*Patrons of Women* Esther Hertzog, 2013      *Patrons of Women* Esther Hertzog, 2011-05-01 Assuming that women's empowerment would accelerate the pace of social change in rural Nepal the World Bank urged the Nepali government to undertake a Gender Activities Project within an ongoing long term water engineering scheme The author an anthropologist specializing in bureaucratic organizations and gender studies was hired to monitor the project Analyzing her own experience as a practicing development expert she demonstrates that the professed goal of women's empowerment is a pretext for promoting economic organizational goals and the interests of local elites She shows how a project intended to benefit women through teaching them literary and agricultural skills fails to provide them with any of the promised resources Going beyond the conventional analysis that positions aid givers vis vis powerless victimized recipients she draws attention to the complexity of the process and the active role played by the Nepalese rural women who pursue their own interests and aspirations within this unequal world The book makes an important contribution to the growing critique of development projects and of women's development projects in particular

Prostitution, Pornography and Trafficking in Women Esther Hertzog, Erella Shadmi, 2019-01-15 This book critically analyzes the sex industry in Israel using feminist concepts and scholarship to elaborate on the power of prostitution to shape a world in which women are objects for fulfilling men's desires A comprehensive collection of research based articles that examine prostitution trafficking in women and pornography from divergent disciplinary angles it reveals the interconnectedness of these three aspects of the sex trade which objectifies commercializes and exploits human and in particular women's sexuality Showing these practices to be embedded in a capitalist and patriarchal oppressive context that is accommodated by state institutions this volume rejects the argument that it is possible to choose prostitution and that feminist pornography is possible With case studies including the conspicuous context of migration that attracts sex traffickers the liberal discourse introduced by cinema the media and the arts that serve to legitimate prostitution and pornography the chauvinist macho culture that perceives and treats women as sex objects and the issues of male prostitution and men as clients Prostitution Pornography and Trafficking in Women Israel's Blood Money constitutes a study of Israel as a unique context in which the sex trade can prosper in spite of geographical religious and institutional constraints As such it will be of interest to scholars of sociology anthropology history cultural studies and gender

Nanda R.
