Pastoral Care of Alcohol Abusers Andrew J. Weaver, Harold George Koenig, Over 120 million American teens and adults use alcohol at one time or another While in most situations these individuals are able to use it responsibly and with moderation no one is immune to its destructive use which makes it a significant public health issue Many drinkers find that their otherwise responsible use turns problematic and abusive when faced with depression trauma grief undue social pressures or other tempting and potentially addictive behaviors Not all of these people become full fledged alcoholics but they do develop an alcohol problem that needs careful and sensitive pastoral care to understand the underlying issues for their alcohol abuse Because of this clergy and other pastoral counselors need to develop competence in recognizing alcohol abuse problems including alcoholism identifying when to make referrals helping persons to find available community resources and training congregational members to provide support to affected individuals and families

Gentle Shepherding Joseph Earl Bush, 2012-11 Named One of the Top Ten Books for Parish Clergy for the year 2006 by the Academy of Parish Clergy *Gentle Shepherding* offers a rare balance in an introduction to pastoral ethics one that identifies deeply with the pastoral vocation and brings it into conversation with a developed body of ethical theory The goal of the book is to equip seminarians and pastors with conceptual resources for clarifying moral responsibility in the practice of ministry This responsibility includes three levels the minister as a moral agent in offering care the minister as a moral enabler in encouraging virtue in others and the minister as a moral leader in facilitating congregational life and witness in society Helping ministers and seminarians to think anew about their responsibilities and the moral quandaries in pastoral practice *Gentle Shepherding* integrates theory with practice providing case material for further reflection and discussion and at least one case study or exercise associated with each chapter

Short Term Spiritual Guidance Duane R. Bidwell, This book represents a significant departure from most contemporary writing about spiritual direction While most writers focus on long term relationships of guidance specifically envisioning long listening sessions Bidwell changes focus Spiritual direction he insists typically requires intervention in a specific crisis or situation or question is not formal lasts fewer than five sessions and must be actively and intentionally focused on the person's growth Bidwell's work shows what spiritual directors can learn from the short term therapy model especially about enabling people briefly but effectively to learn to listen on their own and with others for God's presence Focusing on how

God is already active in the director's life allows the participants to identify God's action and respond in ways that collaborate with that identified movement of the Spirit

Render Unto God James Newton Poling, 2012-03-01 What marks principles and values from our study of Jesus can guide our reflections about the church and its witness in a world of economic injustice What kinds of principles ought to be part of an ecclesiology in a world where family violence is epidemic So asks author James Poling in his exploration of the role of faith and religious practice as a resource for those who are economically vulnerable to domestic violence In this groundbreaking work Poling focuses his research on women and children in working class and poor communities of three cultures analyzing the forces that define and sustain economic vulnerability and detailing how such vulnerability affects the daily lives of people within these communities He looks at how the church can function as a source of healing and empowerment for persons who are trapped by domestic violence and economic vulnerability and develops models for prevention of violence and of practical ministry for pastoral care of the victims and perpetrators

Trustworthy Connections Anne Winchell Silver, 2004-01-25 Although God is at the center of the process of spiritual direction the more readily visible participants are human beings Like all other people directors and directees are subject to relationship dynamics *Trustworthy Connections* identifies some issues and challenges that can arise in spiritual direction relationships and offers resources for further consideration and reflection The topics and examples are focused on traditional one to one face to face spiritual direction although some are also relevant to group direction and direction by correspondence *Trustworthy Connections* is designed for use as a reference and a springboard for discussion for spiritual directors and anyone else who is interested in spiritual direction Like the process of spiritual direction itself this book is about asking questions discussing ideas and suggesting alternatives rather than giving advice or getting answers
