Genesis Abraham Kuruvilla, 2014-02-17 Genesis A Theological Commentary for Preachers engages hermeneutics for preaching employing theological exegesis that enables the preacher to utilize all the narrative units of the book to craft effective sermons This commentary unpacks the crucial link between Scripture and application the theology of each preaching text i.e. what the author is doing with what he is saying Genesis is thus divided into thirty five narrative units and the theological focus of each is delineated The overall theological trajectory theme of the book divine blessing creating for blessing Gen 1 11 moving towards blessing Gen 12 24 experiencing the blessing Gen 25 36 and being a blessing Gen 37 50 is thus progressively developed The specificity of these theological ideas for their respective texts makes possible a sequential homiletical movement through each pericope of the book enabling the expositor to discover valid application for sermons While the primary goal of the commentary is to take the preacher from text to theology it also provides two sermon outlines for each of the thirty five units of Genesis The unique approach of this work results in a theology for preaching commentary that promises to be useful for anyone teaching through Genesis with an emphasis on application
