**UFOs, the Absurd, and the Limit of Anthropological Knowledge** Diana Espírito Santo, 2024-09-20 This book offers an ethnographic and conceptual analysis of contemporary UFO phenomena focusing

specifically on Chilean ufology and the ufological absurd nonsensical instances for their experiencers in which there is no conceptual way out It asks how anthropology can come to terms with what is not said what is not known what is in the dark or even with what both is and is not The work draws on three years of participant observation with empirical ufologists amateur sky watchers and contactees of varying kinds in Chile The chapters mobilize three main bodies of literature to elucidate the ufological absurd negative theology anthropology of play and deceit and the physics of dark matter They explore notions of parallax paradox and trickster anthropology The author takes UFO phenomena specifically the absurd aspects as a heuristic with which to posit a conversation between domains a conversation which highlights darkneses finiteness and the limits of representation and media in anthropology one that could perhaps signal the route to a new language Consideration is given to how not knowing can be a space of extreme productiveness for the discipline The argument put forward is that only by doing an anthropology that looks outside of itself for conceptual inspiration can we come to terms with the non representable the un conceptualizable the fully paradoxical This innovative book will be of particular interest to scholars of anthropological theory and religion

#### **The Alien Abduction Phenomenon**

Paul Meehan, 2025-06-13 News reports books articles and films about alien abductions have long captured the public imagination This book traces the evolution of the phenomenon from the late 1940s flying saucer era and the contactee and occupant sightings of the 1950s to the widespread abduction stories of the 1960s and beyond It examines how broader social cultural and scientific contexts have shaped these accounts and offers a critical analysis of their interpretations over time Also discussed are the key researchers who have sought to understand the nature and intentions of alleged extraterrestrial beings or ufonauts while addressing the skepticism about the subject The efforts of the scientific community to investigate unidentified aerial phenomenon UAP and abductions are assessed acknowledging both the challenges and limitations of such inquiries Firsthand encounters with non human entities are examined attempting to uncover the forces behind these sightings and arguing that there could be unforeseen consequences of ignoring the phenomena

**Impossible** Jeffrey J. Kripal, 2024-05-31 Outstanding and almost certainly controversial Kripal has promise to revitalize and extend the reach of religious studies Choice Most scholars dismiss research into the paranormal as pseudoscience a frivolous pursuit for the paranoid or gullible Even historians of religion whose work naturally attends to events beyond the realm of empirical science have shown scant interest in the subject But the history of psychical phenomena Jeffrey J Kripal contends is an untapped source of insight into the sacred and by tracing that history through the last two centuries of Western thought we can see its potential centrality to the critical study of religion Kripal grounds his study in the work of four major figures in the history of paranormal research psychical researcher Frederic Myers writer and humorist Charles Fort astronomer computer scientist and ufologist Jacques Vallee and philosopher and sociologist Bertrand Russell Through incisive analyses of these thinkers Kripal ushers the reader into a beguiling world somewhere between fact fiction and fraud The cultural

where there is no other explanation except that what people saw heard and sometimes lived to tell about is true     The Mystery of Spring-Heeled Jack John Matthews,2016-10-14 An extensive investigation of the origins and numerous sightings of the mysterious and terrifying figure known as Spring Heeled Jack Shares original 19th century newspaper accounts of Spring Heeled Jack encounters as well as 20th and 21st century reports Explains his connections to Jack the Ripper and the Slender Man Explores his origins in earlier mythical beings from folklore his Steampunk popularity and the theory that he may be an alien from a high gravity planet Spring Heeled Jack a tall thin bounding figure with bat like wings clawed hands wheels of fire for eyes and breath of blue flames first leapt to public attention in Victorian London in 1838 springing over hedges and walls from dark lanes and dank graveyards to frighten and sometimes physically attack women News of this strange and terrifying character quickly spread but despite numerous sightings through 1904 he was never captured or identified Exploring the vast urban legend surrounding this enigmatic figure John Matthews explains how the Victorian fascination with strange phenomena and sinister figures paired with hysterical reports enabled Spring Heeled Jack to be conjured into existence Sharing original 19th century newspaper accounts of Spring Heeled Jack sightings and encounters he also examines recent 20th and 21st century reports including a 1953 UFO related sighting from Houston Texas and disturbing accounts of the Slender Man who displays notable similarities with Jack He traces Spring Heeled Jack s origins to earlier mythical beings from folklore such as fairy creatures and land spirits and explores the theory that Jack is an alien marooned on Earth whose leaping prowess is attributed to his home planet having far stronger gravity than ours The author reveals how Jack the Ripper although a different and much more violent character chose to identify himself with the old well established figure of Spring Heeled Jack Providing an extensive look at Spring Heeled Jack from his beginnings to the present Matthews illustrates why the worldwide Steampunk community has so thoroughly embraced Jack     *Real-Life X-Files* Joe Nickell,2001-10-24 Excellent background research on site investigations of mysteries ranging from crop circles and lake monsters to spiritualist mediums and stigmata Booklist As a former private investigator and forensic writer Joe Nickell has spent much of his career identifying forged documents working undercover to infiltrate theft rings and investigating questioned deaths Now he turns his considerable investigative skill toward the paranormal researching the most well known and mysterious phenomena all over the world spontaneous human combustion UFO visitations auras electronic poltergeists and many many more with an eye toward solving these mysteries rather than promoting or dismissing them Real Life X Files Investigating the Paranormal examines the cases of over forty paranormal mysteries Using a hands on approach Nickell visits the scene of the so called unexplainable activity whenever possible and attempts to physically duplicate the miraculous Whether he s inflicting stigmata on himself or recreating the liquefying blood of Saint Januarius Nickell does whatever necessary to eliminate the probable before considering the supernatural What is left is that much more fascinating Nickell reports on familiar legends from American history such as the supernatural events surrounding

Abraham Lincoln's death and the supposed crash landing of an alien spacecraft near Roswell New Mexico. He closely examines claims of the miraculous from rose petals bearing the likeness of Jesus to photographs of a golden door to heaven. Controversial mysteries such as clairvoyance and spirit painting haunted places and freaks of nature are just a few of the many topics covered. Suspenseful, engrossing, funny and grounded in scientific methodology, *Real Life X Files* provides real explanations for the paranormal activities that have intrigued human beings for centuries. [My Cosmic Trigger](#) Matt Vaughn, 2024-07-11. High strangeness denotes happenings so uncanny they are deemed utterly absurd. It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality. MY COSMIC TRIGGER is a deep dive into the subject covering its history, theories and notable researchers analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level, helping people navigate their own synchromystic initiation with a sense of clarity, fostering a constructive relationship with odd occurrences, not a destabilizing one, and enabling readers to successfully pull their own cosmic trigger. **Britain's X-traordinary Files** David Clarke, 2014-09-25. David Clarke opens The National Archives' own X Files to uncover the secret official accounts behind legendary paranormal and extraordinary phenomena. From mediums employed by the police to help with psychic crime busting to sea monster sightings reported to the Royal Navy, Britain's X-traordinary Files brings to light a range of secret documents created by military intelligence and government agencies who have investigated and even used extraordinary phenomena or powers in recent history. Each chapter is underpinned by original official records held at The National Archives which throw new light on many rumours and unsolved historical mysteries including the Angels of Mons and other legends of the Great War, plus a variety of strange phenomena reported both in the sea and in the air, from phantom helicopters to the great sea serpent of the Victorian era. The final chapter scrutinises official interest in the infamous Loch Ness Monster of Scotland and the Beast of Bodmin. These accounts are supplemented with contextual material gathered from interviews and the author's own investigations, making truly eye-opening reading for anyone interested in the paranormal.
