discovery and enlightenment **The Yoga Sutras of Patanjali** Patanjali, Charles Johnston, 2009-01-01 The Yoga Sutras of Patanjali discuss the philosophy on which yogic practice is based. It is an ancient and enormously influential piece of work still relevant today. The Sanskrit word yoga describes the suspension of thoughts and feelings experienced during practice and sutra is a thread on which beads or in this case aphorisms are strung. The work is sometimes referred to in English as The Yoga Aphorisms.

The Yoga Sutras of Patanjali By Patanjali, 2019-06-28 The Yoga Sutras of Patanjali are Indian sutras, aphorisms that constitute the foundational text of yoga. In medieval times yoga was cast as one of the six orthodox schools of Hindu philosophy. The Yoga Sutras form the theoretical and philosophical basis of Raja Yoga and are considered to be the most organized and complete definition of that discipline. The Sutras not only provide yoga with a thorough and consistent philosophical basis; they also clarify many important esoteric concepts which are common to all traditions of Indian thought such as karma.

Demystifying Patanjali: The Yoga Sutras Paramhansa Yogananda, 2013-06-03 What happens as we grow spiritually? Is there a step by step process that everyone goes through? All spiritual seekers, including those of any or no religious persuasion, as they gradually work their way upward until they achieve the highest state of Self realization. About 2200 years ago a great spiritual master of India named Patanjali described this process and presented humanity with a clear cut step by step outline of how all truth seekers and saints achieve divine union. He called this universal inner experience and process yoga or union. His collection of profound aphorisms, a true world scripture, has been dubbed Patanjali's Yoga Sutras. Unfortunately, since that time many scholarly translators with little or no spiritual realization have written commentaries on Patanjali's writings that have succeeded only in burying his pithy insights in convoluted phrases like "becomes assimilated with transformations" and the object alone shines without deliberation. How can any reader understand Patanjali's original meaning when he or she has to wade through such bewildering terminology? Thankfully, a great modern yoga master, Paramhansa Yogananda, author of the classic *Autobiography of a Yogi*, has cut through the scholarly debris and resurrected Patanjali's original teachings and revelations. Now, in *Demystifying Patanjali*, Swami Kriyananda, a direct disciple of Yogananda, shares his guru's crystal clear and easy to grasp explanations of Patanjali's aphorisms. As Kriyananda writes in his introduction: "My Guru personally shared with me some of his most important insights into these sutras. During the three and a half years I lived with him, he also went with me at great length into the basic teachings of yoga. I was able, moreover, to ask my Guru personally about many of the subjects covered by Patanjali. His explanations have lingered with me and have been a priceless help in the writing of this book."

The Yoga Sutras of Patanjali Emma Willmott, 2021-01-25 Patanjali's Yoga Sutra, one of the foundational texts of yoga philosophy, begins with the verse *atha yoga anushasanam* which means "now the yoga is given or shared." The first word of the verse, *atha*, reminds us that our yoga practice is about what we are doing and

thinking right now The verse implies that we are to commit to a practice and to bring that practice into our daily lives and relationships in real time So even though we live in the 21st century we can apply this ancient wisdom today As Patanjali writes all that matters is that we begin here and now to live and practice with greater self awareness and presence The word sutra which translates to strand or thread refers to a series of teachings that are threaded together like pearls on a necklace Patanjali's Sutra is a collection of 196 short pithy verses While there is academic debate about the exact date Patanjali wrote his Sutra it is approximately 2 000 years old but its wisdom is timeless and it continues to speak to the human mind and heart through the ages Patanjali's verses offer a time tested roadmap of human consciousness and how to live a happy and meaningful life through the practice of yoga Yoga Sutra of Patanjali Patanjali Patanjali,2018-10-05 The Yoga Sutras of Patanjali are in themselves exceedingly brief less than ten pages of large type in the original Yet they contain the essence of practical wisdom set forth in admirable order and detail The theme if the present interpreter be right is the great regeneration the birth of the spiritual from the psychical man the same theme which Paul so wisely and eloquently set forth in writing to his disciples in Corinth the theme of all mystics in all lands Patanjali's Yoga Sutra Patanjali,1975

of the images of things seen and heard and therefore a world of memories a world also of hopes and desires of fears and regrets Mental life grows up among these images built on a measuring and comparing on the massing of images together into general ideas on the abstraction of new notions and images from these till a new world is built up within full of desires and hates ambition envy longing speculation curiosity self will self interest The teaching of the East is that all these are true powers overlaid by false desires that though in manifestation psychical they are in essence spiritual that the psychical man is the veil and prophecy of the spiritual man
