Lives of the Novelists Carl Rollyson,2005-10-21 Is there a right way to write a literary life In this collection of columns from the New York Sun Carl Rollyson explores the relationship between narrative and literary analysis Should biographies be written in the style and form of novels How to balance the life and the work How much literary criticism can a biography absorb into its narrative Rollyson proposes a number of apologies for biography including the thought that in the right hands the literary biography is a continuation of the writer s work and life In such instances there seems to be a symbiosis between biographer and subject In other cases biographies spearhead the rediscovery of important writers He rejects the idea that literary figures are not good subjects for biography because they are not men and women of action That literary biography is a kind of strip mining a pathography laying bare the subject s life to no good purpose is another canard this book demolishes The pieces here also expose the genre s weak points a proclivity for overstatement and excessive length the failure of biographers to build upon their predecessors work Rollyson invents a term biographology in order to discuss the biographical tradition Of Sex and Faerie: Further Essays on Genre Fiction John Lennard,2010-01-01 Taking up where the author s book *Of Modern Dragons* 2007 left off these essays continue Lennard s investigation of the praxis of serial reading and the best genre fiction of recent decades including work by Bill James Walter Mosley Lois McMaster Bujold and Ursula K Le Guin There are groundbreaking studies of contemporary paranormal romance and of Hornblower s transition to space while the final essay deals with the phenomenon and explosive growth of fanfiction and with the increasingly empowered status of the reader in a digital world There is an extensive bibliography of genre and critical work with eight illustrations and many hyperlinks *Harbors and High Seas* Dean King,John B. Hattendorf,2000-10 This atlas and geographical guide to navigating the well loved Aubrey Maturin novels has been updated with new chapters devoted to the final books of the series 43 illustrations 56 maps *The Sea in World History* Stephen K. The Year of the Genome Gerald Weissmann, 2003-05 From stem cells to alternative medicine to the mapping of the genome a lively and stimulating stroll through today's great scientific breakthroughs Over the course of one year 2000-01 celebrated essayist and research physician Gerald Weissmann documented the modern age of enlightenment charting its scientific marvels and new plagues His diary of the year of the genome takes us on a literary exploration of laboratories and beyond to see the impact on human life and culture of Dolly the

sheep mad cow disease RU 486 the Human Genome Project AIDS drugs and a score of other current developments Whether calling on Ralph Waldo Emerson to explain Craig Venter's drive to unravel the genome or tracing the effect of Rachel Carson's legacy on the spread of malaria around the world Weissmann is an invaluable interpreter of the genetic revolution All Hands on Deck Will Sofrin, 2023-04-18 A maritime adventure memoir that follows a crew of misfits hired by Hollywood to sail an 18th century warship 5 000 miles for the making of a beloved blockbuster film An unbelievable ride Will Sofrin has lived the real experiences and survived to tell the tale Dan Sholtz Emmy Award winning producer of Black Sails In the late 1990s Patrick O Brian's multimillion copy selling historical novel series the Aubrey Maturin series which was set during the Napoleonic Wars seemed destined for film With Russell Crowe as Jack Aubrey and Paul Bettany as Stephen Maturin the production only needed a ship that could stand in for Lucky Jack's HMS Surprise with historical accuracy paramount The filmmakers found the Rose a replica of an 18th century ship that would work perfectly Only there was one problem the Rose was in Newport Rhode Island not in Southern California where they would be filming Enter a ragtag crew of thirty oddballs who stepped up for the task including Will Sofrin at the time a 21 year old wooden boat builder and yacht racer who joined as the ship's carpenter All Hands on Deck is Sofrin's memoir of the epic adventure delivering the Rose to Hollywood It's a story of reinvention of hard work on the high seas of love and of survival The Rose was an example of the most cutting edge technology of her era but in the 21st century barely anyone had experience sailing it The crew effectively went back in time brought to life the old ways of a forgotten world and barely lived to tell the tale Just a few days in a terrifying hurricane strength storm nearly sank the Rose and later a rogue wave caused a nearly fatal dismasting And the ups and downs weren't limited to the waves with the crew split into factions making peace between warring camps became necessary too as did avoiding pirates and braving the temptations of shore leave All Hands on Deck is a gripping story of an unforgettable journey and a must read for fans who adore O Brian's novels and the dramatic film adaptation of the Academy Award nominated Master and Commander Skeletons on the Zahara Dean King, 2025-05-01 A National Bestseller the true story of shipwrecked American sailors in Africa who were captured by slavers and forced to trek through the Sahara This true life saga reads like a cross between Master and Commander and Lawrence of Arabia People The western Sahara is a baking hot and desolate place home only to nomads and their camels and to locusts snails and thorny scrub and its barren and ever changing coastline has baffled sailors for centuries In August 1815 the US brig Commerce was dashed against Cape Bojador and lost although through bravery and quick thinking the ship's captain James Riley managed to lead all of his crew to safety What followed was an extraordinary and desperate battle for survival in the face of human hostility starvation dehydration death and despair Captured robbed and enslaved the sailors were dragged and driven through the desert by their new owners who neither spoke their language nor cared for their plight Reduced to drinking urine flayed by the sun crippled by walking miles across burning stones and sand and losing over half of their body weights the sailors struggled to hold onto

both their humanity and their sanity To reach safety they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity From the cold waters of the Atlantic to the searing Saharan sands from the heart of the desert to the heart of man *Skeletons on the Zahara* is a spectacular odyssey through the extremes and a gripping account of courage brotherhood and survival A little bit H Rider Haggard a little bit Jon Krakauer a little bit Nathaniel Philbrick and a whole lot of gruesome fun **Salon**

Known by the Darkling Thrush T. J. King, 2009-10-29 In his deservedly famous poem The Darkling Thrush Thomas Hardy looks out over a desolate landscape which seems to reflect his own forlorn sense of what the world has become Against the gloomy backdrop he suddenly sees and then hears a decrepit bird an old thrush that holds forth in song Its cheery note is so anomalous to his dark thoughts that it makes him think the bird must know something he does not Hence my own title Since in a world gone to bloody hell I find yet much to celebrate my song is Known By the Darkling Thrush
