**Strategy-Driven Leadership** Michael Couch, Richard Citrin, 2019-10-14 It is estimated that U S companies spend over 14 billion annually on leadership development Match that number to the abundant and growing research that finds most leadership development to be ineffective and the conclusion is a phenomenal amount of waste The remedy for this situation is to have business strategy drive leadership development instead of creating programs that match a one size fits all approach to leadership This book's approach called Strategy Driven Leadership Development SDLD puts business strategy first It maintains an emphasis on building leadership programs around what it will take to make the business successful as opposed to implementing a program in the hopes that it will benefit the strategy The result is a differentiated and targeted approach called Intentional Leadership Development which provides the structure for transforming how leadership development is undertaken At the heart of this book however is the explanation of how small incremental changes in action and perspective create meaningful changes in the way leadership is developed The focus is on the leadership behaviors associated with success for any company Some companies may need leaders with better financial acumen while others may require better teamwork for success These skills are learnable and when the energy of an organization is behind it then leadership development can be transformational The authors method retools prior leadership efforts the emphasis is not on previous failures and restarting with new programs There are many effective ideas and actions that are currently embedded in leadership programs but they miss the critical element of tying their efforts to the business strategy Strategy Driven Leadership changes the way organizations think about and drive their leadership talent initiatives among their current and upcoming leaders The book is filled with research science based information case studies and practical hands on tools on why and how this Strategy Driven Leadership Development model will transform company leadership approaches Coaching in Times of Crisis and Transformation Liz Hall, 2015-10-03 Coaching in Times of Crisis and Transformation takes an in depth look at crisis and change in the world we live in today and discusses its impact on both individuals and organizations Covering not just coaching in the current crisis but any time of crisis and change it offers a complete practical resource for managers and coaches to tackle the challenges effectively This book can help turn a crisis whether personal or systemic into an opportunity for transformation Coaching in Times of Crisis and Transformation covers definitions of crisis from both the individual and organizational perspective including insights on adapting to change and finding opportunities in crisis what neuroscience tells us about our reactions to change transformative coaching change models supporting organizations in crisis and how coaching and mentoring can act as preventative measures against crises Human Choice in International

Law Anna Spain Bradley,2021-07-22 An exploration of human choice in international legal and political decision making that investigates the neurobiology of choice and the history of how it has affected international peace and security

**The Art and Psychology of Board Relationships** Joy Harcup,Helen Hopper,2023-09-26 The relationships within boards can make or break an organisation but well functioning relationships take skill and effort to maintain This book looks at the psychology behind individual and group behaviour and offers tactics and power tools to help make a success of your board career The book shares advice and practical tips from 40 experienced board members from the worlds of corporates the public sector and charities on how to spot and manage complex dynamics And each chapter ends with techniques for unlocking tricky board relationships that you can put into practice immediately The authors examine case studies and explore topics such as psychodynamics cognitive behavioural psychology and neuroscience for insights into how boards react under pressure They then demonstrate how to practise the ART of managing board relationships by increasing Awareness Relating constructively to others and choosing Tactics to ease tensions and foster collaboration The Art and Psychology of Board Relationships The Secret Life of Boards reveals why board relationships lie at the heart of organisational success and how you can use them to gain competitive edge It is essential reading for current and aspiring board members coaches facilitators and anyone with an interest in boardroom dynamics

*The Role of Imagination in Understanding Leadership* Nathan W. Harter,2023-12-01 This book presents a series of fascinating investigations into the role that the imagination plays in studying and practicing leadership It explains how using the imagination is integral to both the study and practice of leadership itself Each study presented began as distinct and conceptually separable and is eloquently tied together by the author through the lens of imagination This volume outlines the role of the imagination in understanding a one s self as well as other people b the social groups to which one belongs c the dynamics by which these groups change d the conceptual structures we use to determine boundaries and e the role of ritual ceremonies such as legislative committee hearings In so doing it offers novel insights that will encourage the reader to consider their own understanding and study of leadership The Role of Imagination in Understanding Leadership will appeal to scholars and advanced students in the field of Leadership Studies including graduate students studying leadership

Leadership Across Boundaries Nathan Harter,2020-11-29 Leadership Across Boundaries A Passage to Aporia theorizes on leadership in an unprecedented manner by stepping outside of conventional leadership theory and importing into leadership studies the implications of certain innovations in the social sciences such as pluralism complexity theory and the dialogical turn to change the way scholars discuss and study leadership Leadership Across Boundaries anchors theoretical passages that generate a new way of imagining what it means to lead and follow with concrete examples about Martin Luther the Common Law dialogue as a practice a painting by Diego Vel zquez synchronized fireflies and the strange career of Francis of Assisi This book acknowledges the limitations of existing leadership research as being too leader centric simplistic static and in many cases oblivious to the power of images to shape our understanding To

rectify these limitations Leadership Across Boundaries examines alternative images of leadership grounded in concrete examples that present leadership in an unprecedented light The book includes a discussion of invigorating ideas of homeward leadership looking backward extra ordinary leadership going forward and what will be defined as the perennial need for aikido politics An interdisciplinary text Leadership Across Boundaries A Passage to Aporia will appeal not only to scholars instructors and students of leadership but also to those in the many fields in which leadership theory applies such as history economics sociology archetypal psychology the law political philosophy applied mathematics and the martial arts
