the middle of it and this is my story I must prepare my reader s mind for my general hardnosed criticism of Nigerian Commercial Church in this story I lament that too many Christians are willfully making mischief and a whole lot of money all in the name of God I am a devout Christian and would never advertently say one bad word against Christianity or any religion for that matter My grouse is with the growing number of mischievous funky pastors their zombie like followers their gross misinterpretation of the Holy Bible and the war that they have declared against the African Culture One might even say that my criticism is venomous but I call it brutally frank or frankly brutal

The Prosperity Gospel in Africa Marius Nel,2020-06-15 Africans prevailing interest in the prosperity gospel is not only connected to the influence of American prosperity teachers reaching a worldwide audience through their imaginative use of the media but is also related to the African worldview and African traditional religion and its lasting influence on contemporary Africans and the way they think about prosperity as well as their interest in prosperity in post colonial Africa The research from a classical Pentecostal perspective about the impact of the prosperity message on Africa is necessary timely and relevant because of its influence in the African Pentecostal movement and its potential to harm the faith of believers leading to the potential disillusionment of Christian believers who put their trust and money in formulas and recipes that seemingly only work for others especially the prosperity leaders who lead by example with incredulous riches and wealth

Public Righteousness Abimbola A. Adelakun, 2023-05-25 Public Righteousness The Performative Ethics of Human Flourishing is driven by the idea that part of what manifests as a disorderly display of virtue in public culture is underlined by the desire to see a more righteous society and an expression of the will to enact such an ideal world into reality This book re structures the ferment of such public displays and fashions an ethic that overturns the ostentatious signals of self righteousness and the fierce contest of animating visions This book engages the work of social ethicist Nimi Wariboko to explore an idea of public righteousness In place of smug superiority and phony pieties the performative ethics that inaugurate this public righteousness offer an intellectual and moral competence that establishes rectitude and culminates in human flourishing

Pentecostalism and Cultism in South Africa Mookgo Solomon Kgatle, 2021-02-28 Pentecostalism is a

growing movement in world Christianity However the growth of Pentecostalism in South Africa has faced some challenges including the abuse of religion by some prophets This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism Additionally the book analyses the celebrity cult and how it helps promote the prophets in South Africa The purpose of this book is threefold First to draw parallels between the abuse of religion and cultism Second to illustrate that it is cultic tendencies including the celebrity cult that has given rise to many prophets in South Africa Last to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti cultism and thus there is a need for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context

Reverse Mission: the Dialectics of the Nigerian Religioscape Nelson Olusegun Adewole, 2022-08-08 It is obvious that Pentecostalism according to this work is a force to reckon with in the contemporary Christianity No doubt it has created permanent positive and negative impact on the mainline churches therefore religious landscape cannot be the same again Now that some Pentecostals are returning to the mainline churches it shows either that the initial intention has selfish tendencies or that there are some terms of liturgy faith experiences and theology in the mainline that cannot be compromised There is need to articulate a model of Church that will explicate theologically and ecclesiology the reality of the Christian faith in the contemporary society capable of making the encounter between God and humanity an experimental reality I humbly appreciate this piece and recommend it for publishing The Rt Revd Dr J Akin Atere Bishop Diocese of Awori Old Testament Scholar

The Bible, Quran, and COVID-19 Vaccines Kügler, Joachim, Gies, Kathrin, 2023-07-07 This volume of the BiAS ERA series chooses a multi religious approach to the religious cultural aspects of the COVID 19 pandemic and the attempts to overcome it by vaccination The book includes contributions focusing on African Traditional Religion several branches of Christianity in Africa and Islamic denominations In contrast to

other volumes BIAS 37 ERA 12 is not limited to a specific country not even to the African continent It gathers papers from the international and multi religious workshop COVID 19 and Religion November 2021 University of Bamberg and some additional articles The contributions to BIAS 37 focus on the vaccination debate Why should God Scripture and Church be against vaccination is the main question and there are some indications that social and political factors that regulate the cultural application of religion might be more important for vaccinophobia than faith itself **Africa's Social and**

Religious Quest Randee Ijatuyi-Morphé,2014-01-30 This well crafted book probes the key dimensions of Africa s existential predicament It constitutes an intellectual response to a gnawing African situation the starting point for grasping Africa s social and religious quest Beyond split explanations of external versus internal factors e g colonization slavery vs leadership cultural values this study accounts more comprehensively for emergent issues shaping this situation The situation reflects a gamut of problems in traditional African religion and material culture which hitherto defines African communality polities and destinies vis vis the cosmos and nature Thus African religion and communities each with its own attendant values do not operate by critical engagement with larger issues of society and civilization especially those shaped by the advent of post modernity Rather they operate via adaptation The communal drive for natural and social harmony inevitably produces a preservationist view of culture leaving things as they are This study takes an integrative approach to religion society and civilization eschews dichotomies and broadly defines and re signifies life and wholeness as a true end of Africans quest today
