On Pagans Jews And Christians:

On Pagans, Jews, and Christians Arnaldo Momigliano, 1987-11 An analysis of the relationships between pagan Greece imperial Rome Judaism and Christianity Religion & Power Douglas R. Edwards, 1996 Publisher description *Jews, Pagans and Christians in Conflict* D. Rokeah, 2022-07-11 **Response to the Other** Robert P. Vande Kappelle, 2020-10-20 Human beings seek meaning and purpose To do so we tell stories about the past which we call history and stories about what will occur in the future constructed from memory and imagination History is not a subject we study but one we live History is our medium as water is to fish No period of antiquity is more informative and influential for Western civilization than the Greco Roman the period from the time of Alexander the Great to the fall of the Roman Empire an age that saw the emergence of Judaism and Christianity twin traditions shaped against the background of pagan dominance The meeting between Jew and Greek Christian and pagan revolutionized the ancient world It represented a crucial moment in the history of Western society when politics economics culture and religion took a new turn In time these separate streams mingled and merged forming the single and ever widening current that gave birth to modernity Moving against the stream of religious exclusivism this book does not seek to further the cause of one particular religious perspective but rather to gain insight on how ancient pagans Jews and Christians interacted with one another This study advances contemporary attempts at dialogue and cooperation enabling people of differing agendas to focus their energy on finding solutions to problems plaguing our planet Response to the Other has much to offer specialists and non specialists alike This work can be used as a study guide the questions at the end of each chapter suitable for individual or group use *Her Share of the Blessings* Ross Shepard Kraemer, 1994-01-20 In this pathbreaking volume Ross Shepard Kraemer provides the first comprehensive look at women's religions in Greco Roman antiquity She vividly recreates the religious lives of early Christian Jewish and pagan women with many fascinating examples Greek women's devotion to goddesses rites of Roman matrons Jewish women in rabbinic and diaspora communities Christian women's struggles to exercise authority and autonomy and women's roles as leaders in the full spectrum of Greco Roman religions In every case Kraemer reveals the connections between the social constraints under which women lived and their religious beliefs and practices The relationship among female autonomy sexuality and religion emerges as a persistent theme Analyzing the monastic Jewish Therapeutae and various Christian communities Kraemer demonstrates the paradoxical liberation which women achieved by rejection of sexuality the body and the female In the epilogue Kraemer pursues the disturbing implications such findings have for contemporary women Based on an astonishing variety of primary sources *Her Share of the Blessings* is an insightful work that goes beyond the limitations of previous scholarship to provide a more accurate portrait of women in the Greco Roman world **The Jews Among Pagans and Christians in the Roman Empire** Judith Lieu, John North, Tessa Rajak, 2013-04-15 In the period of Roman domination there were communities of Jews some still in Palestine some dispersed in and around the Roman Empire they had to face at first

the world wide power of the pagan Romans and later on the emergence of Christianity as an Empire wide religion How they coped with these dramatic changes and how they influenced the new forms of religious life that emerged in this period provide the main themes of *The Jews Among Pagans and Christians Essays* by the leading scholars in the field together with the introduction by the editors offer new approaches to understanding the role of Judaism and the pattern of religious interaction characteristic of the period **The Religious History of the Roman Empire** J. A. North, S. R. F.

Price, 2011-05-26 A collection of previously published papers by leading scholars dealing with the religious history of the Roman Empire It covers Christianity and Judaism as well as the paganism of the Empire which so deeply influenced these world religions Magic in the Roman World Naomi Janowitz, 2001 A lively volume exploring the use and abuse of the word magic in late antique texts **Priests and Prophets Among Pagans, Jews and Christians** Beate Dignas, Robert

Parker, Guy G. Stroumsa, 2013 The emperor Julian pointed out that the duties of priesthood were better understood among the impious Galileans i.e. Christians than among his pagan contemporaries Like the emperor the essays in this volume look in both directions Its pages are populated by very diverse figures Plutarch Aelius Aristides Alexander of Abonouteichos Daniel the Stylite Gregory of Nazianzus Shenoute of Atripe Mani Muhammad and a host of anonymous Greek and Roman priests prophets and diviners The priests of second temple Judaism are considered too Both in the Greco Roman and the early Christian worlds the neat division between priests and prophets proves hard to sustain But in terms of fame and influence a strong contrast emerges between Greco Roman and Judeo Christian prophets this is why it is only among Jews and Christians that false prophets are feared Two recurrent preoccupations are the relation of priests and prophets to secular power and the priest prophet not as reality but as idea an imagined figure Leading scholars of the religions of antiquity come together in this wide ranging and innovative volume *A Century of Miracles* Harold Allen Drake, 2017 The fourth century of our common era began and ended with a miracle Constantine's famous Vision of the Cross at one end and Theodosius victory bearing prayer at the other In this book historian H A Drake shows how miracles in this century forever altered the way Christians pagans and Jews understood themselves and each other **Jews, Pagans, and Christians in Conflict** David

Rokeah, 1982 **The Jews Among Pagans and Christians in the Roman Empire** Judith Lieu, John North, Tessa Rajak, 2013-04-15 In the period of Roman domination there were communities of Jews some still in Palestine some dispersed in and around the Roman Empire they had to face at first the world wide power of the pagan Romans and later on the emergence of Christianity as an Empire wide religion How they coped with these dramatic changes and how they influenced the new forms of religious life that emerged in this period provide the main themes of *The Jews Among Pagans and Christians Essays* by the leading scholars in the field together with the introduction by the editors offer new approaches to understanding the role of Judaism and the pattern of religious interaction characteristic of the period A World Full of Gods Keith Hopkins, 1999 Keith Hopkins takes us on a time machine back into the ancient world to explore the emergence of

Christianity in the Roman Empire As the third millennium approaches which for many people marks the birth of Christ 2000 years ago Hopkins has written a readable and entertaining account of early Christianity which challenges our perceptions about what the religion was really like in its early stages about Jesus and about the way history is written

Apologetics in the Roman Empire Mark J. Edwards,Martin Goodman,Simon Price,Chris Rowland,1999-06-17 This book is the first to tackle the origins and purpose of literary religious apologetic in the first centuries of the Christian era by discussing on their own terms texts composed by pagan and Jewish authors as well as Christians Previous studies of apologetic have focused primarily on the Christian apologists of the second century These and other Christian authors are represented also in this volume but in addition experts in the religious history of the pagan world in Judaism and in late antique philosophy examine very different literary traditions to see to what extent techniques and motifs were shared across the religious divide Each contributor has investigated the probable audience the literary milieu and the specific social political and cultural circumstances which elicited each apologetic text In many cases these questions lead on to the further issue of the relation between the readers addressed by the author and the actual readers and the extent to which a defined

literary genre of apologetic developed These studies ranging in time from the New Testament to the early fourth century and including novel contributions by specialists in ancient history Jewish history ancient philosophy the New Testament and patristics will put the study of ancient religious apologetic on to a new footing **Jews, Pagans, and Christians in the Galilee** Mordechai Aviam, 2004 This volume holds 21 chapters arranged in chronological order from the Hellenistic to the Byzantine periods each of them based on the results of archaeological excavations or field surveys conducted by the author during the past 25 years It is a summary of field work as well as summaries of studies carried out in Galilee during the last 100 years Further it is a study of the Galileans and their material culture during the 1000 years between the third century BCE and the seventh century CE a long period of time in which the foundation for both the Jesus movement and Mishnaic Judaism were built This book gives scholars of religion history and archaeology much new and concentrated information much of which has never been previously published Mordechai Aviam was for 11 years the District Archaeologist of the Western Galilee for the Israel Antiquities Authority He is an adjunct professor in residence at the Center for Judaic Studies in the University of Rochester *Between Pagan and Christian* Christopher P. Jones, 2014-03-10 Who and what was pagan depended on the outlook of the observer as Christopher Jones shows in this fresh and penetrating analysis Treating paganism as a historical construct rather than a fixed entity *Between Christian and Pagan* uncovers the fluid ideas rituals and beliefs that Christians and pagans shared in Late Antiquity Jews and Christians in the First and Second Centuries: How to Write Their History Peter J. Tomson, Joshua J. Schwartz, 2014-08-21 The papers in this volume are organized around the ambition to reboot the writing of history about Jews and Christians in the first two centuries CE Many are convinced of the need for a new perspective on this crucial period that saw both the birth of rabbinic Judaism and apostolic Christianity and their parting of ways Yet the traditional paradigm of Judaism and Christianity as being two totally different systems of life and thought still predominates in thought handbooks and programs of research and teaching As a result the sources are still being read as reflecting two separate histories one Jewish and the other Christian The contributors to the present work were invited to attempt to approach the ancient Jewish and Christian sources as belonging to one single history precisely in order to get a better view of the process that separated both communities In doing so it is necessary to pay constant attention to the common factor affecting both communities the Roman Empire Roman history and Roman archaeology should provide the basis on which to study and write the shared history of Jews and Christians and the process of their separation A basic intuition is that the series of wars between Jews and Romans between 66 and 135 CE a phenomenon unrivalled in antiquity must have played a major role in this process Thus the papers are arranged around three focal points 1 the varieties of Jewish and Christian expression in late Second Temple times 2 the socio economic military and ideological processes during the period of the revolts and 3 the post revolt Jewish and Christian identities that emerged As such the volume is part of a larger project that is to result in a source book and a history of Jews and Christians in the first and second centuries **At**

the Gate of Christendom Nora Berend, 2001-05-17 Modern life in increasingly heterogeneous societies has directed attention to patterns of interaction often using a framework of persecution and tolerance This study of the economic social legal and religious position of three minorities Jews Muslims and pagan Turkic nomads argues that different degrees of exclusion and integration characterized medieval non Christian status in the medieval Christian kingdom of Hungary between 1000 and 1300 A complex explanation of non Christian status emerges from the analysis of their economic social legal and religious positions and roles Existence on the frontier with the nomadic world led to the formulation of a frontier ideology and to anxiety about Hungary's detachment from Christendom which affected policies towards non Christians The study also succeeds in integrating central European history with the study of the medieval world while challenging such current concepts in medieval studies as frontier societies persecution and tolerance ethnicity and the other
