Path Golden Heart Conscious Unconscious:

Path of the Golden Heart Cindy Jarrett, 2015-11-05 Path Of The Golden Heart Conscious Dating In An Unconscious World the first book in Cindy Jarrett's Conscious Relationships Series is based on Cindy's pioneering work into the necessity for emotional maturity as the key for healthy and sustaining love relationships to succeed. It is an in-depth training that brings truth back into the dating process where single men and women can fully be their authentic selves while getting to know each other. It brings an end to the suffering that has long been associated with dating. It is a modern approach to dating that dispels the myths about the games in dating many authorities try to promote. This training brings single people the necessary education as to why love has become so difficult to attain and what stands in the way of effortlessly entering into love relationships. Readers are provided easy and accessible actions to take that makes Conscious Dating a welcomed relief. Love what we all desire. It matters most to us and drives us to do the most courageous to craziest of things. Love is what gives us our supreme experiences and challenges. It is our most powerful expression. Love heals all things. And love is our greatest teacher. Yet love eludes us. It is everywhere and missing in so many hearts. We fear it. We run from it. We long for it. We deserve it. It is our birthright. And it is this desire for love that brings us to the dating ritual again and again. And love is not enough. We need more than just love to build and sustain a healthy relationship. We also need commitment, clarity, honesty, character, an inner life, consistency, maturity, an open heart, forgiveness, training, guidance, consciousness, more maturity, healthy communications, sensitivity. Have I said maturity yet and much much more. We don't usually relate to love or love relationships with maturity in mind. We don't necessarily declare that these elements are also what loving another requires.

The Whole Person Roberta Vienneau, 2023-07-06 In a world where many are disillusioned with the highly drug-dependent medical establishment, integrative medicine is gaining popularity because of its more holistic approach. Holism, by definition, implies greater than the sum of its parts and is a response to reductionism, especially biological reductionism in medicine. The holistic model widely accepted in integrative healthcare today is a biopsychosocial model that aims to treat the whole person. It is a systems hierarchy model that includes the universe to a cell, particle, so one's understanding of holism will be reflected in what one considers relevant. To a pulmonologist, holism might mean the whole respiratory system; to a geneticist, holism might mean the whole family history; but who is treating the whole person? This groundbreaking book sheds light on the limitations of integrative healthcare in exploring the full potential of homeopathy in treating the whole person. It argues that we don't need a new approach, definition, or understanding of holism. We sometimes just need to step out of the systems hierarchy model of the reductionist paradigm itself to get a larger view and redefine the boundaries of what constitutes the wholeness of a person. With a clear and engaging writing style, the book takes readers on a journey through the history and evolution of the concept of whole and presents a compelling case for the adoption of an anthroposophic paradigm as a more comprehensive and effective approach to holism, healing, and homeopathy. Whether you are a homeopath, a healthcare

practitioner a patient or simply interested in holistic medicine this is a must read book that will challenge your assumptions and expand your understanding of what it means to treat the whole person **True and False Paths of Spiritual Research** Rudolf Steiner,2020-09-16 In these much valued lectures Rudolf Steiner begins by posing the question Why investigate the spiritual worlds at all He goes on to explore the contemporary need for spiritual knowledge and the authentic paths that can lead to it Speaking in Torquay England at the International Summer School organized by his friend and colleague D N Dunlop Steiner surveys the differences in various types of consciousness from ancient to modern times in waking and dreaming from space into time and the changes that have taken place in relation to knowledge and science in the course of history He goes on to discuss the Mystery nature of crystallized minerals and metals such as copper and silver and their relationship to the planets He also describes how the ages of life can become organs of perception In a dramatic conclusion Steiner explains the role of moon beings ahrimanic elemental beings and the true nature of mediumship ectoplasm and spiritual possession Presented here in a fresh translation that corrects many errors in previous editions the text is complemented with notes an introduction by Paul King and an index Lectures include Nature is the Great Illusion Know Thyself The Three Worlds and their Reflected Images Form and Substantiality of the Mineral Kingdom in relation to Human Levels of Consciousness The Secret of Research into other Realms through the Metamorphosis of Consciousness The Inner Enlivening of the Soul through the Qualities of Metals Initiation Science Star Knowledge Possible Aberrations in Spiritual Research **Wyrdcraft** Matthew Ash McKernan,2023-01-08 Weaving Germanic Paganism with mysticism magic and his background as a transpersonal therapist Matthew Ash McKernan introduces you to wyrd a mysterious web of being that connects everything Wyrd encompasses all organisms ecosystems matter phenomena purposes and possibilities It is destiny nature soul magic and mystery intertwined In Wyrdcraft McKernan guides you through a process of attuning to wyrd as it manifests within all the domains of your life teaching you how to sense and intuit the ways of wyrd more clearly than ever before Exploring the intersections of psychotherapy ecotherapy Heathenry and magic this contemplative and experiential book offers nearly fifty exercises to help you cultivate wyrd consciousness an awareness that is naturally revealing healing transformative and becoming Becoming what you may ask You will see as you align with the wisdom of wyrd heal yourself and our interconnected world and remember the nature of your Higher Self **Paths Between Head and Heart** Oliver C. Bodies Phillip Moffitt,2017-09-05 This beautiful illustrated guide for meditation and yoga students of all spiritual traditions offers subtle and vast teachings on the mystery of the body and mind Jack Kornfield author of No Time Like the Present Based on meditation practices Phillip Moffitt learned twenty years ago from Himalayan yoga master Sri Swami Balyogi Premvarni this beautifully illustrated book is a guide to exploring the nature of mind and gaining a better understanding of experiences that arise during meditation The Nine Bodies teachings map out a journey that starts with consciousness that arises in the physical body and is directly observable and then travels through ever more subtle levels of consciousness to that which is not manifest and is only potential and therefore has to be inferred The book includes a series of mysterious illustrations that Balyogi created during his time of intense Samadhi explorations Each illustration is a rich composition of symbols that express aspects of inner experiences that are almost impossible to express with language Moffitt makes these

teachings available for meditation students from all spiritual traditions to use as gateways for exploring the nature of mind and as additional means for tracking and classifying meditative experiences Students of yoga will also find value in the teachings of the Nine Bodies as they provide a means for contextualizing and connecting with yogic teachings on chakras koshas gunas and the Three Bodies
