Paul in Acts and Paul in His Letters Daniel Marguerat, 2013 The reception of Paul in the first century is a highly debated issue Daniel Marguerat defends the position of a threefold reception of Paul in parallel ways documentary biographical and doctoral Marguerat advocates that the value of the phenomena of reception be appreciated in particular the figure of Paul in Acts It should not systematically be compared

to the apostle's writings even though this image evolves from a Lukan reinterpretation. The essays concern the literary and theological construction of the book of Acts focusing on the figure of Paul, his rapport with the Torah, the Socratic model, the Lukan character construction, the resurrection as central theme in Acts, the significance of meals. They also treat themes of Pauline theology: Paul the mystic, the justification by faith, imitating Paul as father and mother of the community and the woman's veil in Corinth.

The Letters of Paul Calvin J. Roetzel, 2009-01-01. This 5th edition has been updated to reflect developments in the scholarship since 1998. It is an introduction to St Paul and his writings aimed at students. Paul the Letter-Writer and the Second Letter to Timothy Michael Prior, 1989-03-01. This study argues for new perspectives on the letters of Paul, especially the Second Letter to Timothy. It examines striking aspects of Paul's letters, especially the fact that many of them are co-authored, that six of them acknowledge that a secretary has penned the letter, and that 1 Timothy, 2 Timothy, and Titus are the only ones addressed to individuals. It investigates the implications of these facts for the concept of Pauline authorship. Prior maintains that the received arguments, statistical as well as literary, which exclude 2 Timothy from the influence of Paul, are less than convincing. The author suggests an original reading of 2 Timothy, arguing it was composed by Paul towards the end of his first Roman imprisonment. Contrary to all interpretations of the letter which argue that Paul was about to be martyred, Prior claims that Paul was confident that he would be released and was assembling a mission team to bring his proclamation of the Gospel to a completion. Timothy's courage and missionary zeal needed rekindling for he and Mark were to be key figures in this new team.

Paul E. P. Sanders, 2015-12-01. E. P. Sanders offers an expansive introduction to the apostle, navigating some of the thorniest issues in scholarship using language accessible to the novice and seasoned scholar alike. Always careful to distinguish what we can know historically from what we may only conjecture, and these from dogmatically driven misrepresentations, Sanders sketches a fresh picture of the apostle as an ardent defender of his own convictions, ever ready to craft the sorts of arguments that now fill his letters.
