**Passions and Virtues According to Saint Gregory Palamas** Anestēs G. Keselopoulos, 2004-01-01 **Triune God** Constantinos Athanasopoulos, 2016-01-14 The 13th and 14th centuries represented the most productive and influential period in the history of philosophy and theology in the West. A parallel and less influential proliferation of arguments and theories took place in the East at the same time as a result of the defence of the Hesychastic movement offered by St Gregory Palamas and his followers. The papers brought together in this volume discuss the importance of Palamite ideas for the understanding of God in terms of divine energies and for contemporary approaches to solving perennial problems in science, metaphysics, aesthetics and ethics. Some of the contributors take a more reserved evaluation of the Palamite corpus, preferring to highlight similarities and differences between Palamas and the chief representatives of Medieval Scholasticism such as Thomas Aquinas, Duns Scotus and Ockham. Other essays offer a radical re-evaluation of the Western history of philosophy and theology, preferring to bring out the reasons for Western philosophical and theological shortcomings and providing a wider critique on Western culture. Contributors to this volume include some of the top scholars on Palamite studies from the fields of philosophy, theology, aesthetics, cultural criticism and art theory. As such, it represents a particularly useful resource for advanced undergraduate students, postgraduate students and researchers in Christian theology and philosophy, Byzantine cultural studies and aesthetics.

**St. Gregory Palamas, Archbishop Of Thessaloniki, His Writings And Teaching On Hesychia** Ivan Sokolov, Saint Gregory Palamas St. Gregory Palamas, Christopher Veniamin, 2023-07-30 ST GREGORY PALAMAS represents Orthodox theology at its most sublime. Patristic theology in the fourteenth century of which St Gregory is indubitably the greatest exponent touched the very boundaries of theological expression. St Gregory's sermons are among the finest in Patristic literature. In his treatment of the manifold themes contained therein, he is remarkably consistent in maintaining a balance between originality of thought and strict adherence to the tradition of his predecessors. Moreover, his genius resides in the ease with which he demonstrates as only a master of the spiritual life can, the refreshingly practical significance of the doctrines of the Church for the life in Christ. Dr Christopher Veniamin is a spiritual child of St Sophrony the Athonite. 1896-1993 a graduate of the Universities of Thessalonica and Oxford, has served as Professor of Patristics at St Tikhon's Seminary 1994-2023 and as Dean and COO of The Antiochian House of Studies 2015-2020. He is also the author of *The Orthodox Understanding of Salvation: Theosis in Scripture and Tradition* and *The Transfiguration of Christ in Greek Patristic Literature: From Irenaeus of Lyons to Gregory Palamas*. With Addendum: *The Transfiguration of Christ in the Spiritual Homilies of Macarius the Egyptian*. His translation *Saint Gregory Palamas: The Homilies* for which he wrote a prodigious number of scholia, is arguably the greatest single volume commentary on the Bible in Patristic literature.
