**Mother Mining** Janice Wilberg, 2014-04-25 This book is about being a woman trying to be a mother having a family trying to make a family work failing and succeeding Essays run from family estrangement to reconciliation adoption struggles and recognizing the other mothers of adopted children strengthening family ties by fighting the rats in the basement together and realizing that fundamentally we all have it in us to be mothers if that is what we want for ourselves The book is short just 15 essays each chosen because it represents an important event or point of view The stories are not all happy ones Raising children is a long tale that if honestly told has many regrettable chapters Those chapters have great value if for no other reason than they make the happy times truly remarkable instead of common *The Young Prospector, Or, The Search for the Lost Gold Mine* Edwin James Houston, 1906 **Mining American** ,1910 **Gold** Boyle, 2012-12-06 GOLD History and Genesis of Deposits is the product of an effort by the Society of Economic Geologists to publish materials that will expand knowledge concerning timely specific topics important to the study of economic geology and to economic geologists A volume on gold was selected for a general review type publication because of the importance of the gold mining industry in the 1980s The officers and council of the Society of Economic Geologists authorized the preparation of this book on gold in 1981 and Dr Robert W Boyle was selected as its author Dr Boyle has extensive experience in the study of gold deposits He has an international reputation and a broad interest and understanding of the gold mining industry the origin of gold deposits and the history of gold as a metal and ore from prehistoric times to recent Dr Boyle uses important publications on gold deposits as source materials to document the various pathways of geological thought over time to introduce the reader to modern concepts The book contains a wealth of information concerning gold **Mining Science** ,1907 **The Engineering Index** John Butler Johnson, Henry Harrison Supplee, Johannes H.
