Filippo Carlà-Uhink, Anja Wieber, 2020-02-06 Why is Cleopatra a descendent of Alexander the Great a Ptolemy from a Greek Macedonian family in popular imagination an Oriental woman True she assumed some aspects of pharaonic imagery in order to rule Egypt but her Orientalism mostly derives from ancient Roman and modern stereotypes both the Orient and the idea of a woman in power are signs in the Western tradition of otherness and in this sense they can easily overlap and interchange This volume investigates how ancient women and particularly powerful women such as queens and empresses have been re imagined in Western and not only Western arts highlights how this re imagination and re visualization is more often than not the product of Orientalist stereotypes even when dealing with women who had nothing to do with Eastern regions and compares these images with examples of Eastern gaze on the same women Through the chapters in this volume readers will discover the similarities and differences in the ways in which women in power were and still are described and decried by their opponents Jewish Cemeteries of Mahoning County, Ohio Louis J. Mother Puzzles Mickey Pearlman, 1989-12-11 Despite extraordinary attention within the past five years by novelists, playwrights and critics, the subject of mothers and daughters and motherhood and daughterhood has remained complicated and compelling. *Mother Puzzles* is a unique collection that examines how women who write have dealt with those relationships. Pearlman notes in her introduction that missing mothers—mothers who are physically present but emotionally absent—are often found in works by women. The question this collection addresses is why the mother, as currently portrayed in American literature by women, has moved from sainted marginality to icon to vicious caricature to destroyer to the puzzling figure that emerges here, and why these works are often also about incest and sexual abuse. Among the authors studied are Sue Miller, Tillie Olsen, Marilyn French, Gail Godwin, Mary Gordon, Marsha Norman, and Susan Fromberg Schaeffer. Feminist literary psychological analyses of *Housekeeping*, *Lovingkindness*, *Fierce Attachments*, *Men and Angels*, *Night Mother*, *The Snow Queen*, and *The Good Mother* are included. These essays will interest scholars in American literature, readers of contemporary fiction, and those interested in Women's Studies.

History of the Jewish Community of Schneidemühl Peter Simonstein Cullman, 2006 Peter Cullman spent fifteen years compiling a history of Schneidemühl, today Piła, Poland. The result is a portrayal not only of the Jewish minority but also the community in which it resided. The book begins by describing the slow growth of this tiny Polish town and the arrival of Jews in the 16th century. The reader is provided a detailed account of the synagogues, the arrival of rabbis, and the changing nature of this community against a background of major European historical events. As a result of his painstaking research, the author was able to trace the fate of most members of the Jewish community as it existed in the 1930s, many of whom could emigrate in time, and others who ultimately perished in the Holocaust. What is unusual in the book are the detailed person-by-person chronologies of many as they were deported, sent to various towns, labor camps, and hospices, and their ultimate fate. An annotated Jewish burial register, 1854-1940, lists the names of more than nine hundred persons. Today, nothing remains of Jewish Schneidemühl, but the book brings to life what once was a small but vibrant and notable Jewish community. Publisher description.
