Paul Robeson For Beginners For Beginners For Beginners:

Paul Robeson For Beginners Von Blum, Paul, 2013-12-17 Paul Robeson despite being one of the greatest Renaissance figures in American history still remains in relative anonymity An exceptional scholar lawyer athlete stage and screen actor linguist singer civil rights and political activist he performed brilliantly in every professional enterprise he undertook Any serious treatment of civil rights history and radical politics as well as American sports musical theatrical and film history must consider the enormous contributions of Paul Robeson And yet Paul Robeson remains virtually unknown by millions of educated Americans People typically know him for only one if any of the major successes of his life the concert singer best known for Old Man River the star of Shakespeare's Othello on Broadway in the early 1940s the political activist blacklisted for his radical views and activism during the era of McCarthyism in the 1950s Paul Robeson For Beginners demystifies and bestows light and long overdue credence to the life of this extraordinary American **Toni Morrison for Beginners** Ron

David, 2016-10-01 Many people consider Morrison's novels difficult to read Most of her readers have at least one book on their shelves that they couldn't finish or when they did finish one just scratched their heads in confusion And when we think we are sure we know what she's writing about it turns out we are half wrong or only getting the tip of the iceberg instead of the whole beautiful brooding thing Toni Morrison For Beginners is about the woman her books her mission her word music and all that subtext in her writings Morrison's books are like the ocean the surface is beautiful but everything that gives them life lies beneath She's the kind of writer who can change your life and this book is here to help you navigate the words and the woman **Buddha For Beginners** Stephen T. Asma, 2015-04-15 Despite the widespread popularity of Buddhist

practices like meditation there is little understanding of the complex philosophy behind Buddhism The historical Buddha Gautama was a real person a radical who challenged the religious leaders of his day Buddha For Beginners introduces the reader to the historical Buddha to the ideas that made him change his life and to the fascinating philosophical debates that engaged him and formed the core of Buddhism Buddha For Beginners compares Buddha's philosophy with those of his contemporaries the later Buddhist schools and Western Philosophy The book includes a survey distinguishing the philosophical differences among later schools of Buddhism such as Theravada Madhyamaika Tantric Zen and others Buddha For Beginners is not a book you read it is a book you experience It makes you stop and close your eyes Through some magical combination of words drawings and intuitive wisdom Buddha For Beginners conveys not only the facts of Buddhism but the peace the silence the feel of it It is historically accurate spiritually challenging and the white spaces mean as much as the words **Tolkien for Beginners** Louis Markos, 2022-09-23 Tolkien For Beginners will introduce the reader to the

multilayered depth and breadth of Tolkien's tales of Middle earth what critics following Tolkien's lead refer to collectively as his legendarium J R R Tolkien sweeps us away to a distant time and place that is at the same time our own time and place He takes us to a world where difficult choices must be made and are made where character is defined by those choices and

where redemption is possible though not always embraced The Lord of the Rings taps a deep root in the human psyche There is much death destruction and defeat in Tolkien s world but there is even more friendship courage and hope What one remembers when one finishes reading The Lord of the Rings is not the vice of the villains as strong and as well drawn as it is but the virtue that empowers the heroes to resist it even at the cost of their own lives It will be the goal of Tolkien For Beginners to introduce the reader to the multilayered depth and breadth of Tolkien s tales of Middle earth To do justice to the full dimensions of that legendarium author Louis Markos will speak in two voices that of the storyteller who loves the stories he tells and that of the critic who seeks to identify and explicate key themes from those stories In his telling and analysis he will treat the legendarium both as a collection of secondary world myths with their own integrity and as a reflection of Tolkien s Catholic worldview
