H. Auden* W. H. Auden, 1991-04-23 Between 1927 and his death in 1973 W H Auden endowed poetry in the English language with a new face Or rather with several faces since his work ranged from the political to the religious from the urbane to the pastoral from the mandarin to the invigoratingly plain spoken This collection presents all the poems Auden wished to preserve in the texts that received his final approval It includes the full contents of his previous collected editions along with all the later volumes of his shorter poems Together these works display the astonishing range of Auden's voice and the breadth of his concerns his deep knowledge of the traditions he inherited and his ability to recast those traditions in modern times **ARTnews** , 1975

New York Magazine , 1997-03-31 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Gods and Mortals** Nina Kossman, 2001-03-22 For centuries poets have looked into the mirror of classical myth to show us the many ways our emotional lives are still reflected in the ancient stories of heroism hubris transformation and loss that myths so eloquently tell Now in Gods and Mortals Modern Poems on Classical Myths we have the first anthology to gather the great 20th century myth inspired poems from around the world Perhaps it is because the myths echo the structure of our unconscious that every new generation of poets finds them a source of inspiration and self recognition says Nina Kossman in her introduction to this marvelous collection Indeed from Valery Yeats Lawrence Rilke Akhmatova and Auden writing in the first half of the century to such contemporary poets as Lucille Clifton Derek Walcott Rita Dove Wislawa Szymborska and Mark Strand the material of Greek myth has elicited a poetry of remarkably high achievement And by organizing the poems first into broad categories such as Heroes Lovers Trespassers and secondly around particular

mythological figures such as Persephone Orpheus or Narcissus readers are treated to a fascinating spectrum of poems on the same subject For example the section on Odysseus includes poems by Cavafy W S Merwin Gregory Corso Gabriel Zaid Louise Gluck Wallace Stevens and many others Thus we are allowed to see the familiar Greek hero refracted through the eyes and sharply varying stylistic approaches of a wide range of poets from around the world Here then is a collection of extraordinary poems that testifies to and amply rewards our ongoing fascination with classical myth The Publishers Weekly ,1987
