The New Grove Dictionary of Music and Musicians: Borowski to Canobbio Stanley Sadie,John Tyrrell,2001 This reference classic has approximately doubled in size since its last publication 20 years ago and the expansion involves more than the thorough revision and addition of articles about music of the past More articles about 20th century composers and composer performers have been added as well as topical articles about the gender related multicultural and interdisciplinary ways that music is now being studied Add to these changes that New Grove is also available online making it a source that would have made its many faceted creator Sir George Grove proud Outstanding reference sources American Libraries May 2002

Joan Miró Jacques Dupin,Joan Miró,2009 Considered one of the great artist of the 20th century Joan Miro has bequeathed us a definitive body of work whose influence has continued to grow over the years Miro did not paint dreams but instead through his works provided the spectator with certain elements so that he would be the one that dreamed He never worked under the influence of hypnosis drugs or alcohol Nevertheless his artistic personality and the way he represented on canvas what inspiration dictated to him led Andr Breton to exclaim Miro is the most surrealist of us all A creative force in the plastic field who felt an equal passion for the word for the most daring poetic plays a lover of objects and the bare truth of materials Miro always revealed himself as an oneiric artist a seeker after the constellations that inspired some of his finest works Jacques Dupin the main authority in Miro work details all those items in his amazing essay The Birth of Signs 72 illustrations

Joan Miró Joan Miró,2017-10-10 In 1958 artist Joan Mir and critic Yvon Taillandier sat down for an in depth discussion on Mir s life and work Their conversation one of the most illuminating and insightful looks into Mir s philosophy and creative process was first published in a limited edition of seventy five copies in 1964 Though long out of print this bilingual treasure in the words of Maria Popova remains the most direct and comprehensive record of Mir s ideas on art This beautiful new edition presents an updated English translation of Mir s invaluable text in an elegant and striking package In addition to Taillandier s original foreword a new preface by preeminent Mir scholar Robert Lubar provides wider context and insight An appendix includes the original French text in its entirety Joan Mir I Work Like a Gardener brings to life the words and work of one of the most beloved and influential artists of the twentieth century

Fundació Joan Miró Jordi J. Clavero,2010 The most important aspect of the Joan Mir Foundation s collections is without doubt its valuable stock of works consisting in over 14 000 items Most of this collection

was donated to the Foundation by Joan Mir himself Other pieces have come from the collections owned by Pilar Juncosa the artist s wife and Joan Prats his close friend and the driving force behind the idea of setting up the Foundation The Foundation has a large collection of paintings from all the different periods of Mir s life The works exhibited show the development of his art from his training in Barcelona and first contacts with the avant gardes in the early twentieth century the time spent in Paris and his links with the Surrealists Mir s art in the last years of his life was mainly expressed in large format paintings and denotes a deeper interest in pure colour and in gesture but without abandoning his lyricism and compositional rigour It is precisely this period that is most widely represented here since he donated to the Foundation the works that were in his studio when it was set up This guidebook is the main tool to achieve to the highlights of the Foundation s collections
