Cancian,1990-08-31 In the last twenty five years Americans have gained considerable freedom in their personal lives Relationships are now more flexible

and self development has become a primary goal for both men and women Most scholars have criticized this trend to greater freedom arguing that it undermines family bonds and promotes selfishness and extreme independence Francesca Cancian is more optimistic In this book she shows that many American couples succeed in combining self development with commitment and that interdependence not independence is their ideal In interdependent relationships love and self development do not conflict but reinforce each other Love in America compares traditional forms of marriage with these newer forms of close relationships Starting with the nineteenth century Cancian shows how gender roles became polarized with love which was identified with emotional expression no practical help being the responsibility of women while self development was regarded as a masculine concern These traditional images of love and relationships are still held by many Americans today even though as Cancian points out this can lead to marital conflict and individual stress and illness By contrast new images of love emphasizing self development for men and women and flexible androgynous roles began to emerge around 1900 accelerating in the 1960s She concludes that this trend to self development and androgyny will continue but that whether it will lead to more interdependent relationships or to more independence and isolation depends partly on economic and political changes in the wider society The evidence for Cancian's argument comes from sociological historical and psychological sources Her book will interest readers in these disciplines as well as appeal to a wide general audience

*Patterns of Ethics in America Today* Jewish Theological Seminary of America. Institute for Religious and Social Studies, 1960     *Choices of Love* Dorothy MacLean, 1998 Ever since her early days at the Findhorn Community in Scotland Dorothy Maclean has been helping people attune to nature and connect with their inner divinity Now in *Choices of Love* she discusses the nature of divine love and how each of us can avail ourselves of its power to enrich any aspect of our lives The immensity of divine love how to contact it the nature of the Divine blocks to understanding the nature of good and evil and the angelic world of nature and of human groupings such as cities states and nations are among the topics Dorothy Maclean addresses *Choices of Love* will leave you with a clearer understanding of yourself and of the universal love in which we all participate     **Postmodern Love in the Contemporary Jewish Imagination** Efraim Sicher, 2022-03-17 Offering a radical critique of contemporary Israeli and diaspora fiction by major writers of the generation after Amos Oz and Philip Roth this book asks searching questions about identity formation in Jewish spaces in the twenty first century and posits global transnational identities instead of the bipolar Israel diaspora model The chapters put into conversation major authors such as Jonathan Safran Foer Nicole Krauss Michael Chabon and Nathan Englander with their Israeli counterparts Zeruya Shalev Eshkol Nevo and Etgar Keret and shows that they share common themes and concerns Read through a postmodern lens their preoccupation with failed marriage and failed ideals brings to the fore the crises of home nation historical destiny and collective memory in contemporary secular Jewish culture At times provocative at others iconoclastic this innovative study must be read by anyone concerned with Jewish culture and identity today whether scholars students or the general reader

**Families, Labour and Love** Maureen Baker, 2020-07-29 We think of our family life as very personal but in fact it is shaped by influences well beyond our control Families Labour and Love identifies the ways in which family and personal life in three settler societies Australia New Zealand and Canada has been shaped by colonisation immigration globalisation demographic changes law and policy Baker shows that these three countries each a former colony developed similar family trends and similar family policies Strongly gendered patterns of paid and unpaid work played a major role in family life The family practices of indigenous people were largely overlooked as were those of recent immigrant groups However local conditions also produced significant differences in family experiences among the three countries Richly illustrated with examples comparative data and textual sources Families Labour and Love provides a broad ranging analysis of the family which will appeal to students researchers and policy makers Maureen Baker outlines with great clarity the diversity of families and the way in which they are shaped by historical and cultural forces The focus on Australia New Zealand and Canada is not only refreshing but throws into sharp relief the impact on contemporary families of the colonial experience industrialisation large scale immigration and globalisation David de Vaus La Trobe University

**Defining the Church for Our Time** Peter Schmiechen, 2012-06-12 The church is broken and we cannot fix it Faith in God is disconnected from churches Mainline churches are deeply divided and their budgets and congregations have diminished with no agreement for recovery So what shall we do It is time to stop talking about the problems and to consider a new vision of the church for our time This book is a celebration of the church as the community of new life in Christ It assumes Christ intended to create a community on earth embodying grace and holiness It begins with a new and inclusive definition of the church as a community enduring in time It affirms the great variety of churches all as valid expressions of the new life and explains how and why churches are formed in different ways The goal is for churches to celebrate the saving power of Christ and to see the glory of God revealed in the world in our time

**Fatal Love** Victor Uribe-Uran, 2015-12-16 One night in December 1800 in the distant mission outpost of San Antonio in northern Mexico Eulalia Californio and her lover Primo plotted the murder of her abusive husband While the victim was sleeping Primo and his brother tied a rope around Juan Californio's neck One of them sat on his body while the other pulled on the rope and the woman grabbing her husband by the legs pulled in the opposite direction After Juan Californio suffocated Eulalia ran to the mission and reported that her husband had choked while chewing tobacco Suspicious the mission priests reported the crime to the authorities in charge of the nearest presidio For historians spousal murders are significant for what they reveal about social and family history in particular the hidden history of day to day gender relations conflicts crimes and punishments Fatal Love examines this phenomenon in the late colonial Spanish Atlantic focusing on incidents occurring in New Spain colonial Mexico New Granada colonial Colombia and Spain from the 1740s to the 1820s In the more than 200

cases consulted it considers not only the social features of the murders but also the legal discourses and judicial practices guiding the historical treatment of spousal murders helping us understand the historical intersection of domestic violence private and state church patriarchy and the law Gale Researcher Guide for: Changing Patterns of Intimate Partnerships in the United States Melanie L. Duncan, 2018-08-30 Gale Researcher Guide for Changing Patterns of Intimate Partnerships in the United States is selected from Gale's academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research *Love to Hate* Jody Roy, 2002-08-27 Why is the simple impulsive question we ask when confronted by horrible acts of hatred and violence Why do students shoot fellow students or employees their coworkers Why do mothers drown their children or husbands stalk and kill their wives *Love to Hate* challenges us to turn this question upon ourselves at a deeper level Why as a culture are we so fascinated by these acts Why do we bestow celebrity on the perpetrators while allowing the victims to fade into a second death of obscurity Are we as Pope John Paul II famously accused a culture of death And if so how can we break free of this unacknowledged aspect of the cycle of violence Unlike those who point solely to media imagery splintered families or lax gun control laws in search of the roots of America's endemic violence Jody M Roy suggests that we all must be held responsible She argues that we reveal our love affair with hatred and violence in the ways we think and speak in our daily lives and in our popular culture The very words we use function as building blocks of callousness and contempt betraying our immersion in subtexts of violence and hatred These subtexts are further revealed in our complex attitudes toward street gangs school shooters serial killers and hate groups and the paroxysms of violence they unleash As spectators driven by our impulse to watch we become an integral part of the equation of violence In the book's final section *Freeing Ourselves of Our Obsession with Hatred and Violence* Roy offers practical steps we can take as parents consumers and voters to free ourselves from linguistic and cultural complicity and to help create in America a culture of life

In Search of the Whip-poor-will Love Song Charles Brookins Taylor Sr., 2024-09-06 In *In Search of the Whip poor will Love Song* takes the author Charles Brookins Taylor Sr on a journey using characters that represent three different generations in the search for the meaning of the whip poor will song Through the combination of searching observing reminiscing and dialoguing with others he shows how the whip poor will song underscores what is said in Psalm 19:1 The heavens declare the glory of God a reminder that each creature or thing in God's creation has been given the innate ability to accomplish an ordained purpose in relating to Him and others each in its own unique way Taylor draws upon the Scriptures to remind us that God speaks to us through His visible and invisible creation which tells us that although the spiritual realm transcends the physical realm it permeates and operates within it Taylor also shows us how God is using the whip poor will as a conduit to proclaim a message to us that His love is unconditional and unfailing And likewise He wants to use us to do the same In a world that often seems to be filled with hate selfishness and discord you may find yourself wondering what has become of our

love for one another In Search of the Whip poor will Love Song s story will help us to know that every creature or thing of God has been given the ability to speak love to us each in its own language each in its own unique way each with its own dance May we all remember that God has given each of us and all His creation the ability to proclaim His love and His glory and when we allow this to happen our life will begin to have purpose peace happiness and joy knowing that God s love for us is really real Cassette Books Library of Congress.
