B. A. Asiedu,2019-11-20 Paul the apostle and historian Flavius Josephus spent considerable parts of their careers away from Jerusalem They cultivated Roman audiences under very different circumstances Paul with his Letter to the Romans and Josephus with the writings he produced in Rome after the Jewish War Curiously Paul s last visit to Jerusalem coincided with Josephus s entry into public life a period about which Josephus is deliberately silent In Paul and His Letters Thinking with Josephus F B A Asiedu selects themes from Josephus s life to explore Paul s letters and biography that contribute to his uniqueness in Jewish history He highlights for example the need to read Romans 9 11 as aporetic discourse to appreciate Paul as an existential thinker Asiedu considers among other things the authenticity of Paul s letters and offers an alternative to the prevailing scholarly consensus He also maintains that the Pauline collection in the New Testament first took shape in the house of Gaius in Corinth where Paul composed his Letter to the Romans Asiedu also suggests that the traditional view that Luke the physician wrote the Acts of the Apostles is probably a mistake He argues that Titus the Greek the coworker and friend of Barnabas and Paul most likely authored it **Charts on the Life, Letters, and Theology of Paul** Lars Kierspel,2012 This useful contribution by Lars Kierspel provides us with a treasure trove of information on Paul s world life and ministry churches letters and thought All of this is condensed into a format of some 111 charts each covering a different topic related to Paul and his epistles The charts are arranged into four categories covering Paul s background and context his life and ministry his letters and finally his theological concepts Though not completely exhaustive in scope Kierspel covers the main issues in each category such as the religious and political context of Paul s world and the setting of each Pauline letter with brief introductions snapshots of its contents Current scholarly debates about such things as authorship and interpretation of problem passages are treated thoroughly and in a balanced presentation with ample bibliographical notes for further investigation Especially valuable are his treatments of topics of particular current interest and scholarly debate such as the role of women in Paul s churches the meaning of his phrase faith of Christ and the new perspective on Paul to mention but a few John Polhill Southwestern Baptist
