

Pastel Training manual update document

Training manual updated: Pastel Bridging Version 11.1.1
New version number: Pastel Bridging Version 11.1.2

Since the release of the Pastel Accounting Version 11 Bridging course, a few changes have been made to our Version 11 software.

The following updates have been made and are included in the Pastel Accounting Bridging Version 11.1.2 manual.

Changes to Section C., page 3/

C ENHANCEMENTS TO ELECTRONIC DOCUMENTS

More and more customers today are requesting electronic documentation for ease of storage and record keeping. These documents are 128 bit encrypted and are in PDF format. Before a supplier can send electronic documents to a customer, the supplier needs to request written permission from the customer to send electronic documents. This is the sole responsibility of the supplier. Once the customer has given their consent to receive electronic documents, there is a check box in the Edit...Customer Accounts...Processing tab that needs to be checked,

The screenshot shows the 'Edit...Customer Accounts...Processing' window. The 'Customer' section includes fields for 'Code' (001), 'Name' (John Limited), and 'Type' (Supplier). The 'Processing Method' section has a checkbox for 'Customer Accepts Electronic Documents' which is checked. A callout box points to this checkbox with the text 'Customer Accepts Electronic Documents'.

Journal of the House of Representatives Michigan,1889 **Documents Accompanying the Journal of the House**
Michigan. Legislature,1889 **The 71F Advantage** National Defense University Press,2010-09 Includes a foreword by
Major General David A Rubenstein From the editor 71F or 71 Foxtrot is the AOC area of concentration code assigned by the
U S Army to the specialty of Research Psychology Qualifying as an Army research psychologist requires first of all a Ph D
from a research not clinical intensive graduate psychology program Due to their advanced education research psychologists
receive a direct commission as Army officers in the Medical Service Corps at the rank of captain In terms of numbers the 71F
AOC is a small one with only 25 to 30 officers serving in any given year However the 71F impact is much bigger than this
small cadre suggests Army research psychologists apply their extensive training and expertise in the science of psychology
and social behavior toward understanding preserving and enhancing the health well being morale and performance of
Soldiers and military families As is clear throughout the pages of this book they do this in many ways and in many areas but
always with a scientific approach This is the 71F advantage applying the science of psychology to understand the human
dimension and developing programs policies and products to benefit the person in military operations This book grew out of
the April 2008 biennial conference of U S Army Research Psychologists held in Bethesda Maryland This meeting was to be
my last as Consultant to the Surgeon General for Research Psychology and I thought it would be a good idea to publish
proceedings which had not been done before As Consultant I d often wished for such a document to help explain to people
what it is that Army Research Psychologists do for a living In addition to our core group of 71Fs at the Bethesda 2008
meeting we had several brand new members and a number of distinguished retirees the grey beards of the 71F clan Together
with longtime 71F colleagues Ross Pastel and Mark Vaitkus I also saw an unusual opportunity to capture some of the history
of the Army Research Psychology specialty while providing a representative sample of current 71F research and activities It
seemed to us especially important to do this at a time when the operational demands on the Army and the total force were
reaching unprecedented levels with no sign of easing and with the Army in turn relying more heavily on research psychology
to inform its programs for protecting the health well being and performance of Soldiers and their families **Industrial**
