### **The Northern Moon Node the Message**

**from Beyond** Mr Sebastian van Wingerden, 2017-09-13 This in depth work describes the system of Carteret how you receive a life purpose the northern Moon node from the celestial guides before you get on the earthly plane and how this message works throughout your life in a sequence of 7 year cycles Your life purpose is a result of your past life experiences the southern Moon node In your youth you get disappointed in your life purpose and abandon it For two 7 year cycles you trust on your southern Moon node qualities to keep your head up After that and after you cracked Pluto you start to live up to your original life purpose again Together with your divine intuition the black Moon Lilith everyone is able to reach completeness for eternity The Moon s nodes are explained in a very practical way in the houses and in conjunction aspect so that everyone can discern their own life destination and the phase they are in This book is full of information you cannot find from other sources and will be of interest to beginners and practicing astrologers alike It was written after 15 years of investigation and experience Sebastian van Wingerden describes a lot of past life session and angels experiences in his rich practice of hypnotherapist to illustrate the working of the Moon nodes The Moon s north node in the horoscope is a powerful indicator of our life purpose This book provides a fascinating background story for the life path in the natal chart The north node in each of the 12 houses is described in detail with case histories from reincarnation sessions with actual clients More than 200 pages are devoted to the northern Moon node in the houses The next nearly 100 pages give interpretations for the planets Mercury through Pluto and the luminaries the Sun and Moon when in conjunction with the northern Moon node Conjunctions are the most powerful aspects in any chart and are the simplest aspects for a beginner to identify The introductory chapters of this book are an added bonus The chart reading system of French philosopher Jean Carteret is described in detail Carteret proposed the use of six spiritual points which together help to delineate the soul s purpose on Earth Carteret is not known to have written down any of his ideas The Moon s nodes and the Black Moon Lilith are included among Carteret s six spiritual points Through hypnotic regression of clients Wingerden gained great insight into the soul s journey between lives and how each lifetime is arranged to obtain specific benefits The first 100 pages of this book are devoted to describing how reincarnation works Wingerden goes into the timeline calculations for the entire lifespan as defined by the progressive new and full moons The concept of cracking Pluto is also mentioned as part of Carteret s system of interpretation This portion of the book will be of greater interest to the professional astrologer as it uses more technically advanced methods One of the most fascinating features of this book is the detailed stories of past lives which Wingerden has uncovered during client sessions using hypnotic regression techniques Possibly the most controversial idea presented by Wingerden concerns retrograde Mercury and reincarnation refusal This portion of the book highlights the long term effects that severe abuse and trauma can have on the evolving soul This book about the northern Moon node is the foundation of Wingerden s trilogy which also includes a book about cracking Pluto and another about the Black Moon Lilith Together these three books expose Carteret s astrological system in a way that is not easily found elsewhere Wingerden s trilogy provides a solid foundation for

an in depth psychological reading of any birth chart In the year 2017 he has published his book Cracking Pluto and in the year 2018 his book about the black Moon Lilith will shine its light to complete his trilogy about the system of Carteret
