## **Pastoral Care And Counseling Redefining The Paradigms:**

**Pastoral Care and Counseling** Nancy Jean Ramsay, 2004 Pastoral Care and Counseling has changed radically since the publication of The Dictionary of Pastoral Care and Counseling Rapid changes have occurred in theological social and medical contexts broadening the understanding of care The shift from the living human document to the living human web both enriches and challenges the study and practice of pastoral theology Just as the Dictionary of Pastoral Care and Counseling defined the field of Pastoral Care this volume brings the field current Essays by Nancy J Ramsay Joretta L Marshall Emmanuel Y Lartey Christie C Neuger Bonnie J Miller McLemore and Loren L Townsend Topics include Pastoral Theology Public Theology Power and Difference Globalization Internationalization and Indigentization Training in Clinical Ministry Methodology **Moving Beyond Individualism in Pastoral Care and Counseling** Barbara J McClure, 2011-10-27

Despite astute critiques and available resources for alternative modes of thinking and practicing individualism continues to be a dominating and constraining ideology in the field of pastoral psychotherapy and counseling Philip Rieff was one of the first to highlight the negative implications of individualism in psychotherapeutic theories and practices As heirs and often enthusiasts of the Freudian tradition of which Rieff and others are critical pastoral theologians have felt the sting of his charge and yet the empirical research that McClure presents shows that pastoral counseling practitioners resist change Their attempts to overcome an individualistic perspective have been limited and ineffective because individualism is embedded in the field's dominant theological and theoretical resources practices and organizational arrangements Only a radical reappraisal of these will make possible pastoral counseling practices in a post individualistic mode McClure proposes several critical transformations broadening and deepening the operative theologies used to guide the healing practice expanding the role of the pastoral counselor reimagining the operative anthropology reclaiming sin and judgment nuancing the particular against the individual rethinking the ideal outcome of the practices and reimagining the organizational structures that support the practices Only this level of revisioning will enable this ministry of the church to move beyond its individualistic limitations and offer healing in more complex effective and socially adequate ways **Pastoral Care and**

**Counseling in Large/Mega Congregations** Jean Beedoe, 2016-08-04 Church growth in metropolitan communities motivated a short study concerning the pastoral care and counseling of immigrants specifically Black Caribbean congregants in large mega congregations Culture denomination history and interpretations of scripture enter into the dynamics of defining not only the pastoral office of leaders but their perception of care The phenomenological cycle of care is said to exist as an exchange happens between caregivers and care receivers Such an exploration of three congregations opened up rare concepts of the psycho social and spiritual nature that guide interpersonal relationships of family systems across cultures Large mega congregations desire women's as well as men's style of nurturing and of fellowship that form the characteristics of a sharing caring congregation The study implicated a need for more comprehensive interdisciplinary teaching methods to

train church leaders and clergy It signals for an approach in practical theology to develop curricula for spiritual health of cultural plurality in congregations and community      Neuroplasticity, Performativity, and Clergy Wellness William D.

**Recognizing Other Subjects** Katherine E. Lassiter, 2017-01-26 How do we care justly when the self suffers because of

the identity that they inhabit Pastoral theologian Katharine E Lassiter approaches this interdisciplinary question from a feminist perspective in order to understand how suffering subject formation and social injustice are connected Lassiter identifies the challenges of identity in developing a pastoral theological anthropology reflecting on tensions in her own experiences of caring for selves Drawing from theories of recognition she argues that doing just care requires recognizing the need for recognition as well as acknowledging the impediments to receiving interpersonal social and theological recognition Bringing together resources from pastoral theology and social theory she develops a feminist pastoral theology and praxis of encounter in order to advance a care that does justice Scholars social justice practitioners and pastoral caregivers will be able to use this resource to discover not only how and why recognition affects human development but also how we might implement a liberative theological praxis that is attentive to the role of recognition in subject formation

When Christ's Body Is Broken Leanna K. Fuller, 2016-03-03 When Christ's Body Is Broken tells the stories of two congregations in conflict Although these churches had very different problems they faced similar struggles to articulate a faithful response to their concerns and to cope with the discord that threatened to tear their communities apart Pastoral theologian Leanna K Fuller shares these stories as a way of exploring the sources and dynamics of conflict in congregations She argues that at the heart of such conflict lies anxiety triggered by encounters with difference Bringing together resources from pastoral theology psychodynamic theory and social psychology Fuller offers a theological reframing of conflict through categories of diversity vulnerability and hospitality categories that she argues can encourage human beings to sit with the anxiety stirred by communal life and remain connected across differences This reframing provides fertile ground out of which Fuller imagines
