## Overview /

CM Labs' Motor Grader Training Pack is the most advanced grader simulation available today. From controls familiarisation and grader positioning, to windrow management, material spreading, and V-ditch creation, operators who train on Virtex<sup>®</sup> simulators develop the aptitude and skills they need to master efficient motor grader operations.

## Key features & benefits /

CM Labs' Motor Grader Training Pack is a complete learning solution for grader operations. It gives trainees the distinctive feeling of pushing soil, essential for an immersive motor grader training experience. It is also the only training solution on the market that allows trainees to learn how to operate a high-precision blade and manage real-life advanced effects such as side-draft, which require specific skills. The training pack also incorporates self-guided learning features, including previews of each training exercise, and best-practice hints.

A progressive learning program covering skills ranging from controls familiarisation to windrow management, material spreading, V-ditch operations, side-draft, and more.

Performance metrics and reporting that provide trainers with objective feedback on operator habits and skills, along with an overall score.

Best-in-Class tower crane simulation that ensures trainees understand how a grader works and learn by feel, as on the real equipment.
