Jenson, 2004-06-15 Since the Council of Ephesus A D 431 orthodox Christianity has confessed Mary as Theotokos Mother of God Yet neither this title nor Mary s significance has fared well in Protestant Christianity In the wake of new interest in Mary following Vatican II and recent ecumenical dialogues this volume seeks to makes clear that Mariology is properly related to Christ and his church in ways that can and should be meaningful for all Christians Written with insight and sensitivity by Orthodox Catholic and Protestant scholars these seven studies inquire into Mary s place in the story of salvation in personal devotion and in public worship Contributors Carl E Braaten Lawrence S Cunningham Kyriaki Karidoyanes FitzGerald Beverly Roberts Gaventa Timothy George Robert W Jenson Jaroslav Pelikan David S Yeago

Mother of God Miri Rubin, 2009-02-26 Mary the mother of Jesus is one of the most powerful influential and complex of all religious figures The focus for women the inspiration of faith the subject of innumerable paintings sculptures pieces of music and churches Mary is so entangled in our world that it is impossible to conceive of the history of Western culture and religion without her Miri Rubin s Mother of God is a major work of cultural imagination Mary s role in the Gospels is a relatively minor one and yet in the centuries during which Christianity established itself she emerged as a powerful strange and ungovernable force endlessly remade and reimagined by wave after wave of devotees ultimately becoming a sort of God in ways that have always made some Christians uneasy Whether talking about

the vast public festivals celebrating Mary that sweep up entire communities or the intense private agony of individual devotion Rubin's book is a triumph of sympathy and intelligence Throughout Christianity's journey from mysterious origins to global religion the Mother of God has been a profound presence in countless lives Mother of God is the story of that presence and a book that raises profound questions about the human experience *The Life of the Blessed Virgin Mary, Mother of God* M Orsini (L'Abbè.),1850 **Mary, the Mother of God** Oliver Rodie Vassall-Phillips,1927 **The Life of Mary Mother of God and Praying the Rosary**, *The Cult of the Mother of God in Byzantium* Leslie Brubaker, Mary B. Cunningham,2016-12-05 This volume on the cult of the Theotokos Virgin Mary in Byzantium focuses on textual and historical aspects of the subject thus complementing previous work which has centred more on the cult of images of the Mother of God The papers presented here by an international team of scholars consider the development and transformation of the cult from approximately the fourth through the twelfth centuries The volume opens with discussion of the origins of the cult and its Near Eastern manifestations including the archaeological site of the Kathisma church in Palestine which represents the earliest Marian shrine in the Holy Land and Syriac poetic treatment of the Virgin The principal focus however is on the 8th and 9th centuries in Byzantium as a critical period when Christian attitudes toward the Virgin and her veneration were transformed The book re-examines the relationship between icons relics and the Virgin asking whether increasing devotion to these holy objects or figures was related in any way Some contributions consider the location of relics and later icons in Constantinople and other centres of Marian devotion others explore gender issues such as the significance of the Virgin's feminine qualities and whether women and men identified with her equally as a holy figure The aim of this volume is to build on recent work on the cult of the Virgin Mary in Byzantium and to explore areas that have not yet been studied The rationale is critical and historical using literary artistic and archaeological sources to evaluate her role in the development of the Byzantine understanding of the ways in which God interacts with creation by means of icons relics and the Theotokos

Mariology: A Dogmatic Treatise on the Blessed Virgin Mary, Mother of God Rev. Joseph Pohle Ph. D. D.,Aeterna Press, Like the Hypostatic Union of the two Natures in Christ the Divine Motherhood of the Blessed Virgin Mary may be regarded from a twofold point of view 1 ontologically i.e. in its objective dignity dignitas maternitatis divinae in se and 2 ethically in its causal connexion with the prerogatives proper to this exalted office plenitudo gratiae correspondens dignitati Christology shows how the Hypostatic Union immediately and substantially sanctified the manhood of our Lord in direct proportion to His infinite dignity as Godman In a similar though not precisely the same manner Mary's objective dignity as mother of God constitutes both the intrinsic principle and the extrinsic standard of her supernatural purity and holiness The one postulates the other as a cause its effect Aeterna Press *Mary, Mother of the Lord* Karl Rahner,1963 *The Mother of God in the Theology of Sergius Bulgakov* Walter Nunzio Sisto,2017-10-25 This book explores the Mariology of one of the most unique and fascinating thinkers in the Russian Orthodox tradition Father Sergius Bulgakov Bulgakov develops the Russian sophianic

mariological tradition initiated by Vladimir Solov'ev and argues that Mary is the soul of the world or the pneumatological hypostasis. Mary is the first and greatest disciple to be adopted by the Holy Spirit. By situating Mary within the life and mission of the Holy Spirit, Bulgakov maintains the respect and veneration that Orthodox Christians have for Mary but also places Mary squarely within the community of disciples. Mary is a model disciple who reveals that the goal of the spiritual life is spiritual motherhood. In addition, this text reveals the relevance and importance of Bulgakov's contribution to the contemporary discussion about the role of Mary in the history of salvation.

This is the most original and up-to-date publication on the subject in which art, historical, iconographic, and theological issues are brought together for the first time in an effort to cover all aspects of the cult and representation of the Mother of God.

Mother of God Miri Rubin, 2009-04-21. A sweeping, ambitious study of the Virgin Mary's emergence and role throughout Western history. How did the Virgin Mary, about whom very little is said in the Gospels, become one of the most powerful and complex religious figures in the world? To arrive at the answers to this far-reaching question, one of our foremost medieval historians, Miri Rubin, investigates the ideas, practices, and images that have developed around the figure of Mary from the earliest decades of Christianity to around the year 1600. Drawing on an extraordinarily wide range of sources, including music, poetry, theology, art, scripture, and miracle tales, Rubin reveals how Mary became so embedded in our culture that it is impossible to conceive of Western history without her. In her rise to global prominence, Mary was continually remade and reimagined by wave after wave of devotees. Rubin shows how early Christians endowed Mary with a fine ancestry; why, in early medieval Europe, her roles as mother, bride, and companion came to the fore.

and how the focus later shifted to her humanity and unparalleled purity She also explores how indigenous people in Central America Africa and Asia remade Mary and so fit her into their own cultures Beautifully written and finely illustrated this book is a triumph of sympathy and intelligence It demonstrates Mary s endless capacity to inspire and her profound presence in Christian cultures and beyond *Mary, the mother of God. A sermon* Frederick George LEE,1868 FROM CARPENTER'S WIFE TO MOTHER OF GOD: METAMORPHOSIS OF MARY THROUGH TRADITIONS George Joseph k PhD,2019-10-01 Mary the Mother of Jesus was a humble servant of the Lord during her life time But after her death through a long process of myth making through the traditions of the Church she was made the Mother of God worthy of highest adoration from the devotees This is dangerous and against the doctrines of the Bible and the will of God **Meet Mary** Mark I. Miravalle,2007 Meet Mary teaches you everything the Bible says about her what the early Christians believed and all of the Church s key Marian teachings of 2 000 years
