developing reverberation of his character's progress". His base of operation is basically religious. "He reveals knowledge of mystical and esoteric texts, combining spiritual experience and spiritual vision".

The mystical vision echoes the totally different geography of Australia. Australian land is a burned out desert, inimical to modern man. The few novels of Patrick white, "Voss" (1957) and "Riders in the Chariot" (1961), have religious vision and romantic

The Prentice Hall Good Reading Guide Kenneth McLeish, 1988 Patrick White's Fiction Carolyn Bliss, 1986-08-18 This study examines all eleven novels of Patrick White the great Australian writer and Nobel Prize winner It begins from the observation that major characters in his novels undergo a necessary redemptive or facilitating failure This failure paradoxically enables their success within the context of what White has called the overreaching grandeur which circumscribes human existence Evolution of this theme is traced through forty years of White's fiction from his first novel Happy Valley 1939 to his most recent work The Twyborn Affair 1979 Comprehensive in its scope this book is informed by a thorough knowledge of White's poetry plays short stories and autobiography as well as his novels It is also unique in stressing that White's world view derives from a distinctly Australian experience It thus links him to a country in which he is deeply rooted and to a heritage he continued to affirm

Reading Corporeality in Patrick White's Fiction Bridget Grogan, 2019-03-25 In *Reading Corporeality in Patrick White's Fiction* An Abject Dictatorship of the Flesh Bridget Grogan combines theoretical explication textual comparison and close reading to argue that corporeality is central to Patrick White's fiction shaping the characterization style narrative trajectories

and implicit philosophy of his novels and short stories Critics have often identified a radical disgust at play in White's writing claiming that it arises from a defining dualism that posits the purity of the disembodied spirit in relation to the pollution of the material world Grogan argues convincingly however that White's fiction is far more complex in its approach to the body Modeling ways in which Kristevan theory may be applied to modern fiction her close attention to White's recurring interest in physicality and abjection draws attention to his complex questioning of metaphysics and subjectivity thereby providing a fresh and compelling reading of this important world author **The Good Reading Guide** Helen Daniel, 1989
