those traditions by forging novel political coalitions across ecclesiastical boundaries In theology Gerrit C Berkouwer a neo Calvinist critic of Roman Catholicism in the 1930s later attended the Second Vatican Council as an appreciative Protestant observer Telling their stories and others including new research on lesser known figures and neglected topics this book presents the first scholarly volume on those dynamics of polemics and partnership **What is Economic Justice?** Andrew Hartopp,2008-03-01 Although the language of economic justice is used right across the political spectrum today there is no consensus about what it means Secular perspectives are in deep and confusing disarray This is of little help to the poor or the rich Can the Bible do better Most certainly according to this book Whereas secular approaches tend to focus either on justice in production and exchange free trade versus fair trade or justice in distribution equality versus freedom a biblically rooted account shows that both of these aspects are central to economic justice The book indicates how this understanding applies to contemporary topics such as the relationships between borrowers and lenders and the use of monopoly power

The Kingdom of God in Working Clothes R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God's new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news
