields Philosophy Religion History Science Society and Psychology offering a revolutionary viewpoint on these disciplines It challenges long held beliefs and misconceptions particularly in the realms of sexual identity the gender and transgender discussion and the complex relationship between religion and science Structured in two parts the book first deconstructs the mythology of sexual identity before reconstructing a comprehensive understanding of human sexuality It seeks to resolve some of humanity s most pressing issues the lack of human compassion the intricacies of gender identity and the historical tensions between religious beliefs and scientific understanding This book is an essential read for anyone seeking a deeper understanding of the origins and nature of sexual preference and identity and the broader implications for society *Your Dreams of Sex, Love, Romance and What They Mean* Laura Suzanne,2016-06-15 This book is your guide to understanding your dreams and deciphering what they mean This book was originally a compilation of newspaper columns featuring dreams submitted to me by my readers and my interpretation of their dreams Being that were well over one hundred dreams in the collection I chose to make this into three separate books broken down by category This book the first in a three part series is all about your dreams of sex love and romance interpreted I have used real life dreams from actual readers to illustrate my points and my interpretations of these dreams There will also be exercises for you the reader to give personal meaning to your dreams and decode the messages from your subconscious mind **Missing Piece of the Puzzle** Veronica R. Hanna-Walker,2020 The presence of and or search for meaning has divergent and salient outcomes for individuals physical mental and emotional well being Although numerous domains of meaning have been examined the literature on the meaning of sex is sparse and lacks a quantitative measure In this study I aimed to validate a general Meaning of Sex MOS Measure that captured the presence of MOS P and search for MOS S the meaning of sex that predicted salient relational and sexual outcomes i e relationship stability and satisfaction and sexual satisfaction The MOS measure was based off of the Meaning in

Life Questionnaire MLQ created by Steger and colleagues 2006 which also used the subscales of presence and searching All participants N 856 reported engaging in what they considered to be sexual intercourse and were either single or in a relationship The two subscales were distinct from one another and had good reliability The MOS S had a stronger and negative association with relationship stability and sexual satisfaction than the MOS P Further analyses revealed that there were significant interactions between the MOS P and MOS S When individuals scored high on the MOS P searching for a meaning of sex no longer had a significant association with relationship stability or sexual satisfaction Creating this measure is meaningful because it provides a more holistic picture of sexuality that has not been addressed in the literature
