Lawrence C. Spencer,2017-02-09 Have you ever had that sinking feeling that you were missing out on something very valuable in your ministry but just couldnt put your finger on it Well these resources for adventures in service to God for the church are valuable assets to those seeking a dynamic experience in Gods Kingdom work To invest yourself in Larry Spencers Ministry of Helps Manual and Workbook can enhance your ministry and greatly format your service with usable hands on tools that complete your tool chest Bring these practical things home and put them to work Great results have already been seen from individuals who respect Gods Word and value what it can bring to the Board room as well as to the church service You will not be sorry you invested in this training for you and your ministry team Rev Lloyd Tremain Paradise Community Church of the Nazarene A thorough practical and much needed Biblically sound treatment Wish it had been available 20 years ago when I could have use it to a great positive effect Dan Wilderman Retired Assemblies of God Pastor the order and practical instruction presented will benefit all organizational levels of any Christian Church today John Steffensen Radio Host Christ Today KKXX Radio Chico CA Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore or church maintenance or the myriad other duties needed to keep a church going The result was that the church

stayed the same size Some leave others enter But no growth was apparent despite the considerable preaching talents of the pastor God is apparently making sure he has only the amount of people that he can handle We learn that the ancient church had some of the same challenges we face today Acts 6 14 says Now in those days when the number of the disciples was multiplying there arose a complaint against the Hebrews by the Hellenists because their widows were neglected in the daily distribution Then the twelve summoned the multitude of the disciples and said It is not desirable that we should leave the word of God and serve tables Read this as doing manual labor Therefore brethren seek out from among you seven men of good reputation full of the Holy Spirit and wisdom whom we may appoint over this business the manual labor but we will give ourselves continually to prayer and to the ministry of the word It was even bringing strife to the local body What did they do And what was the result The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties the manual labor This freed up the apostles so they could minister the Word of God Wow Gods way is so simple and our grandiose plans just waste time and get nothing done Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes Gods church This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them

remarkable approach to congregational care was first developed by author Karen Lampe and her team at The United Methodist Church of the Resurrection in Kansas City. It has been tested, refined, and strengthened and is now being adapted in all sorts of congregational settings. One early adapter was co-author Melissa Gepford, who launched a Caring Congregation Ministry in her own rural church. Together they have created this immensely practical guide for any pastor or leader seeking to create a congregational care ministry. This Implementation Guide is the main book for getting started. It introduces the ministry model and explains the Five Essentials, which form the ministry's foundation. It is extremely practical, full of checklists and other tools to help pastors and other leaders understand and explain this way of providing congregational care. The Implementation Guide also includes a section focused on the crucial component of this ministry: the Congregational Care Minister or CCM. This section fully describes the characteristics of CCMs, how to recruit people to this ministry, how to discern if candidates are a good fit, and how to conduct the CCM training over a multi-week period. It details the critical information CCMs must know and the behaviors and habits they must practice in order to be effective. Note that the companion book, *The Caring Congregation Ministry Care Minister's Manual*, is required for the CCM training. It serves as a training workbook, which then becomes the CCM's personal reference manual.
