Weaver, Harold George Koenig, Over 120 million American teens and adults use alcohol at one time or another While in most situations these individuals are able to use it responsibly and with moderation no one is immune to its destructive use which makes it a significant public health issue Many drinkers find that their otherwise responsible use turns problematic and abusive when faced with depression trauma grief undue social pressures or other tempting and potentially addictive behaviors Not all of these people become full fledged alcoholics but they do develop an alcohol problem that needs careful and sensitive pastoral care to understand the underlying issues for their alcohol abuse Because of this clergy and other pastoral counselors need to develop competence in recognizing alcohol abuse problems including alcoholism identifying when to make referrals helping persons to find available community resources and training congregational members to provide support to affected individuals and families Gender, Violence, and Justice Pamela Cooper-White, 2019-03-20 Gender Violence and Justice is a volume of collected essays by an expert in the field of violence against women and pastoral theology It represents over three decades of research advocacy and pastoral theological reflection on the subject of sexual

he could understand her reactions to incidents that triggered memories of her past She remarried in 2007 and is still married This is a miracle one that only God could provide by revealing behavior patterns that were sabotaging her relationships

Domestic Violence in the Anglophone Caribbean Ann Marie Bissessar, Camille Huggins, 2022-01-27 Domestic violence continues to be a social problem that is rarely understood or discussed in many parts of the world The same holds true in the Anglophone Caribbean The Caribbean context is unique as it was birthed out of colonization which was violent and brutal for those who were forced to migrate from another country as enslaved labor as well as for those who were conquered out of their lands Most Caribbean islands societies were created and developed by slaves colonizers and indentured servants This history has left an indelible scar on all involved which is exemplified by the antagonistic way people interact whether it is between races ethnicities religions or gender Traditionally domestic relationships and causal factors for domestic violence has been investigated from a myriad of perspectives including the ethnic lineage of the participants However in the Caribbean due to its historic origins domestic violence should also be examined through the lens of its colonial past This book examines the consequences of allowing domestic violence to perpetuate in the region It then looks at some of practices used to provide support and find justice for victims and perpetrators in a Caribbean cultural context
