Lorraine Sterry, 2009-01-29 This volume complements other published works about travel by nineteenth century women writers by locating and creating space for Japan which is missing within recent critical discourses on travel writing It examines the narratives of women writers who travelled to Japan from the mid 1850s onwards when Japan was first opened to the West and became a highly desirable travel destination for decades thereafter Many women travelled in this period and

although most left no record of their journeys enough did to form a discrete body of literature spanning more than fifty years from the end of the feudal Tokugawa era to the rise of Meiji Japan as a world power Their narratives about Japan occupy a culturally significant place not only in the genre of Victorian female travel writing but in Victorian travel writing per se The writers who are the subject of this book are divided into two groups those who were travellers by intent namely Anna D A Alice Frere Annie Brassey Isabella Bird and Marie Stopes and those who travelled by default as the wives of diplomats namely Mrs Pemberton Hodgson Mrs Hugh Fraser and Baroness Albert d Anethan

The Courtesan's Arts Martha Feldman, Bonnie Gordon, 2006-03-23 Courtesans hetaeras tawaif's ji's these women have exchanged artistic graces elevated conversation and sexual favors with male patrons throughout history and around the world Of a different world than common prostitutes courtesans deal in artistic and intellectual pleasures in ways that are wholly interdependent with their commerce in sex In pre colonial India courtesans cultivated a wide variety of artistic skills including magic music and chemistry In Ming dynasty China courtesans communicated with their patrons through poetry and music Yet because these cultural practices have existed primarily outside our present day canons of art and have often occurred through oral

transmission courtesans arts have vanished almost without trace The Courtesan s Arts delves into this hidden legacy unveiling the artistic practices and cultural production of courtesan cultures with a sideways glance at the partly related geisha Balancing theoretical and empirical research this interdisciplinary collection is the first of its kind to explore courtesan cultures through diverse case studies the Edo period and modern Japan 20th century Korea Ming dynasty China ancient Greece early modern Italy and India past and present Each essay puts forward new perspectives on how the arts have figured in the courtesan s survival or demise Though performative and often flamboyant courtesans have been enigmatic and elusive to their beholders including scholars They have shaped cultures through art yet their arts often intangible have all but faded from view Often courtesans have hovered in the crevices of space time and practice between gifts and money courts and cities feminine allure and masculine power as substitutes for wives but keepers of culture Reproductively irrelevant they have tended to be ambiguous figures thriving on social distinction while operating outside official familial relations They have symbolized desirability and sophistication yet often been reviled as decadent The Courtesan s Arts shows that while courtesans cultures have appeared regularly in various times and places they are universal neither as a phenomenon nor as a type To the contrary when they do crop up wide variations exist What binds together courtesans and their arts in the present day post industrialized world of global services and commodities is their fragility Once vital to cultures of leisure and pleasure courtesans are now largely forgotten transformed into national icons or historical curiosities or reduced to prostitution *Manners and Mischief* Jan Bardsley, Laura Miller, 2011-04-21 Offering a concise entertaining snapshot of Japanese society Manners and Mischief examines etiquette guides advice literature and other such instruction for behavior from the early modern period to the present day and discovers how manners do in fact make the nation Eleven accessibly written essays consider a spectrum of cases from the geisha party to gay bar cool executive grooming and good manners for subway travel Together they show that etiquette is much more than fussy rules for behavior In fact the idiom of manners packaged in conduct literature reveals much about gender and class difference notions of national identity the dynamics of subversion and conformity and more This richly detailed work reveals how manners give meaning to everyday life and extraordinary occasions and how they can illuminate larger social and cultural transformations

Encountering Nature Dr Thomas Heyd, 2012-10-01 This book argues that an attentive encounter with nature is of key importance for the development of an environmentally appropriate culture The fundamental idea is that the environmental degradation that we are increasingly experiencing is best conceived as the consequence of a cultural mismatch our cultures seem not to be appropriate to the natural environment in which we move and on which we depend in thoroughgoing ways In addressing this problem Thomas Heyd weaves together a rich tapestry of perspectives on human interactions with the natural world ranging from traditional modes of managing human communities that include the natural environment to the consideration of poetic travelogues ecological restoration and botanic gardens The volume is divided into three parts which respectively consider the relation of human beings to nature in terms of ethics aesthetics and culture It engages the current literature in each of these areas with the help of inter disciplinary approaches as well as on the basis of personal encounters with natural spaces and processes The ultimate aim of this book is to make a contribution to the development of a cultural fabric that is suitable to the natural spaces and processes in which we may thrive and on which we all depend as individuals and as a species

Hydra and the Bananas of Leonard Cohen Roger Green, 2009-04-30 English poet Roger Green left the safety of God country and whiskey to immerse himself in an austere and sober life on the Greek Island of Hydra But when Green discovered that his terrace overlooked the garden of sixties balladeer Leonard Cohen he became obsessed with Cohen's songs wives and banana tree Hydra starts with a poem the author wrote and recited for his fifty seventh birthday borrowing the meter of Cohen's Suzanne and ripe with references to the song with Cohen's ex partner Suzanne who may or

may not be the subject of Cohen's song in the audience. By turns playful and philosophic, Green's unconventional memoir tells the story of his journey down the rabbit hole of obsession as he confronts the meaning of poetry, history, and his own life. Beginning as a poetic meditation upon Leonard Cohen's "bananas," Green's bardic pilgrimage takes the reader on various twists and turns until, at last, the poet accepts the joy of accepting his fate. *Meditation—The Complete Guide* Patricia Monaghan, Eleanor Viereck, 2011. A revised guide to positive transformation through meditation profiles 35 diverse practices from different world regions while explaining their respective histories and virtues in a resource that includes coverage of options ranging from drumming and trance dancing to labyrinth walking and gardening. Original. *Contents: Tourism and Pop Culture Fandom* Takayoshi Yamamura, Philip Seaton, 2020-01-14. This is the first book to apply the concept of contents tourism in a global context and to establish an international and interdisciplinary framework for contents tourism research. The term "contents tourism" gained official recognition in Japan when it was defined by the Japanese government in 2005, and it has been characterised as travel behaviour motivated fully or partially by narratives, characters, locations, and other creative elements of popular culture forms including film, television, dramas, manga, anime, novels, and computer games. The book builds on previous research from Japan and explores three main themes of contents tourism: the Contentsization of Literary Worlds, Tourist Behaviours at Sacred Sites of Contents Tourism, and Contents Tourism as Pilgrimage, and draws together these key themes to propose a set of policy implications for achieving successful and sustainable contents tourism in the 21st century.
