

On Pilgrimage On Pilgrimage

SJ Ball

On Pilgrimage On Pilgrimage:

Pilgrimage Ian C. Bradley, 2009 This book explores the phenomenon of Christian pilgrimage pointing to its origins in the exodus and subsequent wilderness experience of the Jews the medieval heyday when millions of pilgrims spend months traveling across Europe and the modern revival that has blurred the lines between pilgrimage and tourism and made places such as Iona Taizé and Santiago de Compostella the mecca for contemporary seekers and travelers Lavishly illustrated the book begins with the history and then covers pilgrimages in Ireland Scotland England Wales Norway France Spain Italy Bosnia Herzegovina and Poland Providing a mixture of history and fact with vivid personal experiences and pilgrims own accounts and prayers Ian Bradley brings to life one of the most vibrant expressions of Christian spirituality **Redefining Pilgrimage** Antón M. Pazos, 2016-04-22 Exploring what does and what does not constitute pilgrimage *Redefining Pilgrimage* draws together a wide variety of disciplines including politics anthropology history religion and sociology Leading contributors offer a broad range of case studies from a wide geographical area exploring new ways of approaching pilgrimage beyond the classical religious model Re thinking the global phenomenon of pilgrimages in the 21st century this book offers new perspectives to redefine pilgrimage *On Pilgrimage* Jennifer Westwood, 2003 *On Pilgrimage* walks readers through the 12 stages that are common to sacred journeys describing both the spiritual and physical process It features over 60 pilgrimage destinations worldwide and emphasizes both the personal quest and the multicultural and multifaith dimension of sacred travel Full color illustrations **On Pilgrimage** Jennifer Lash, 1998-12-15 The late novelist traces her solitary pilgrimage through France and Spain in the midst of her battle with cancer in 1986 bearing witness to the power of Christianity at such awe inspiring sites as Lourdes and the forests of the Auvergne *Pilgrims and Politics* Antón M. Pazos, 2012 The objective of this book is the analysis of the relationships between the phenomenon of pilgrimage and political power within Europe It establishes a discussion where contributors can compare very different situations such as the medieval pilgrims protection by military orders the pilgrimages in Eastern European countries as an opposition to the communist power or the use of the Pilgrimage to Saint James as an element of national unification during the Spanish Civil War **Pilgrim Voices** Simon Coleman, John Elsner, 2002-10-01 Research on pilgrimage has traditionally fallen across a series of academic disciplines anthropology archaeology art history geography history and theology To date relatively little work has been devoted to the issue of pilgrimage as writing and specifically as a form of travel writing The aim of the interdisciplinary essays gathered here is to examine the relations of Christian pilgrimage to the numerous narratives which it generates and upon which it depends Authors reveal not only the tensions between oral and written accounts but also the frequent ambiguities of journeys the possibilities of shifts between secular and sacred forms and accounts of travel Above all the papers reveal the self generating and multiple authored characteristics of pilgrimage narrative stories of past pilgrimage experience generate future stories and even future journeys **Pilgrims and Pilgrimage in the Medieval West** Diana

Webb,2001-02-16 Pilgrimage was an integral part not only of medieval religion but medieval life and from its origins in the 4th century Mediterranean world rapidly spread to northern Europe as a pan European devotional phenomenon Drawing upon original source materials this text seeks to uncover the motives of pilgrims and the details of their preparation maintenance hazards on the route and their ideas about pilgrimage sites especially Jerusalem Compostela and Rome and gives an account of the multiplicity of interest which grew up around the many shrines along the way The period covered is from about 1000 AD to 1500 AD before the first crusade and the beginning of the great growth in pilgrimage in the Orthodox church Byzantine of Russia The bibliography includes printed sources and a listing of secondary works **Practicing**

Pilgrimage Brett Webb-Mitchell,2016-11-09 Practicing Pilgrimage On Being and Becoming God s Pilgrim People explores both the theological cultural and spiritual roots of Christian pilgrimage and is a how to book on doing pilgrimage in our suburban backyards city streets rural roads churches retreat centers and our everyday life Brett Webb Mitchell takes the ancient practice of Christian pilgrimage and applies it to our contemporary lives **On Pilgrimage** Day,

Dorothy,2021-05-19 A collection of writings from the 1960s by Dorothy Day founder of the Catholic Worker movement

Pilgrimage Simon Coleman,John Elsner,1995 From the Great Panathenaea of ancient Greece to the hajj of today people of all religions and cultures have made sacred journeys to confirm their faith and their part in a larger identity This book is a fascinating guide through the vast and varied cultural territory such pilgrimages have covered across the ages The first book to look at the phenomenon and experience of pilgrimage through the multiple lenses of history religion sociology anthropology and art history this sumptuously illustrated volume explores the full richness and range of sacred travel as it maps the cultural imagination The authors consider pilgrimage as a physical journey through time and space but also as a metaphorical passage resonant with meaning on many levels It may entail a ritual transformation of the pilgrim s inner state or outer status it may be a quest for a transcendent goal it may involve the healing of a physical or spiritual ailment Through folktales narratives of the crusades and the firsthand accounts of those who have made these journeys through descriptions and pictures of the rituals holy objects and sacred architecture they have encountered as well as the relics and talismans they have carried home Pilgrimage evokes the physical and spiritual landscape these seekers have traveled In its structure the book broadly moves from those religions Judaism Christianity and Islam that cohere around a single canonical text to those with a multiplicity of sacred scriptures like Hinduism and Buddhism Juxtaposing the different practices and experiences of pilgrimage in these contexts this book reveals the common structures and singular features of sacred travel from ancient times to our own Nomads on Pilgrimage Isabelle Charleux,2015-06-29 Nomads on Pilgrimage Mongols on Wutaishan China 1800 1940 is a social history of the Mongols pilgrimages to Wutaishan in late imperial and Republican times In this period of economic crisis and rise of nationalism and anticlericalism in Mongolia and China this great Buddhist mountain of China became a unique place of intercultural exchanges mutual borrowings and competition between different

ethnic groups Based on a variety of written and visual sources including a rich corpus of more than 340 Mongolian stone inscriptions it documents why and how Wutaishan became one of the holiest sites for Mongols who eventually reshaped its physical and spiritual landscape by their rites and strategies of appropriation

International Perspectives on Pilgrimage Studies John Eade, Dionigi Albera, 2015-04-10 Although research on contemporary pilgrimage has expanded considerably since the early 1990s the conversation has largely been dominated by Anglophone researchers in anthropology ethnology sociology and religious studies from the United Kingdom the United States France and Northern Europe This volume challenges the hegemony of Anglophone scholarship by considering what can be learned from different national linguistic religious and disciplinary traditions with the aim of fostering a global exchange of ideas The chapters outline contributions made to the study of pilgrimage from a variety of international and methodological contexts and discuss what the metropolis can learn from these diverse perspectives While the Anglophone study of pilgrimage has largely been centred on and located within anthropological contexts in many other linguistic and academic traditions areas such as folk studies ethnology and economics have been highly influential Contributors show that in many traditions the study of folk beliefs and practices often marginalized within the Anglophone world has been regarded as an important and central area which contributes widely to the understanding of religion in general and pilgrimage specifically As several chapters in this book indicate folk based studies have played an important role in developing different methodological orientations in Poland Germany Japan Hungary Italy Ireland and England With a highly international focus this interdisciplinary volume aims to introduce new approaches to the study of pilgrimage and to transcend the boundary between center and periphery in this emerging discipline

Powers of Pilgrimage Simon Coleman, 2022-01-18 Finalist Award for Excellence in the Study of Religion Analytical Descriptive Studies given by the American Academy of Religion A groundbreaking reframing of religious pilgrimage Pious processions Sites of miraculous healing Journeys to far away sacred places These are what are usually called to mind when we think of religious pilgrimage Yet while pilgrimage can include journeying to the heart of sacred shrines it can also occur in apparently mundane places Indeed not everyone has the resources or mobility to take part in religiously inspired movement to foreign lands and some find meaning in religious movement closer to home and outside of officially sanctioned practices Powers of Pilgrimage argues that we must question the universality of Western assumptions of what religion is and where it should be located including the notion that genuine pilgrimage needs to be associated with discrete formally recognized forms of religiosity This necessary volume makes the case for expanding our gaze to reconsider the salience scope and scale of contemporary forms of pilgrimage and pilgrimage related activity It shows that we need to reflect on how pilgrimage sites journeys rituals stories and metaphors are entangled with each other and with wider aspects of people's lives ranging from an action as trivial as a stroll down the street to the magnitude of forced migration to another country or continent Offering a new theoretical lexicon and framework for exploring human pilgrimage Powers of Pilgrimage

presents a broad overview of how we can understand pilgrimage activity and proposes that it should be understood not solely as going to staying at and leaving a sacred place but also as occurring in ordinary times places and practices **The Age of Pilgrimage** Jonathan Sumption,2003 We are apt to forget how much people traveled in the Middle Ages Not only merchants friars soldiers and official messengers but crowds of pilgrims were a familiar sight on the roads of Western Europe In this engaging work of history Jonathan Sumption brings alive the traditions of pilgrimage prevalent in Europe from the beginning of Christianity to the end of the fifteenth century Vividly describing such major destinations as Jerusalem Rome Santiago de Compostela and Canterbury he examines both major figures popes kings queens scholars villains and the common people of their day *The Many Voices of Pilgrimage and Reconciliation. CABI Religious Tourism and Pilgrimage Series* Ian S McIntosh,Lesley D Harman,2017-10-27 Reviewing peace and reconciliation secular pilgrimages and international perspectives on sacred journeys this book offers the reader an opportunity to encounter multiple voices and viewpoints on one of the most ancient practices of humankind With an estimated third of all international travellers now undertaking journeys anticipating an aspect of transformation the hallmark of pilgrimage this book includes both spiritual and non spiritual voyages such as journeys of self therapy mindfulness and personal growth An innovative and engaging addition to the pilgrimage literature this book provides an important resource for researchers of religious tourism and related subjects

Life as Pilgrimage David Moffett-Moore,2013-05-29 How deep are the roots of pilgrimage in Christianity Can we find new meaning and balance in modern life by following the path of pilgrims of ancient times In true Celtic fashion Rev Dr David Moffett Moore views life as a celebration to be shared and a pilgrimage to be explored tracing his roots to the O Mordha clan of ancient Ireland and the McQueen s and MacLean s of the Scottish highlands In Life as Pilgrimage Dr Moffett Moore offers us the image of pilgrimage as a basis for spiritual health Using the Peregrine falcon as an archetype for pilgrimage this volume explores the roots of our ancient past to discover meaning for our modern lives Celtic pilgrimage is about the journey rather than the destination life is a pilgrimage from the place of our birthing to the place of our rising This book will be an invaluable aid in finding your way in a new and more powerful spiritual journey The second edition is expanded and revised

Pilgrims and Pilgrimages as Peacemakers in Christianity, Judaism and Islam Antón M. Pazos,2016-04-08 Pilgrimages can be analysed as acts of conflict such as the Crusades or also as platforms for relationship building and rapprochement between religions With a set of contributions from leading experts in the field this book explores the concept of pilgrimage in Christianity Judaism and Islam Some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are explored ranging from Europe to Asia and from the Middle Ages to the twentieth century Even though every pilgrimage that is investigated here has helped to link different worlds the case studies show that this relationship rarely led to a better in inter understanding Nowadays peaceful coexistence seems to be its greatest achievement **Swami Vivekananda in India** Rajagopal Chattopadhyaya,1999-01-01 Swami Vivekananda in india

A Corrective Biography attempts to inform the reader accurately about his life both before and after his historic visits to the West. Much material has been translated anew from original Bengali books. At the same time it challenges current popular and pious notions held about this humanitarian monk. The four major chapters in this book are about his meetings with Sri Ramakrishna, his travels in India during 1886-1893, media waves about him in India and his triumphant return from the West in 1897. Analysis of original eyewitness reports in both India and Western newspapers and periodicals forms an integral part of this biography. *Pilgrimages to Saint Mary of Walsingham and Saint Thomas of Canterbury* Desiderius Erasmus, 1875

Pilgrimage as Spiritual Practice Jeffrey Bloechl, André Brouillette, 2022. This book provides a handbook of resources to aid the study and practice of pilgrimage for leaders and pilgrims. The first part of the book explores aspects of the pilgrimage phenomenon: philosophy, theology, anthropology, psychology, medieval literature, art history. The second part addresses specific pilgrimage experiences and contexts.
