**Most Deserving of Death?** Kenneth Williams, 2016-04-15 The role of capital punishment in America has been criticised by those for and against the death penalty by the judiciary academics the media and by prison personnel This book demonstrates that it is the inconsistent and often incoherent jurisprudence of the United States Supreme Court which accounts for a system so lacking in public confidence Using case studies Kenneth Williams examines issues such as jury selection ineffective assistance of counsel the role of race and claims of innocence which affect the Court's decisions and how these decisions are played out in the lower courts often an inmate's last recourse before execution Discussing international treaties and their lack of impact on capital punishment in America this book has international appeal and makes an important contribution to legal scholarship It also provides a unique understanding of the dynamics of an alarmingly problematic system and will be valuable to those interested in human rights and criminal justice

Deserved Death John A. Miller Jr, 2012-09-10 What could be more fun than a deer hunting trip to the mountains near Prescott Arizona in November 1895 At least it seems that way to Southern Pacific Railroad Detective Pima Gallagher his 12 year old stepdaughter Scout Walker and several other family members and friends until one of the group ends up with a knife in the back Complicating matters are a howling blizzard and the sudden appearance of three murdering outlaws With Pima slogging through the snow chasing outlaws and Scout hot on Pima's trail things go from bad to worse until Pima and Scout's survival hangs by a thread Back home in Tucson with the original murder unsolved Scout afraid she's going to be accused of the murder runs away to a nearby mission to hide Finally everything is resolved but not until after a confession of murder

from a most unexpected source      **Ethics for Criminal Justice Professionals** Cliff Roberson, Scott Mire, 2009-12-08

Increasing concerns about the accountability of criminal justice professionals at all levels has placed a heightened focus on the behavior of those who work in the system. Judges, attorneys, police, and prison employees are all under increased scrutiny from the public and the media. *Ethics for Criminal Justice Professionals* examines the myriad of ethical issues facing criminal justice professionals. **The Death Penalty** Roger Hood, Carolyn Hoyle, 2015. The fifth edition of this highly praised study charts and explains the progress that continues to be made towards the goal of worldwide abolition of the death penalty. The majority of nations have now abolished the death penalty and the number of executions has dropped in almost all countries where abolition has not yet taken place. Emphasizing the impact of international human rights principles and evidence of abuse, the authors examine how this has fueled challenges to the death penalty and they analyze and appraise the likely obstacles, political and cultural, to further abolition. They discuss the cruel realities of the death penalty and the failure of international standards always to ensure fair trials and to avoid arbitrariness, discrimination, and conviction of the innocent. All violations of the right to life. They provide further evidence of the lack of a general deterrent effect, shed new light on the influence and limits of public opinion, and argue that substituting for the death penalty life imprisonment without parole raises many similar human rights concerns. This edition provides a strong intellectual and evidential basis for regarding capital punishment as undeniably cruel, inhuman, and degrading. Widely relied upon and fully updated to reflect the current state of affairs worldwide, this is an invaluable resource for all those who study the death penalty and work towards its removal as an international goal.      **Social Death** Jana Králová, Tony Walter, 2018-04-19. Social death occurs when the social existence of a person or group ceases. With an individual, it can occur before or after physical death. Scholars in a wide range of disciplines have applied the concept to very diverse issues, including genocide, slavery, dementia, hospitalisation, and bereavement. Social death relates to social exclusion, social capital, social networks, social roles, and social identity, but its theorising is not united. Scholars in one field are often unaware of its use in other fields. This is the first book to bring a range of perspectives together in a pioneering effort to bring to the field conceptual clarity rooted in empirical data. Preceded by an original theoretical discussion of the concept of social death, contributions from the UK, Romania, Sweden, and Israel analyse the fourth age, end of life policies, dying alone at home, suicide, photographs on gravestones, bereavement, and the agency of dead musicians. This book was originally published as a special issue of *Contemporary Social Science*.      **The Dravidian Night Entertainments** S. M. Natesa Sastri, 1886.      **The Death Penalty as State Crime** Laura L. Finley, 2024-03-27. This book offers a new perspective on the death penalty in the US, examining capital punishment as state crime or state-produced harm. It addresses the death penalty, showing how the state not only authorizes a system and a practice that tortures human beings but is also aware of its deep flaws and chooses not to address them. Building on the vast literature on state crime, together with case examples and interviews with activists seeking to abolish the death penalty, this book offers a new and innovative critique of state punishment in the US. It draws on a range

of issues and topics such as arbitrariness inadequate counsel racial bias mental illness innocence conditions on death row the protocols and the equipment used for executions It emphasizes the need for abolition of the death penalty and highlights efforts being made to do so with a focus on successful elements of abolition campaigns The Death Penalty as State Crime is essential reading for all those engaged with capital punishment human rights and state crime and will be of interest to criminologists sociologists legal scholars and political scientists alike
