**Christopher L Webber**

### **Patrick Henry First Among Patriots:**

Patrick Henry Thomas S Kidd,2011-11-22 Most Americans know Patrick Henry as a fiery speaker whose pronouncement Give me liberty or give me death rallied American defiance to the British Crown But Henry s skills as an orator sharpened in the small towns and courtrooms of colonial Virginia are only one part of his vast but largely forgotten legacy As historian Thomas S Kidd shows Henry cherished a vision of America as a virtuous republic with a clearly circumscribed central government These ideals brought him into bitter conflict with other Founders and were crystallized in his vociferous opposition to the U S Constitution In Patrick Henry Kidd pulls back the curtain on one of our most radical passionate Founders showing that until we understand Henry himself we will neglect many of the Revolution s animating values

Patrick Henry Thomas S. Kidd,2011-11-22 Historian Thomas S Kidd shows how the fiery Patrick Henry cherished a vision of America as a virtuous republic with a clearly circumscribed central government These ideals brought him into bitter conflict with other Founders and were crystallized in his vociferous opposition to the U S Constitution **Patrick Henry** Jon Kukla,2017-07-04 A brilliant orator a firebrand for freedom and individual rights Henry stands as an American luminary and Kukla s magisterial biography shines the glow of achievement on subject and author alike Richmond Times Dispatch Patrick Henry restores its subject long underappreciated in history as a founding father to his seminal place in the story of American independence Patrick Henry is best known for his fiery declaration Give me liberty or give me death Born in 1736 he became an attorney and planter before being elected as the first governor of Virginia after independence winning reelection several times After declining to attend the Constitutional Convention of 1787 Henry opposed the Constitution arguing that it granted too much power to the central government He pushed vigorously for the ten amendments to the new Constitution and then supported Washington and national unity against the bitter party divisions of the 1790s Henry denounced slavery as evil but he accepted its continuation Henry was enormously influential in his time but many of his accomplishments were subsequently all but forgotten Jon Kukla s detailed compelling definitive Kirkus Reviews biography restores Henry and his Virginia compatriots to the front rank of advocates for American independence Kukla has thoroughly researched Henry s life even living on one of Henry s estates He brings both newly discovered documents and new insights to Henry the Revolution the Constitutional era and the early Republic This informational and enlightening biography of the great agitator for democracy Library Journal is a vital contribution to our understanding of the nation s founding *Patrick Henry* JoAnn A. Grote,2013 A biography of Patrick Henry the Virginia lawmaker and politician known for his stirring speeches and eloquent writing **Patrick Henry** John Ragosta,2016-08-05 Often referred to as the voice of the Revolution Patrick Henry played a vital role in helping to launch the revolt of the American colonies against British rule An early and compelling Revolutionary orator Henry played an active part in the debates over the founding of the United States As a leading anti federalist he argued against the ratification of the Constitution and at the state level he opposed Thomas Jefferson s Statute of Religious

Freedom in Virginia In both his political triumphs and defeats Henry was influential in establishing the nature of public discourse for a generation of new Americans In this concise biography John A Ragosta explores Henry s life and his contributions to shaping the character of the new nation placing his ideas in the context of his times Supported by primary documents and a supplementary companion website Patrick Henry Proclaiming a Revolution gives students of the American Revolution and early Republic an insightful and balanced understanding of this often misunderstood American founder

**Jefferson, Madison, and the Making of the Constitution** Jeff Broadwater, 2019-03-27 Thomas Jefferson author of the Declaration of Independence and James Madison Father of the Constitution were two of the most important Founders of the United States as well as the closest of political allies Yet historians have often seen a tension between the idealistic rhetoric of the Declaration and the more pedestrian language of the Constitution Moreover to some the adoption of the Constitution represented a repudiation of the democratic values of the Revolution In this book Jeff Broadwater explores the evolution of the constitutional thought of these two seminal American figures from the beginning of the American Revolution through the adoption of the Bill of Rights In explaining how the two political compatriots could have produced such seemingly dissimilar documents but then come to a common constitutional ground Broadwater reveals how their collaboration and their disagreements influenced the full range of constitutional questions during this early period of the American republic

America's Forgotten Founders, second edition Gary L. Gregg, Mark David Hall, 2023-05-30 Beyond Washington and Jefferson Ranking the Founders Even as Americans devour books about our Founding Fathers the focus seldom extends past a half dozen or so icons Franklin Washington Adams Jefferson Madison Hamilton Many of the men and women who made prodigious contributions to the American founding have been all but forgotten America s Forgotten Founders corrects this injustice Editors Gary L Gregg II and Mark David Hall surveyed forty five top scholars in history political science and law to produce the first ever ranking of the most neglected contributors to the American Revolution and our constitutional order This unique book features engaging short biographies of the top ten most important Founders whose contributions are overlooked today James Wilson George Mason Gouverneur Morris John Jay Roger Sherman John Marshall John Dickinson Thomas Paine Patrick Henry and John Witherspoon Part of the Lives of the Founders series America s Forgotten Founders reshapes our understanding of America s founding generation

*John Leland* Eric C. Smith, 2022 John Leland the colorful Baptist itinerant was one of the most important and fascinating religious figures in early America He is best remembered for delivering a 1 200 pound Mammoth Cheese to Thomas Jefferson s White House and for negotiating the inclusion of a Bill of Rights in the Constitution with James Madison But Leland was also a tireless revivalist and a dogged advocate of religious freedom for all an anti slavery spokesman and unofficial Democratic Party whip a defender of popular Calvinism and promoter of extreme religious individualism among Baptists Eric C Smith explores these and other major themes in this first ever biography of John Leland whose story provides a unique window into the remarkable transformations that swept

Thomas Jefferson: The Art of Power Jon Meacham,2013-10-29 1 NEW YORK TIMES BESTSELLER From Pulitzer Prize winning biographer Jon Meacham a big grand absorbing exploration of not just Jefferson and his role in history but also Jefferson the man humanized as never before Entertainment Weekly Probably the best single volume biography of Jefferson ever written Gordon S Wood A BEST BOOK OF THE YEAR The New York Times Book Review The Washington Post Entertainment Weekly The Seattle Times St Louis Post Dispatch BookPage This magnificent biography brings vividly to life an extraordinary man and his remarkable times giving us Thomas Jefferson the man the politician and the president A Founder whose understanding of power and of human nature enabled him to move men and marshal ideas to learn from his mistakes and to prevail Jefferson was passionate about many things women his family science architecture gardening Monticello Paris and more He strove despite fierce opposition to realize his vision the creation survival and success of popular government in America Drawing on archives in the United States England and France as well as unpublished transcripts of Jefferson presidential papers Jon Meacham shows us the personal Jefferson a man of appetite sensuality and passion He also presents Jefferson as the most successful political leader of the early republic and perhaps in all American history a leader who found the means to endure and to win His story resonates today not least because he led his nation through ferocious partisanship amid economic change and external threats Jefferson also embodies an eternal drama the struggle of the leadership of a nation to achieve greatness in a difficult and confounding world      **One Person, One Vote** Nick Seabrook,2022-06-14 A redistricting crisis is now upon us This surprising compelling book tells the history of how we got to this moment from the Founding Fathers to today s high tech manipulation of election districts and shows us as well how to protect our most sacred hard fought principle of one person one vote Here is THE book on gerrymandering for citizens politicians journalists activists and voters Seabrook s lucid account of the origins and evolution of gerrymandering the deliberate and partisan doctoring of district borders for electoral advantage makes a potentially dry wonky subject accessible and engaging for a broad audience The New York Times Gerrymandering is the manipulation of election districts for partisan and political gain Instead of voters picking the politicians they want politicians pick the voters they need to get the election results they re after Surprisingly gerrymandering has been around since before our nation s founding And with technology those drawing the redistricting lines have now more than ever been able to microtarget their electoral manipulations with unprecedented levels of precision Nick Seabrook an authority on constitutional and election law and an expert on gerrymandering pronounced with a hard G has written an illuminating urgently needed book on how our elections have been rigged through redistricting beginning with the Founding Fathers Abraham Lincoln the Civil War and

Reconstruction and extending to the twentieth century's gerrymandering battles at the Supreme Court and today's high tech manipulations of election districts Seabrook writes of Patrick Henry who used redistricting to settle an old score with political foe and fellow Founding Father James Madison almost preventing the Bill of Rights from happening He writes of Massachusetts governor Elbridge Gerry and corrects the mistaken notion of the derivation of the term gerrymander He writes of Abraham Lincoln and how his desire to preserve the Union led him to manipulate the admission of new states in order to maintain his majority in the Senate And we come to understand the place of the Supreme Court in its fierce battles regarding gerrymandering throughout the twentieth century First was Felix Frankfurter who fought for decades to prevent the judiciary from involving itself in disputes concerning the drawing of districts Then came the Warren Court and its series of civil rights cases culminating in the landmark decision Reynolds v Sims written by Chief Justice Earl Warren which says that state legislatures unlike the United States Congress must have representation in both houses based on districts containing equal populations with redistricting as needed following each census The result has been ever increasing hard fought wrangling between the two political parties after each census Seabrook explores the rise of the most partisan gerrymanders in American history put into place by the Republican Party after the 2010 census and how the battle has shifted to the states via REDMAP the GOP's successful strategy of the last decade to control state governments and rig the results of state legislative and congressional elections

**The Three Lives of James Madison** Noah Feldman, 2017-10-31 A sweeping reexamination of the Founding Father who transformed the United States in each of his political lives as a revolutionary thinker partisan political strategist and president In order to understand America and its Constitution it is necessary to understand James Madison Walter Isaacson 1 New York Times bestselling author of Leonardo da Vinci Over the course of his life James Madison changed the United States three times First he designed the Constitution led the struggle for its adoption and ratification then drafted the Bill of Rights As an older canny politician he co founded the original Republican party setting the course of American political partisanship Finally having pioneered a foreign policy based on economic sanctions he took the United States into a high risk conflict becoming the first wartime president and despite the odds winning Now Noah Feldman offers an intriguing portrait of this elusive genius and the constitutional republic he created and how both evolved to meet unforeseen challenges Madison hoped to eradicate partisanship yet found himself giving voice to and institutionalizing the political divide Madison's lifelong loyalty to Thomas Jefferson led to an irrevocable break with George Washington hero of the American Revolution Madison closely collaborated with Alexander Hamilton on the Federalist papers yet their different visions for the United States left them enemies Alliances defined Madison too The vivacious Dolley Madison used her social and political talents to win her husband new supporters in Washington and define the diplomatic customs of the capital's society Madison's relationship with James Monroe a mixture of friendship and rivalry shaped his presidency and the outcome of the War of 1812 We may be more familiar with other Founding Fathers but the

United States today is in many ways Madisonian in nature Madison predicted that foreign threats would justify the curtailment of civil liberties He feared economic inequality and the power of financial markets over politics believing that government by the people demanded resistance to wealth Madison was the first Founding Father to recognize the importance of public opinion and the first to understand that the media could function as a safeguard to liberty The Three Lives of James Madison is an illuminating biography of the man whose creativity and tenacity gave us America's distinctive form of government His collaborations struggles and contradictions define the United States to this day Give Me Liberty Christopher L Webber,2014-10-15 Give me liberty demanded Patrick Henry or give me death Henry's words continue to echo in American history and that quote and the speech it comes from remains one of the two or three known to almost every American The other speeches that have become part of our American collective consciousness all have one theme in common liberty These feats of oration seem to trace the evolution of America's definition of liberty and to whom it applies But what exactly is liberty Give Me Liberty looks at these great speeches and provides the historical context focusing attention on particular individuals who summed up the issues of their own day in words that have never been forgotten Webber gleans lessons from the past centuries that will allow us to continue to strive for the ideals of liberty in the twenty first century

*George Washington and the Two-Term Precedent* David A. Yalof,2023-08-11 One of the earliest and most consequential presidential decisions in American history was George Washington's choice to step down after two terms in office despite the fact that he would almost certainly have won a third term had he chosen to run The example he intended to set and the circumstances he faced at the time tell a more complicated story of the true motives behind his decision to retire and the impact his decision had on his successors and the nation In *George Washington and the Two Term Precedent* David A Yalof examines how this decision set a pattern that would be followed by presidents for more than a century until FDR began serving a third term in 1941 While often portrayed simply as a noble decision by Washington to restrain the power of the executive office Washington's decision was in fact motivated by self interest and a desire to cement a legacy of honor and integrity Yalof shows that he was never motivated by the desire to reign in the executive with an unwritten two term limit If anything Washington hoped to strengthen the executive branch by demonstrating that the institution of the presidency could be trusted with the power and independence than it had so far received His voluntary relinquishment of the presidency after two terms in office achieved these goals Yalof focuses on the two term precedent and how it came into being not by legal prescription but by the tacit influence of Washington's refusal to run for a third term and what it suggests about American conceptions of executive power *George Washington and the Two Term Precedent* offers a sober reminder that the country's most famous and original hero chose to walk away from power and it was that decision that cemented his greatness in American history *The World of the American Revolution* Merril D. Smith,2015-08-28 This two volume set brings to life the daily thoughts and routines of men and women rich and poor of various cultures religions races and beliefs during a time of

great political social economic and legal turmoil What was life really like for ordinary people during the American Revolution What did they eat wear believe in and think about What did they do for fun This encyclopedia explores the lives of men women and children of European Native American and African descent through the window of social cultural and material history The two volume set spans the period from 1774 to 1800 drawing on the most current research to illuminate people s emotional lives interactions opinions views beliefs and intimate relationships as well as connections between the individual and the greater world The encyclopedia features more than 200 entries divided into topical sections each dealing with a different aspect of cultural life for example Arts Food and Drink and Politics and Warfare Each section opens with an introductory essay followed by A Z entries on various aspects of the subject area Sidebars and primary documents enhance the learning experience Targeting high school and college students the title supports the American history core curriculum and the current emphasis on social history Most importantly its focus on the realities of daily life rather than on dates and battles will help students identify with and learn about this formative period of American history

*Sacred Scripture, Sacred War* James P. Byrd, 2017 The American colonists who took up arms against the British fought in defense of the sacred cause of liberty But it was not merely their cause but warfare itself that they believed was sacred In *Sacred Scripture Sacred War* James P Byrd shows that the Bible was a key text of the American Revolution

Faith and the Founders of the American Republic Daniel L. Dreisbach, Mark David Hall, 2014 The role of religion in the founding of America has long been a hotly debated question Some historians have regarded the views of a few famous founders such as Benjamin Franklin Thomas Jefferson James Madison and Thomas Paine as evidence that the founders were deists who advocated the strict separation of church and state Popular Christian polemicists on the other hand have attempted to show that virtually all of the founders were pious Christians in favor of public support for religion As the essays in this volume demonstrate a diverse array of religious traditions informed the political culture of the American founding *Faith and the Founders of the American Republic* includes studies both of minority faiths such as Islam and Judaism and of major traditions like Calvinism It also includes nuanced analysis of specific founders Quaker fellow traveler John Dickinson prominent Baptists Isaac Backus and John Leland and Theistic Rationalist Gouverneur Morris among others with attention to their personal histories faiths constitutional philosophies and views on the relationship between religion and the state This volume will be a crucial resource for anyone interested in the place of faith in the founding of the American constitutional republic from political religious historical and legal perspectives

Religious Freedom in America Allen D. Hertzke, 2015-01-13 This truly interdisciplinary volume brings together respected historians social scientists legal scholars and advocates As their contributions attest understanding religious freedom demands taking multiple perspectives The historians guide us through the contested legacy of religious freedom from the nation s founding and the rise of public education to the subsequent waves of immigration that added successive layers of diversity to American society

In the Beginning was the Word Mark

A. Noll, 2016 *In the Beginning Was the Word* provides a sweeping engaging and insightful survey of the relationship between the Bible and public issues from the beginning of European settlement through the American Revolution. It focuses throughout on how people negotiated between the Bible and other social authorities such as ecclesiastical tradition, national and imperial politics, and economic mandates.

Right here, we have countless book **Patrick Henry First Among Patriots** and collections to check out. We additionally provide variant types and furthermore type of the books to browse.
