A Maverick's Odyssey: One Doctor's Quest to Conquer Disease Michael Mannion,2007-11-14 Can we quickly alter our health care system so that we can discover new medical breakthrough therapies and make them rapidly available to patients The answer to this critical question is a resounding Yes Dr Stephen L DeFelice has put forthhis creative solution to this critical problem through conferences talks articles books and the efforts of his Foundation for Innovation in Medicine FIM His solution has yet to catch on so its tremendous promise remains to be fulfilled But things may be about to change

dramatically Dr DeFelices answer seems simple at first perhaps too simple Its called Doctornauts the term he coined to describe physicians who can more easily volunteer for clinical studies than the rest of us These physician volunteers can be the subjects in clinical trials that the general public cannot participate in because of legal and ethical concerns Doctornauts has the potential to help patients all over America immediately and immensely This book tells the story of Dr DeFelice and of his life long passion not only to prevent and treat illness but also to conquer disease through his innovative approach to increasing medical discovery and improving medical treatment Perhaps the single most important aspect of the Doctornaut concept becomes evident when it is understood who it will most help you      **Interjections, Translation, and**

**Translanguaging** Rosanna Masiola, 2018-12-05 This book is about interjections and their transcultural issues Challenging the marginalization of the past the ubiquity of interjections and translational practices are presented in their multilingual and cross cultural aspects The survey widens the field of inquiry to a multi genre and context based perspective The quantitative corpus has been processed on the base of topics of relevance and thematization The range of examples varies from adaptation of novels into films from Shakespeare from Zulu oral epics to opera from children s narratives to cartoons from migration literature to gangster and horror films and their audiovisual translation The use of American Yiddish Italian American South African English and Jamaican account for the controversial aspects of interjections as a universal phenomenon and conversely as a pragmatic marker of identity in post colonial contexts      **Forthcoming Books**

Netherland, 2016-05 Part cookbook and part memoir Southern Appalachian Farm Cooking blends staples of farm fresh Appalachian cuisine with stories of life on a large farm in East Tennessee where homemade biscuits and harvest vegetables were the fruits of hard work and meager earnings. Robert G. Netherland begins with the family farm a sprawling sixty acres of fertile rolling hills located in the small town of Surgoinsville Tennessee situated between bends in the Holston River. From there Netherland guides the reader through threshing wheat churning butter sharecroppers and country doctors hunting and hog killing and all the while sharing updated versions of his family's recipes for authentic farm to table food. From biscuits to cornbread freshly shelled beans to red ripe tomatoes and savory meats to the sweetest cherry pies Southern Appalachian Farm Cooking provides the home cook with recipes and historical asides to turn any trip to the farmer's market into a delicious family affair. In sharing his experiences Netherland reminds us of a time when prepackaged and plastic wrapped food didn't line our counters and fill our cabinets but in its place were baskets of seasonal fruit canned vegetables fresh baked breads and hot from the oven cobblers. Southern Appalachian Farm Cooking is more than just a nostalgic memoir of farming and food it's also filled with healthy simple everyday eats for the modern cook. *The Elements of Pizza* Ken Forkish, 2016-04-19 The James Beard and IACP Award winning author of Flour Water Salt Yeast and one of the most trusted baking authorities in the country proves that amazing pizza is within reach of any home cook.
