Janneken Smucker

## **Patterns Of Progress Quilts In The Machine Age:**

Patterns of Progress Barbara Brackman, 1997-01-01 Patterns of Progress Quilts in the Machine Age examines guilts as clues to women s lives especially women who lived and worked in the West and to the changes they experienced because of the invention and accessibility of the sewing machine Amply illustrated with more than 50 beautiful color images author Barbara Brackman's lively text situates quilts within the culture of the American West In such a context quilts become more than just bed coverings they are cultural artifacts revealing much about women s lives their roles and their perceptions of the world Brackman also examines the ways in which the sewing machine changed women s aesthetic perceptions of the beauty of their work and how that aesthetic has evolved to the present day Patterns of Progress Barbara Brackman, 1997 Less than a century ago housewives devoted hours to the day in day out drudgery of sewing Plain sewing was the production of clothing and linens for the household the task that occupied women throughout their lives Fancy sewing the decorative arts such as embroidery and applique filled women's leisure hours Patterns of Progress Quilts in the Machine Age examines guilts as clues to women s lives especially women who lived and worked in the West and to the changes they experienced because of the invention and accessibility of the sewing machine Amply illustrated with more than 50 beautiful color images of guilts Barbara Brackman's lively text situates quilts within the culture of the American West In such a context quilts become more than just bed coverings they are cultural artifacts revealing much about women s lives their roles and their perceptions of the world Brackman also examines the ways in which the sewing machine changed women's aesthetic perceptions of the beauty of their work and how that aesthetic has evolved to the present day The Quilters Hall of Fame The Quilters Hall of Fame, 2014-08 Masterpiece guilts and Master guilters both are honored in The Quilters Hall of Fame The book profiles more than forty of the guilting world's most influential people from early twentieth century guilt designer Ruby McKim to guilt curator Jonathan Holstein to contemporary art quilter Nancy Crow Lavishly illustrated with one hundred glorious color photographs of their quilts plus historical photographs ads and pattern booklets The Quilters Hall of Fame is essential for American Quilts Robert Shaw, 2009 This photographed book covers the historical panorama of every guilter s bookshelf quiltmaking in the United States from the quintessential patterns to their cultural significance Book jacket **Amish Ouilts** Janneken Smucker, 2013-11-15 The definitive study on the history meaning art and commerce of Amish guilts Second Place Winner of the Design and Effectiveness Award of the Washington Publishers Quilts have become a cherished symbol of Amish craftsmanship and the beauty of the simple life Country stores in Lancaster County Pennsylvania and other tourist regions display row after row of handcrafted guilts In luxury homes office buildings and museums the guilts have been preserved and displayed as priceless artifacts They are even pictured on collectible stamps Amish Quilts explores how these objects evolved from practical bed linens into contemporary art In this in depth study illustrated with more than 100 stunning color photographs Janneken Smucker discusses what makes an Amish quilt Amish She examines the value of quilts to those who

have made bought sold exhibited and preserved them and how that value changes as a guilt travels from Amish hands to marketplace to consumers A fifth generation Mennonite quiltmaker herself Smucker traces the history of Amish quilts from their use in the late nineteenth century to their sale in the lucrative business practices of today Through her own observations as well as oral histories newspaper accounts ephemera and other archival sources she seeks to understand how the term Amish became a style and what it means to both quiltmakers and consumers She also looks at how quilts influence fashion and raises issues of authenticity of guilts in the marketplace Whether considered as art craft or commodity Amish quilts reflect the intersections of consumerism and connoisseurship religion and commerce nostalgia and aesthetics By thoroughly examining all of these aspects Amish Ouilts is an essential resource for anyone interested in the history of these A Stitch in Time Aimee E. Newell, 2014-03-15 Drawing from 167 examples of decorative needlework primarily samplers and quilts from 114 collections across the United States made by individual women aged forty years and over between 1820 and 1860 this exquisitely illustrated book explores how women experienced social and cultural change in antebellum America The book is filled with individual examples stories and over eighty fine color photographs that illuminate the role that samplers and needlework played in the culture of the time For example in October 1852 Amy Fiske 1785 1859 of Sturbridge Massachusetts stitched a sampler But she was not a schoolgirl making a sampler to learn her letters Instead as she explained The above is what I have taken from my sampler that I wrought when I was nine years old It was w rough t on fine cloth and it tattered to pieces My age at this time is 66 years Situated at the intersection of women s history material culture study and the history of aging this book brings together objects diaries letters portraits and prescriptive literature to consider how middle class American women experienced the aging process Chapters explore the physical and mental effects of old age on antebellum women and their needlework technological developments related to needlework during the antebellum period and the tensions that arose from the increased mechanization of textile production and how gift needlework functioned among friends and family members Far from being solely decorative ornaments or functional household textiles these samplers and guilts served their own ends They offered aging women a means of coping of sharing and of expressing themselves These threads of time provide a valuable and revealing source for the lives of mature antebellum women Publication of this book was made possible in part through generous funding from the Coby Foundation Ltd and from the Ouilters Guild of Dallas Helena Hibbs Endowment Fund **Textile Collections** Amanda Grace Sikarskie, 2016-04-08 Collections of textiles historic costume guilts needlework samplers and the like have benefited greatly from the digital turn in museum and archival work Both institutional online repositories and collections based social media sites have fostered unprecedented access to textile collections that have traditionally been marginalized in museums How can curators interpreters and collections managers make best use of these new opportunities To answer this question the author worked with sites including the Great Lakes Quilt Center at the Michigan State University Museum the Design Center

at Philadelphia University the International Quilt Study Center and Museum at the University of Nebraska Lincoln and the WGBH Boston Media Library and Archives as well as user curated social sites online such as Tumblr and Polyvore to create four compelling case studies on the preservation access curation and interpretation of textile objects The book explores The nature of digital material culture The role of audience participation versus curatorial authority online Audience friendly collections metadata and tagging Visual rather than text based searching and cataloging The legality of ownership and access of museum collections online Gender equity in museums and archives This book is essential reading for anyone who cares for collects exhibits or interprets historic costume or textile collections but its broad implications for the future of museum work make it relevant for anyone with an interest in museum work online And because the focus of this volume is theory and praxis rather than specific technologies that are likely to become obsolete it will be staple on your bookshelf for vears to come "Women and the Material Culture of Needlework and Textiles, 1750?950" MaureenDaly Goggin, 2017-07-05 Rejecting traditional notions of what constitutes art this book brings together essays on a variety of fiber arts to recoup women's artistic practices by redefining what counts as art Although scholars over the last twenty years have turned their attention to fiber arts redefining the conditions practices and products as art there is still much work to be done to deconstruct the stubborn patriarchal art craft binary With essays on a range of fiber art practices including embroidery knitting crocheting machine stitching rug making weaving and guilting this collection contributes to the ongoing scholarly redefinition of women s relationship to creative activity Focusing on women as producers of cultural products and creators of social value the contributors treat women as active subjects and problematize their material practices and artifacts in the complex world of textiles Each essay also examines the ways in which needlework both performs gender and in turn constructs gender Moreover in concentrating on and theorizing material practices of textiles these essays reorient the study of fiber arts towards a focus on process the making of the object including the conditions under which it was made by whom and for what purpose as a way to rethink the fiber arts as social praxis Women and Second Life Dianna Baldwin, Julie Achterberg, 2013-04-30 This collection of new essays explores issues of identity work and play in the virtual world of Second Life SL Fourteen women discuss their experiences Topics include teaching in Second Life becoming an SL journalist and using SL as a means to bring human rights to health care exploring issues of identity and gender such as performing the role of digital geisha playing with gender crossing or determining how identity is formed virtually examining how race is perceived and investigating creativity such as poetry writing or quilting The text is unique in that it represents only women and their experiences in a world that is most often viewed as a man s world Digital Research Methods in Fashion and Textile Studies Amanda Sikarskie, 2020-01-09 Are you a researcher struggling to mine and make sense of a mountain of fashion data Are you interested in learning about how digital methods and tools could enhance your research Have you thought about ways to spark and engage in academic conversations on social media Have you wondered how digital

technologies are internationalizing the field of fashion and textile studies Digital Research Methods in Fashion and Textile Studies presents the reader with a variety of digital methodologies to help build skills in searching for analyzing and discussing vintage design photography and writing on fashion as well as historic and ethnographic dress and textile objects themselves Each chapter focuses upon a different method problem or research site including Maximalism and mixed methods approaches to research Searching large databases effectively Pattern recognition and visual searching Critical reading use and citation of social media texts Digital ethnography and shopping as research Data visualization and mapping Images in the public domain From advanced undergraduates and postgraduate students working on research projects to veteran professionals in fashion and textile history and beyond everyone can benefit from a diverse set of fresh approaches to conducting and disseminating research In the current age of instant gratification with users snapping and posting images from runway shows long before the clothes will ever appear instores the world of fashion is increasingly digital and fast paced Research on fashion is too Digital Research Methods in Fashion and Textile Studies will help you keep up in this rapidly changing world Los Angeles Magazine, 1997-11 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian World Textiles Mary Schoeser, 2022-10-06 The history of textiles more than that of any other artefact is a history of human ingenuity From the very earliest needles of 50 000 years ago to the smart textiles of today textiles have been fundamental to human existence and enjoyed prized and valued by every culture Silks from China cottons from India tapestries from Flanders dyes from South America the appeal of different weaves colours and patterns was long a motivation for trade the exchange of ideas and sometimes even war Mary Schoesers groundbreaking book now revised and updated to incorporate new research presents a chronological survey of textiles around the world from prehistory to the present It explores how they are made what they are made from how they function in society and the ways in which they are valued and given meaning as well as reflecting on the environmental challenges they present today World Textiles offers an invaluable introduction to this vast and fascinating subject for makers designers textile and fashion professionals collectors and students alike Los Angeles Magazine, 1997-12 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern

Californian Historical Ethnographies of Quiltmaking Teresa Christine Klassen, 2007 **American Quilts in the** Modern Age, 1870-1940 Marin F. Hanson, Patricia Cox Crews, 2009-04 Pulitzer Prize winning historian Laurel Thatcher Ulrich has remarked Much of the social history of early America has been lost to us precisely because women were expected to use needles rather than pens This book part of the multivolume series of the International Quilt Study Center collections recovers a swath of that lost history and shows us some of America's treasured material culture as it was pieced and stitched into place American Quilts in the Modern Age 1870 1940 examines the period's guilts from both an artistic and a historical perspective From pieced block to Crazy style to Colonial Revival examples as well as one of a kind creations the full array of style and design appears in this book covering seven decades of guiltmaking The contributing authors provide critical information regarding the modern and anti modern tensions that persisted throughout this era of America's coming of age from the Civil War to World War II They also address the textile technology and cultural context of the times in which the quilts were created with an eye to the role that industrialization and modernization played in the evolution of techniques materials and designs With full color photographs of over 587 quilts American Quilts in the Modern Age 1870 1940 offers a new visual and tactile understanding of American culture and society bridging the transition from traditional folk culture to the age of mass production and consumption Journal of Women's History ,2000 Los Angeles Magazine ,1997-10 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian Forthcoming Books Rose Arny, 2003 Datina Fabrics 2 Eileen Jahnke Trestain, 2005 From poodle skirts of the 1950s to baby doll dresses of the 1990s the fabrics of our everyday lives are featured in this handy reference guide to the materials of the last half century A companion to Dating Fabrics A Color Guide 1800 1960 this source is ideal for those studying fashion and clothing trends from the late twentieth century as well as collectors of recent guilts Today's guilts may have elements of more than one decade because many quilters collect a great deal of fabric and may draw from one group of fabric over a long period of time The recent proliferation of reproduction fabrics has caused concern for the ability to differentiate the old from the new in reproduction quilts and repairs An informative section on these fabrics from the 1980 2000 era provides a blueprint for building confident conclusions as to the fabric s origins For ease in identification prints are shown actual size and specific fabric lines and styles are grouped and sorted by date then color Dating divisions coincide with turning points in history which influenced attitudes and styles and are highlighted by a brief history of each era Uncoverings, 2006
