Paul Through Mediterranean Eyes Cultural Studies In 1 Corinthians

Philip Esler

Paul Through Mediterranean Eyes Cultural Studies In 1 Corinthians:

Paul Through Mediterranean Eyes Kenneth E. Bailey, 2011-09-12 In this groundbreaking study of Paul's first epistle to the Corinthians Kenneth Bailey examines the canonical letter through Paul's Jewish socio cultural and rhetorical background and through the Mediterranean context of its Corinthian recipients **Paul and the Rhetoric of Reversal in 1**

Corinthians Matthew R. Malcolm, 2013-07-25 This book examines why Paul waits until the end of his letter to the Corinthians before mentioning the important theme of resurrection **The Warning-Assurance Relationship in 1**

Corinthians Andrew J. Wilson, 2017-10-27 Paul's first letter to the Corinthians contains both emphatic warnings and strong statements of assurance and the relationship between them has often puzzled interpreters At times it sounds as if Paul is warning the Corinthians lest they forfeit their eschatological salvation at others it sounds like he is assuring them that they will not Attempts to harmonise the two stances have often ended up nullifying the warnings or the assurances or both In this fresh analysis of all the relevant texts Andrew J Wilson demonstrates that Paul's warnings and assurances stand in tension with each other and suggests that this tension is both coherent and in actual fact deliberate on Paul's part Discussions of perseverance and apostasy in Paul's grace and works and the relationship between divine and human agency will all now need to reckon with this important contribution Salvific Intentionality in 1 Corinthians Scott Goode, 2023-07-06 There are few

matters more important than God's mission in the world This book offers a fresh contribution to a long standing debate in Pauline and missional studies regarding the apparent absence of a missionary mandate for the churches of the New Testament Through a literary and socio rhetorical study of 1 Corinthians and in conversation with the emerging discipline of social identity theory this book invites the reader to consider how Paul's missional expectations may have been received and put into practice in first century Corinth by the first readers Along the way some new lines of inquiry are opened for certain texts which have remained for a long time in a state of scholarly stalemate But these technical discussions give way to a larger goal to offer a missiology in action in all its Corinthian complexity Could such an approach inform a robust missional identity for the church of today As the Western church searches for a new self understanding in an increasingly post Christian culture the intention of this book is to cultivate the missional imagination of contemporary believers for their ongoing participation in God's mission in the world **Paul's Corporate Christophany** Rob A. Fringer, 2019-02-28 Paul's

Christophany i.e his Damascus Road Experience has been the subject of much scholarly analysis However treatments of this phenomenon while widely varied have tended to extract the various references from their literary contexts in order to reconstruct the event to discover the foundations and content of Paul's Christology or to analyze Paul's experience of conversion and or call The current study focused on the undisputed Pauline epistles evaluates how and why Paul employed the various Christophanic references in their particular literary and sociohistorical contexts Through this assessment the importance of Paul's Christophanic references as part of his larger arguments is established It is shown how Paul uniquely

shapes the various Christophanic references to fit the needs of his argument and through it the needs of each community Furthermore this study demonstrates that Paul s Christophanic references do not primarily establish his apostolic status or assert his apostolic authority Through this study the corporate nature of Paul s Christophanic references becomes increasingly evident and multiple general conclusions are drawn which provide a possible glimpse into Paul s understanding of his Christophanic experience Loving Our Enemies Through Seasons of Bitterness Lex Kohn,2025-06-30 In a nation crumbling under the weight of bitterness where government is the people s god the way through is neither legislation nor activism but loving the least loveable A study of internet influence conflict theory and nineteenth century wisdom reveals that people do not have to solve their disagreements if they can relearn how to love their enemies as Christ commanded This book highlights courageous men and women of faith from biblical times up through the present who obeyed this commandment the Scriptures they followed and how they managed it so that people today too might learn to substitute love instead of bitterness **The Knowledge of God in the World and the Word** Douglas Groothuis,Andrew I. Shepardson,2022-12-06 Intellectual support for defending your faith Knowledge of God in the World and the Word is a clear and succinct introduction to classical Christian apologetics that also addresses the most common objections to natural theology Amid the crisis of authority in our modern and postmodern era Christians need to be able to point to God s revelation in the natural world in addition to defending God s unique revelation in the Bible and in the person of Jesus Christ Classical apologetics takes a two step approach to commending the Christian picture of reality first establishing arguments for the existence of God and then defending key items of Christian revelation including The reliability of the Bible The identity of the historical Jesus The resurrection of Jesus Christ from the dead With this book you will discover an easy point of entry into understanding why Christian beliefs about Jesus are true and rational Perfect for any Christian who wants to articulate a sophisticated and comprehensive defense of their faith **The Pauline Church and the Corinthian Ekklēsia** Richard Last,2016 This innovative volume is the first English language monograph to compare Paul s Corinthian church with contemporary cult groups from Mediterranean antiquity The Rise and Triumph of Methodism L Alfred Jenkins,E Hope Jenkins,2023-05-30 This book tells the story of how American democracy and early Wesleyan Methodism wed It is the story not of the institutional church but of a concept fathered by John Wesley and American democracy egalitarian universalism Anytime something new appears it needs an engine to push it along Francis Asbury his circuit riders America s early poets and the Black slaves became that engine This book will show how egalitarian universalism as defined by the New Testament became the concept that guided the development of America s new democracy The book will also show how this revolutionary concept was squeezed when the Civil War rushed in Had it not been for the gospel writer and his Luke Acts American democracy and Methodism might have been forever lost **Habits and Holiness** Ezra Sullivan,2021 This comprehensive exploration of Thomas Aquinas s theology of habit takes habits in general as a prism for understanding human action and its

influences and provides a unique synthesis of Thomistic virtue theory modern science of habits and best practices for eliminating bad habits and living good habits

The Early Christian World Philip Esler, 2017-07-20 Since its publication in 2000 *The Early Christian World* has come to be regarded by scholars students and the general reader as one of the most informative and accessible works in English on the origins development character and major figures of early Christianity In this new edition the strengths of the first edition are retained These include the book's attractive architecture that initially takes a reader through the context and historical development of early Christianity the essays in critical areas such as community formation everyday experience the intellectual and artistic heritage and external and internal challenges and the profiles on the most influential early Christian figures The book also preserves its strong stress on the social reality of early Christianity and continues its distinctive use of hundreds of illustrations and maps to bring that world to life Yet the years that have passed since the first edition was published have seen great advances made in our understanding of early Christianity in its world This new edition fully reflects these developments and provides the reader with authoritative lively and up to date access to the early Christian world A quarter of the text is entirely new and the remaining essays have all been carefully revised and updated by their authors Some of the new material relates to Christian culture including book culture canonical and non canonical scriptures saints and hagiography and translation across cultures But there are also new essays on Jewish and Christian interaction in the early centuries ritual the New Testament in Roman Britain Manichaeism Pachomius the Great and Gregory of Nyssa This new edition will serve its readers for many years to come

Epistles from Perpetua Catherine Halsall, 2025-08-08 Who doesn't sometimes encounter problems in their prayer life Who doesn't find it difficult to set aside time to pray regularly Who has difficulty finding the right words to express their needs How can our God answer so many prayers from Christians all over the world reaching out continuously over time *Epistles from Perpetua* attempts to answer some of these queries using examples of people throughout history who have wrestled with their close communication with a heavenly Father Praise and gratitude will bring all to the foot of the Cross to seek and find the healing gifts of comfort consolation and compassion

2 Timothy Paul S. Jeon, 2020-11-09 *2 Timothy* offers a fresh approach to the letter through the use of an innovative chiasmic outline Interacting with the most insightful voices from the past and present this commentary reflects on the aftermath of *1 Timothy* pondering the question of endurance in the face of apostasy What do you do when you lose after having done everything possible to pursue righteousness The apostle answers this question from a uniquely personal and richly theological perspective offering wisdom equally applicable to all today that aspire to live a godly life in Christ Jesus

Paul's Eschatological Anthropology Sarah Harding, 2016-02-01 In this study Sarah Harding examines Paul's anthropology from the perspective of eschatology concluding that the apostle's view of humans is a function of his belief that the cosmos evolves through distinct aeons in progress toward its telos Although scholars have frequently assumed that Paul's anthropological utterances are arbitrary inconsistent or dependent upon parallel views extant in the first

century world Harding shows that these assumptions only arise when Paul's anthropology is considered apart from its eschatological context. That context includes the temporal distinction of the old aeon, the new aeon, and the significant overlap of aeons in which those in Christ dwell, as well as a spatial dimension that comprises the cosmos and the powers that dominate it, especially sin and the Holy Spirit. These eschatological dimensions determine the value Paul attaches to any particular anthropological aspect. Harding examines the cosmological power dominant in each aeon and the structures through which, in Paul's view, these influence human beings, examining texts in which Paul discusses *nous kardia* and *sma* in each aeon.

Luke's Pauline Narrative Graham Jackman, 2019-07-09 This study of the Third Gospel is based on two main ideas: first, that it is Pauline and bears the imprint of the association between Paul and its writer, assumed to be Luke; and secondly, that it is a narrative, a written account that takes the form of a story. As a narrative, it is quite different from the argumentative, conceptual style of Paul's letters. This study illustrates how Pauline themes are translated into the deceptive simplicity of narrative, giving particular attention to the parables.

The Practices of Christian Preaching Jared E. Alcántara, 2019-09-17 Leading homiletician Jared Alcántara offers a practice-centered, collaborative, technologically innovative, next-generation introductory preaching textbook. The book breaks new ground by adopting a practice-based approach to teaching preaching and by using innovative technological delivery to enhance the educational experience of learners. Alcántara introduces the basics of Christian preaching and emphasizes the skills preachers must cultivate throughout their lives. He shows that preachers can learn effective preaching by paying keen attention to five key competencies: conviction, context, clarity, concreteness, and creativity. Featuring the perspectives of a diverse team of collaborators, *The Practices of Christian Preaching* is designed to prepare effective communicators for the church's multicultural future. Callouts in the book direct readers to a companion website for further information or practice. The online resources include audio and video sermons, video responses from the author, and contributions from collaborators, enabling Alcántara to coach students by showing them instead of just telling them. A Spanish language edition is also available.

Accompanied by a Believing Wife Raymond F. Collins, 2013 What light does the New Testament shed on the practice of celibacy for the sake of the kingdom? In his newest work, renowned Scripture scholar Raymond F. Collins turns his attention to the question, which of course has important implications for the church in our own day. Though the answer is not a simple one and it does not necessarily translate automatically into clear contemporary ecclesial policy, it still serves as an important foundation for discussion. Collins gives careful consideration of the methodology to be used in approaching the question and to important aspects of the sociocultural context of first-century Palestine within which the New Testament took form. He then explores what Jesus said to the disciples, several disciples' own statuses as married men, and Paul's teaching and personal example on marriage. Raymond Collins has served the church through his thoughtful and scholarly exegetical work for decades. This latest work of his will long be counted among his best.

New Testament Rhetoric, Second Edition Ben Witherington III, Jason A.

Myers,2022-09-28 Witherington and Myers provide a much needed introduction to the ancient art of persuasion and its use within the various New Testament documents More than just an exploration of the use of the ancient rhetorical tools and devices this guide introduces the reader to all that went into convincing an audience about some subject Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft employed approaches of literary and discourse criticism Familiarity with the art of rhetoric also helps the reader explore non epistolary genres In addition to the general introduction to rhetorical criticism the book guides readers through the many and varied uses of rhetoric in most NT documents not only telling readers about rhetoric in the NT but showing them the way it was employed This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT the value such studies bring for understanding what is being proclaimed and defended in the NT and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction **Theology of the Soul**

Martine C. L. Oldhoff,2024-06-10 Theology of the Soul engages with a thoroughly theological and philosophical subject in fresh and profound ways the soul The author examines the possibility of a concept of the soul in modern Western theology In the second part of the 20th century speaking about the soul was strongly criticized in Theology and Philosophy Consequently many academic theologians consider the word soul problematic Remarkably the word soul is very much present in contemporary culture This book takes cultural notions of the soul as employed by for example Marilynne Robinson and Oprah Winfrey as a point of departure The author then investigates the functions of the soul in classical theologies and provides elucidating overviews of the ways in which the soul is discussed and problematized in contemporary Philosophy and Biblical Studies After introducing the apostle Paul as conversation partner she reconsiders various contemporary concepts from a Pauline perspective and offers a constructive systematic theological proposal to speak of the soul in today s modern theological and cultural contexts This interdisciplinary study integrates continental and analytic methods and discussions on the soul in Philosophy and Theology providing a very comprehensive study of the soul **Sorting through Worldviews**

Rick Kline,2022-03-22 Why do people adopt an overarching view of life that is mentally perilous Does the Christian faith provide answers to the dilemmas of life by giving coherent answers to objections against the faith Discussing the Christian faith with our family and friends can be quite challenging because of the various non religious and religious perspectives except if you know what questions to ask This book takes you on a journey through objections to Christianity with insights on how to listen ask questions and provides commonsense explanations of the Christian faith without reliance on intellectual and academic arguments Sorting through Worldviews is uniquely relevant for Christians who want to calmly and reasonably share their faith with anyone in a casual conversation This book is distinctly timed for anyone curious about Christianity and wants it explained in a way that actually makes sense without a religious judgmental attitude

If you ally infatuation such a referred **Paul Through Mediterranean Eyes Cultural Studies In 1 Corinthians** ebook that will pay for you worth, acquire the extremely best seller from us currently from several preferred authors.
