the true double-bed knitting

You need two needles for handknitting and to be able to achieve knit and purl and the other important stitch combinations on a knitting machine you need two needle-beds.

But only if the two beds are built as one unit – a true double-bed – can you transfer the stitches from one bed to the other simply and effortlessly.

PASSAP DECO – the fully automatic punch-card device with patterns up to 40 stitches wide and repeatable along the bed for spectacular pattern effects. The DECO also can be added to your machine later, if you prefer.

The independent card reader can be placed anywhere on the bed where you want the design to appear and you can even isolate parts of the design for single motif work anywhere on the knitting.

A racking handle allows you to move the back bed by a full 6 needles for even greater variety to your pattern effects.
