Critical Thinking exercises and Scenario boxes encourage application and problem solving and help prepare students for the case-based portion of the NBDHE. Client Education boxes list teaching points that the dental hygienist may use to educate clients on at-home daily oral health care. High quality and robust art program includes full color illustrations and clinical photographs as well as radiographs to show anatomy, complex clinical procedures, and modern equipment. Legal, Ethical, and Safety Issues boxes address issues related to risk prevention and management. Expert authors Michele Darby and Margaret Walsh lead a team of international contributors consisting of leading dental hygiene instructors, researchers, and practitioners. Imperial Grunts Robert D. Kaplan, 2006-09-12 A fascinating, unprecedented first-hand look at the soldiers on the front lines on the Global War on Terror. Plunging deep into midst of some of the hottest conflicts on the globe, Robert D. Kaplan takes us through mud and jungle, desert and dirt to the men and women on the ground who are leading the charge against threats to American security. These soldiers fighting in thick Colombian jungles or on dusty Afghani plains are the forefront of the new American foreign policy, a policy being implemented one soldier at a time. As Kaplan brings us inside their thoughts, feelings, and operations, these modern grunts provide insight and understanding into the War on Terror, bringing the war which sometimes seems so distant vividly to life.
