Pastors Exs Season One:

Ministers of the Gospel, Gifts of the Lord to his Churches; and to be obtained by prayer. A sermon preached at Newbury-port, etc James CHANDLER,1767 **Monographic Series** Library of Congress, **Single Husbands** HoneyB,2009-03-03 A steamy erotic tale from New York Times bestselling author Mary B Morrison writing under the pseudonym HoneyB about three men who marry for all the wrong reasons Herschel Henderson said I do to gain access to his wife s money Lexington Lewis vowed for his better and her worse and Brian Flaw meant until death do we part yet none of them are dedicated to their wives Herschel has a mistress that he sexes more than his wife Lexington is making love to as many women as he can and Brian is sexing women of every ethnicity because he s become bored with his wife The one thing these men do share is the fact that neither of them will give up the sexual freedom they enjoyed as single men **Hidden Enemies in the Ministry** Pastor Ron Keller MA,2023-04-26 The Christian ministry can be so complicated that no pastor is totally prepared for what is about to hit them There are situations that arise one never anticipates Pastor Keller believes he has faced them all and he shares them in his book on Hidden Enemies in the Ministry Keller has had to lock horns over legalism face a charismatic invasion that split his church be fired for doing what he said he would do when he was hired deal with witchcraft and the occult within his own congregation have an outside pastor try to steal his ministry ignorantly allow liberalism to get a foot in the door be accused of immoral behavior and worst of all try to minister when his wife was dying of cancer Keller tells how he dealt with all these situations and does so with other pastors in mind as his desire is to share his lifetime experiences so others do not fall into the same traps Keller is also concerned about the the silent pulpit and the fear of pastors to preach the whole council of God and that includes the moral political issues that are destroying our nation issues like abortion critical race theory the social justice movement Too many pastors are too politically correct in their preaching that their compassion for their flock is more important than telling the truth It has been said of those who have read this book that it ought to be required reading in the practicum department of every Bible college in America Experience gives one far more wisdom for ministry than what is learned in seminary It is my hope and prayer that Hidden Enemies in the Ministry will better equip you to be a more successful servant of Christ in fulfilling His calling on your life *Goodness and the Literary Imagination* Toni Morrison,2019-10-01 What exactly is goodness Where is it found in the literary imagination Toni Morrison one of American letters greatest voices pondered these perplexing questions in her celebrated Ingersoll Lecture delivered at Harvard University in 2012 and published now for the first time in book form Perhaps because it is overshadowed by the more easily defined evil goodness often escapes our attention Recalling many literary examples from Ahab to Coetzee s Michael K Morrison seeks the essence of goodness and ponders its significant place in her writing She considers the concept in relation to unforgettable characters from her own works of fiction and arrives at conclusions that are both eloquent and edifying In a lively interview conducted for this book Morrison further elaborates on her lecture s

ideas discussing goodness not only in literature but in society and history particularly black history which has responded to centuries of brutality with profound creativity Morrison's essay is followed by a series of responses by scholars in the fields of religion ethics history and literature to her thoughts on goodness and evil mercy and love racism and self destruction language and liberation together with close examination of literary and theoretical expressions from her works Each of these contributions written by a scholar of religion considers the legacy of slavery and how it continues to shape our memories our complicities our outcries our lives our communities our literature and our faith In addition the contributors engage the religious orientation in Morrison's novels so that readers who encounter her many memorable characters such as Sula Beloved or Frank Money will learn and appreciate how Morrison's notions of goodness and mercy also reflect her understanding of the sacred and the human spirit

White-Collar Offenders and Desistance from Crime Ben Hunter, 2015-03-24 The MP's expenses scandal in England and Wales and the international banking crisis have both brought into focus a concern about elite individuals and their treatment by criminal justice systems This interest intersects with a well established concern within criminology for the transgressions of such offenders However up until now there has been little sustained consideration of what happens to such offenders following conviction and little discussion of how they attempt to avoid reoffending in the wake of their punishment This study rectifies this omission by drawing upon white collar offenders own accounts of their punishment and their attempts to make new lives in the aftermath of it Detailing the impact of imprisonment on white collar offenders their release from prison and efforts to be successful again this book outlines the particular strategies white collar offenders used to cope with the difficulties they encountered and also analyses the ways they tried to work out who they were in the post release worlds they found themselves in Representing the first sustained qualitative study of white collar offenders and desistance from crime this book will be of interest to academics and students engaged in the study of white collar crime desistance from crime and prison The insights it offers into a particular group of offenders experience of criminal justice would also make it useful for criminal justice practitioners and anyone who wishes to understand the challenges faced by a group of offenders who are assumed to have many advantages when it comes to desisting from crime
